EXECUTIVE SUMMARY

Muzaffargarh is a small town 34 KM away from Multan. it is situated in the south of the province of Punjab at River Chenab on its West Bank. On its North it is bounded by District Layyah, District Dera Ghazi Khan on its West and District Bahawal Pur & Rahim Yar Khan on its South and South west respectively. Muzaffargarh is spread over an area of 2052571 acres. Much of the area is dry or arid and consists of Sand tunes and barren land known as the Thal area. Other parts of the district whether flooded from the rivers or irrigated by inundation canals in less dry. The area is characterized by the following terrains (i) Plain / fertile Area, (ii) Riverine Belts and (iii) Sandy terrains. The local governments have a key role in identifying and understanding the hazards and risks that could impact on the safety and sustainability of their communities.

AIM AND OBJECTIVES

The plan is aimed to manage emergencies by putting in place requisite mitigation measures and a well-coordinated and integrated response at district level.

The main objectives of the plan include:

- To develop a plan of action for the District Disaster Management Authority and other district stakeholders to set priorities and provide directions for disaster management;
- To define the roles of various stakeholders in disaster management in all the phases pre, during and after disaster;
- To raise awareness of stakeholders about disaster risks and the requirements for disaster management;
- To introduce coordination mechanism for immediate response and rehabilitation at district level;
- To enhance the effectiveness and timeliness of emergency response through the clarification of goals, strategies, roles and responsibilities;
- To strengthen response coordination between government departments and humanitarian organizations (UN agencies, I/NGOs);

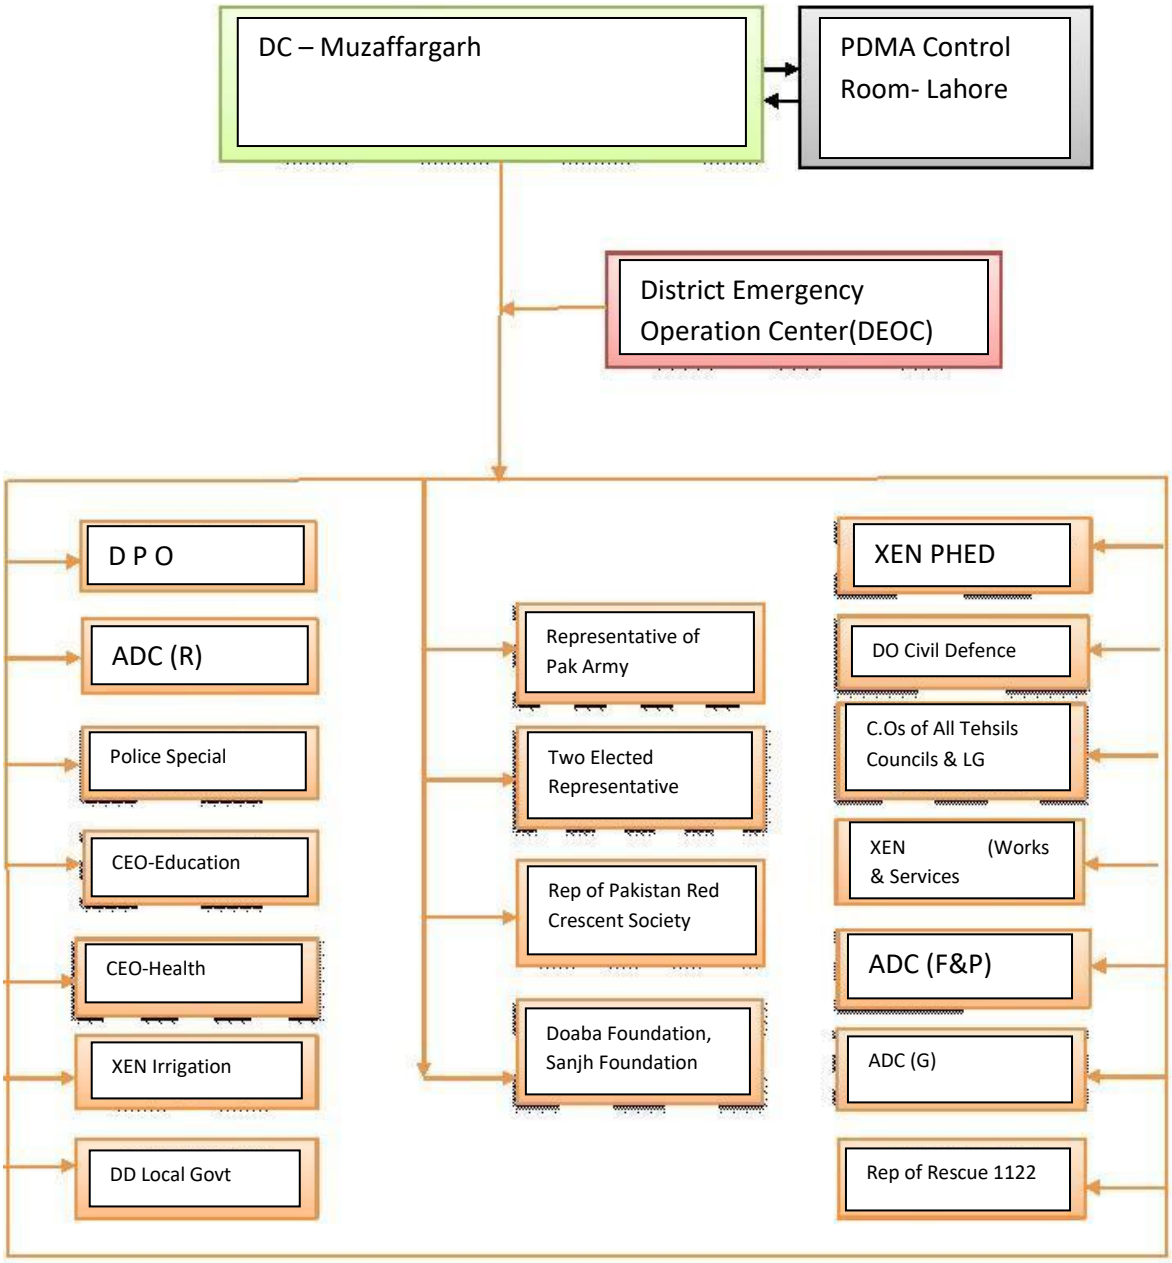
COORDINATION MECHANISM

Coordination Organogram (including Sector lead agencies/departments, Military, NGOs and Volunteers)



Powers and functions of District Disaster Management Authority under NDM Act 2010:

The District Authority shall be as the district planning, coordinating and implementing body for disaster management and take all measures for the purposes of disaster management in the district in accordance with the guidelines laid down by the National Authority and the Provincial Authority.

Without prejudice to the generality of the foregoing provisions, the District Authority may:

a) prepare a disaster management plan including district response plan for the district;
b) coordinate and monitor the implementation of the National Policy, Provincial Policy, National plan, Provincial Plan and District Plan;
c) ensure that the areas in the district vulnerable to disasters are identified and measures for the prevention of disasters and the mitigation of its effects are undertaken by the departments of the Government at the district level as well as by the local authorities;
d) ensure that the guidelines for prevention, mitigation, preparedness and response measures as laid down by the National Authority and the Provincial Authority are followed by all departments of the Government at the district level and the local authorities in the district;
e) give directions to different authorities at the district level and local authorities to take such other measures for the prevention or mitigation of disasters as may be necessary;
f) lay down guidelines for preparation of disaster management plans by the departments of the Government at the districts level and local authorities in the district;
g) monitor the implementation of disaster management plans prepared by the departments of the Government at the district level;
h) lay down guidelines to be followed by the departments of the Government at the district level;
i) organize and coordinate specialized training programmes for different levels of officers, employees and voluntary rescue workers in the district;
j) facilitate community training and awareness programmes for prevention of disaster or mitigation with the support of local authorities, governmental and non-governmental organizations;
k) set up, maintain, review and upgrade the mechanism for early warnings and dissemination of proper information to public;
l) prepare, review and update district level response plan and guidelines;
m) coordinate with, and give guidelines to, local authorities in the district to ensure that pre-disaster and post-disaster management activities in the district are carried out promptly and effectively;
n) review development plans prepared by the departments of the Government at the district level, statutory authorities or local authorities with a view to make necessary provisions therein for prevention of disaster or mitigation;
o) identify buildings and places which could, in the event of disaster situation be used as relief centres or camps and make arrangements for water supply and sanitation in such buildings or places;
p) establish stockpiles of relief and rescue materials or ensure preparedness to make such materials available at a short notice;
q) provide information to the Provincial Authority relating to different aspects of disaster management;
r) encourage the involvement of non-governmental organizations and voluntary social-welfare institutions working at the grass root level in the district for disaster management.
s) ensure communication systems are in order and disaster management drills are carried out periodically; and
t) perform such other functions as the Provincial Government or Provincial Authority may assign to it or as it deems necessary for disaster management in the district.

District Plan:

a) There shall be a plan for disaster management for every district of the Province.
b) The District Plan shall be prepared by the District Authority having regard to the National Plan and the Provincial Plan.
c) c) The District Plan shall be reviewed and updated annually.

Additional Powers of District Authority:

For the purpose of assisting, protecting or providing relief to the community, in response to any disaster, the District Authority may:

a) give directions for the release and use of resources available with any department of the Government and the local authority in the district;
b) control and restrict vehicular traffic to, from and within, the vulnerable or affected areas;
c) control and restrict entry of any person into, his movement within and departure from, a vulnerable or affected area;
d) remove debris, conduct search and carry out rescue operations;
e) provide shelter, food, drinking water and essential provisions, healthcare and services;
f) establish emergency communication system in the affected area;
g) make arrangements for the disposal of the unclaimed dead bodies;
h) direct any department of the Government of the Province or any authority or body under the Government at the district level to take such measures as are necessary in its opinion;
i) require experts and consultants in the relevant fields to advise and assist as it may deem necessary;
j) procure exclusive preferential use of amenities from any authority or person;
k) construct temporary bridges or other necessary structures and demolish structures which may be hazardous to public or aggravate the effects of the disaster;
l) ensure that the non-governmental organizations carry out their activities in an equitable and non-discriminatory manner; and
m) take such other steps as may be required or warranted to be taken in such a situation.

Revenue Department (Functions and Responsibilities)

In case of any disaster or calamity the head of the revenue department in the district i.e. the DC/DC should ensure that the following measures and steps have been taken:

- Taking everyone on board is perhaps the most important thing to do. Regular meetings of DDMA should be held to clearly highlight the roles and duties of DPOs, EDOs, XENs etc.
- Pre-flood meeting should be held and duties of all concerned officers and departments should be clearly defined and assigned.
- A district disaster management plan should be prepared using the set template and updated regarding any disaster or emergency that may strike the district.
- A focal person for the disaster or calamity should be nominated and his/her number should be communicated to all concerned departments.
- Proper stock taking should be done regarding available stocks of food and rations. Similarly stock regarding machinery and equipment should also be taken and inventories should be prepared. Out of order machinery should be repaired or replaced.
- Committees should be formed and constituted which will deal with various functions during a flood or emergency. Purchasing of food items, food, and machinery should all be done through committees.
- Identification of Low lying, medium and high vulnerability levels with flood level
- In case of evacuation the district administration should be very clear about the places where the relief camps or shelters will be established. Teams should be formulated which will look after these camps and will be in-charge for provision of tents, food, water and maintaining general law and order. Provision of cooked food is also to be ensured.
- Proper ware houses and stores should be made available for storing of aid and donated items that may be received from authorities such as PDMA, WFP etc. A committee should be constituted to look after the record of all the items in the store.
- Proper crop surveys or girdawaris should be conducted through the revenue officials so that crop damage assessment can be made after disaster or flood affects the district. These surveys will also help in determining the identity of the true owners as well.

- Post damage assessment should be carried out by joint teams constituted of patwaris, teachers, and agriculture field assistants. Technology should be involved and android sets should be used to gather accurate data.
- Round the clock active control rooms should be set up and the numbers be circulated to all concerned. The control rooms should be equipped with wireless, telephones and computers. All info gathered or received should be conveyed to the concerned. The control room should have representatives of concerned departments such as police, health, 1122, and revenue.
- Early warning is critical in saving lives. The local revenue officials along with local police should be deployed to warn the people against the oncoming disaster and to urge them to vacate the disaster prone areas and villages. Loudspeakers, mosque speakers and word of mouth should be used. Banners and posters can also be used.
- Data collection is of prime importance and the senior network administrator should be declared as the focal person for collection of relevant information such as number of causalities, damages to infrastructure, injured, perished livestock etc. for onward submission to PDMA etc.
- Mock exercises should be carried out along with all concerned departments specially 1122, Police, civil defence and Pakistan army regarding the action plan during any emergency or flood. This will give a fair idea about the preparedness of the district.
- Availability of vehicles should be ensured for use during any emergency especially off road vehicles like jeeps.
- Suitable locations should be identified for accommodating armed forces like the Pakistan army. Normally schools, colleges or stadiums are allocated for the armed forces

Checklist for Revenue Department:

- ☐ Survey of entire District (Preparation of Village level information by Patwari)
- ☐ Identification of Low lying, medium and high: vulnerability levels with flood level
- ☐ Liaison of Patwari with Numberdars of their respective villages
- ☐ Contacts of all revenue staff posted near river belts and their output in flood prone areas
- ☐ List of Numberdars with their contacts, volunteer from low lying settlements with contact numbers
- ☐ Prepare list of vulnerable villages and make an estimate of likely affected population in such villages in the event of flood
- ☐ Name and contact numbers of private boat owners and operators Announcement of Flood Warning at settlement level – Patwari responsible Forced evacuation with police
- ☐ Rapid assessment for relief goods and ration provision Coordination and reporting
- ☐ Carry out survey of entire flood affected areas to assess losses in collaboration with Agriculture, Livestock and Education Department
- ☐ Conduct crop damaged/ house damaged surveys

Tehsil Councils, Municipal Corporation, Municipal and Town Committees

- Tehsil Council, Municipal Corporation, Municipal and Town Committees play an important role of providing municipal services in the district including clean drinking water, sanitation facilities, maintenance of parks and removal of encroachment etc.
- Tehsil Council, Municipal Corporation, Municipal and Town Committees will provide assistance to the District Government for setting up and management of relief camps/ operations.
- Tehsil Council, Municipal Corporation, Municipal and Town Committees are responsible for provision & restoration of water and sanitation facilities in their municipalities besides disposal of waste or rain water/sewerage.
- Tehsil Council, Municipal Corporation, Municipal and Town Committees are equipped with trucks, water bowsers, tractors, dewatering sets, bulldozers, loaders and dump trucks. All these equipment are utilized to restore proper sanitary facilities, ensure the delivery of clean water and remove debris or excess water.
- Tehsil Council, Municipal Corporation, Municipal and Town Committees sanitary workers can be employed for cleaning relief camps, or other such areas which has been affected by any disaster.
- Tehsil Councils, Municipal Corporation, Municipal and Town Committees employ de-watering sets to remove excess water. All Tehsil Council, Municipal Corporation, Municipal and Town Committees are required to
-

- ensure the maintenance of all dewatering sets prior to the monsoon season. The TMA maintains a list of all the choking points where rainy water accumulates as a result of heavy storms which can cause urban flooding.
- Local Government Departments should ensure supply of clean drinking in overhead reservoirs and ensure supply to the affected areas or relief camps through water bowsers. Clean drinking water is a major issue and requirement during any disaster.
- In case of any disaster that requires people to be relocated, the TMA under the concerned Administrator i.e ADC(REV)/AC will assist in the migration of the affected people.
- During the relief effort and subsequent rehabilitation effort the local Tehsil Council, Municipal Corporation, Municipal and Town Committees manpower can be effectively used for the distribution of food and essential commodities among evacuated people or any other relief activity such as provision of cash compensation.

District Disaster Management Authority (DDMA)

- DDMAs are created under the NDM Act 2010 under Chapter IV Section 18 and the law defines their composition and also outlines their functions, duties and powers.
- District Disaster Management Authorities are the first line of defense and the implementing arm of the government policy and plans. Within the district there are three to four key players/departments that have to put up a joint and coordinated effort in order to fight with and handle any disaster under the leadership and coordination of the DC. The office of the DC fully supported by the DPO and line departments such as Health, Agriculture, Livestock, Civil Defence, 1122, Tehsil Council, Municipal Corporation, Municipal and Town Committees and the Revenue Department form the main disaster management team within any given district. This plan is an effort to highlight their sets of responsibilities followed by the role of provincial departments.
- All district administrations had prepared a detailed contingency plan to face any disaster or hazard specially floods which until recently have become an annual affair for some districts.
- The district administration will divide the area as per district division with the Assistant Commissioner as in charge of his/her tehsil. All disaster related activities in a said tehsil will be coordinated through the concerned AC and the Tehsil Council, Municipal Corporation, Municipal and Town Committees.
- On receipt of a flood warning, immediate warning will be conveyed to all the concerned officers. Immediate action will be taken in each sector / sub sector for evacuation of the population from risk prone areas to safer places or to Relief Camps. An Assistant Commissioner will ensure that announcements are made through loudspeakers of the mosques utilizing the services of the Revenue department. Each Patwari will inform the Numbardar, Headmaster of the School, Imam Masjid and councillors to make announcements etc.
- The tactical operations would be headed by the Additional Deputy Commissioner (Rev). The ADC(REV) would be responsible for coordinating and supervising the disaster control and relief measures in the district.
- Provincial government had notified the following composition of DDMAs for whole of the province:

i. **Deputy Commissioner (Chairperson)**
ii. District Police Officer
iii. Additional Deputy Commissioner (Rev)
iv. Two Elected Representatives to be nominated by the Chair
v. Representative of Pak Army
vi. Two Representatives of NGOs/Civil Society to be nominated by the Chair
vii. Addl. Deputy Commissioner (Gen)
viii. Addl. Deputy Commissioner(F&P)
ix. XEN (Works & Services)
x. CEO (DHA)
xi. CEO (DEA))
xii. Deputy Director (LG&CD)
xiii. SP Special Branch
xiv. XEN Irrigation / Public Health
xv. Civil Defense Officer

xvi. Administrators of Tehsil Councils
xvii. All Tehsil Councils,
xviii. District Emergency Officer, Rescue 1122 (Secretary)
xix. Representative of Red Crescent
xx. Such other District level Officers to be appointed by District Government

- District Governments must establish a Disaster / Flood control room at the DC's office, the numbers of which will be circulated to all concerned. The Disaster / Flood Control Room has to maintain updated information regarding the threat of disaster and statistics post disaster. The center will maintain a regular communication with the Flood Forecasting Division or the dam authorities up stream in case of a flood.
- The District Government would immediately mobilize the equipment needed to tackle the challenges created by a disaster. The District Governments will provide a comprehensive list of flood fighting equipment to PDMA as part of their flood contingency plans.
- Chief Executive Officer (DHA)will ensure the availability of adequate medicines for treatment of common issues, particularly for snake and dog bite cases and general vaccines at each relief camp.
- DD (Agriculture) and AD Livestock would arrange fodder and feed supplement for livestock and animals displaced.
- District Regional Transport Authorities (DRTA) in all 36 districts of Punjab are managed by Secretaries who would coordinate with local transporters to arrange for arranging transport required for evacuation of people from affected areas. In case of shortfall in transport in a particular district, the adjoining district would mobilize the transporters in his district to assist with the evacuation of people.

Role of Rescue 1122 in districts during disaster

- The immediate evacuation of people from the disaster prone and vulnerable areas.
- Provision of immediate medical aid during any emergency and at the same time transporting the injured or sick to the nearby hospital through their team of ambulances.
- In flood situations rescuing people from drowning in the strong currents is a specialty of 1122 as it has its own set of divers and boats. Similarly, in case of collapsed buildings or structures the 1122 is equipped with heavy machinery to cut through heavy debris.
- Apart from that responsible deployment of fire fighters, cordoning of hazardous areas, provision of first aid and medical treatment, immediate search and rescue of victims and management of the pre-hospital emergency system.
- Rescue 1122 is well trained in setting up medical camps for provision of emergency medical treatment. These camps are setup by Rescue 1122's doctors and paramedic staff.

Pre-disaster Check list for DDMA

- ☐ Meeting of DDMA held
- ☐ Identification of vulnerable areas
- ☐ Identification of Safe places
- ☐ Preparation of contingency plan
- ☐ Bunds and encroachments visited
- ☐ Sites identified for relief camps Evacuation routes/plan
- ☐ Safe custody of Government records and essential equipment and their shifting to safer areas on receipt of flood warning
- ☐ Enlistment of department wise available resources
- ☐ Preparation of list of required relief goods/ items
- ☐ Involvement of Volunteers, NGOs and other CSOs

- Designation of Focal Person
- Preparation of District vulnerability map with varying degrees of floods
- Evacuation well in time from vulnerable areas
- Establishment of Camps – All services under one roof
- Flood warning and weather forecast: Loudspeakers announcements
- Establishment of control rooms
- Cancellation of all type of leaves of all employees Designation of Focal Persons
- Assignment of duties and responsibilities of all officers for flood emergency
- Preparation of Telephone Directories with the cell numbers of all the members of DDMA's and volunteers
- No leave during flood days; No official will leave station

Disaster Emergency Control Room (functions and responsibilities)

Disaster/Flood Control Room has been established under the supervision of Additional Deputy Commissioner (Rev), Muzaffargarh. With Telephone No. 0669200257-258. On the receipt of information of Flood from NDMA/PDMA & Metrological Department, said information will immediately be conveyed to the Focal Person (ADC(REV)) and all concerned for alert and necessary action.

Checklist for Control Room:

- Dedicated Staff as per magnitude of the disaster
- Duty roaster of the staff
- 2 Dedicated telephone lines
- Dedicated Fax
- Wireless
- Internet and Email or any other source of communication
- Power backup

Checklist for Relief Camp Incharge:

- List of staff displayed with name and department teams will work in shifts
- Presence of representatives of all service providers i.e. Health, livestock, Rescue 1122, Civil Defence etc.
- No movement without the permission of Centre Incharge
- Each shift in-charge to contact District Control Room on arrival and then on departure
- In-charge will keep close liaison with SHO of the respective area
- No of affectees in camp (sick, aged and children) shall be communicated daily
- Availability of at least one emergency vehicle at center be ensured
- Keep record of private boat owners and their contacts details
- List of Doctors and private hospital in the vicinity
- List and contact of philanthropists in the vicinity
- Keeping record of donations coming directly to Centre and report the same to Tehsil and District Incharge.
- Centre Incharge shall ensure vaccination of animals and humans against Communicable diseases
- List of missing persons must be displayed at all Relief Camps

Role of Health Department

The public sector health delivery system comprises of four tiers and as such will continue to provide services at these four tiers during and after any disaster:

Outreach and Community Based Activities, which focus on immunization, sanitation, malaria control, maternal and child health, and family planning. Primary care facilities include BHUs, RHCs. THQs and DHQs provide inpatient and outpatient care. Tertiary care hospitals located in the major cities for more specialized care.

In case of any disaster or calamity the health department will ensure that the following measures are in place;

- To provide first aid to the injured people and arrange evacuation of patients for further assistance.
- Medical camps and mobile health teams should be arranged for prevention and control of communicable diseases, immunization and provision of essential drugs.
- Health department would make a roster of all medical officers and paramedics that would be deployed to

these camps and teams.

- Drugs and other medical equipment should be available at all these camps and with mobile teams. The medicine should be for relevant flood related issues, **particularly Anti-snake venom, Anti-rabies.**
- The shelters or relief camps established by the district administration should have medical centers with ambulances and special facilities for women and children.
- An emergency control room will be established in the office of Directorate General Health Services and a representative of this emergency control room would be designated to PDMA's control room.
- A list of essential medicines would be prepared by the Health department and it would ensure that medicines and other resources are present in sufficient stocks in hospitals in disaster hit areas.
- Medical colleges may be involved to create Emergency Response teams
- Health department would also coordinate with international organizations such as WHO and UNICEF.
- Extensive disease surveillances in the disaster hit areas should be carried out warnings if needed be issued through the Disease Early Warning System.
- Medical teams and paramedic staff should be mobilized and deployed for rapid assessment and quick response in the affected areas.
- A contingency plan will be prepared and submitted regarding preparedness for any disaster or calamity.
- The National Disaster Management Authority has designated WHO as the key organization that will fill the gaps in the supply of medicines, rapid diagnostic kits, and vaccinations etc.
- The department would employ female health workers in emergency areas specially, for spreading awareness regarding health risks in a disaster and for any vaccination or immunization programme that may be needed during any emergency.
- A Health and Nutrition Cluster for overall management and oversight of Health department's disaster response would be formed at the Directorate General Health office.
- In case the medicine stocks or even the infrastructure is damaged due to floods, the department would draw up a plan for early recovery of health infrastructure and service delivery.

Civil-Military Coordination Mechanism

The DC is responsible for all the coordination with Military. As the situation demands, the Deputy Commissioner communicates and request for Mobilization and Demobilization of Army Troops through the procedure defined by the Provincial Government. District Government is responsible for facilitation of Army Troops deployed within Area of Emergency.

Volunteer Network

E.g. how many registered volunteers, how to activate them, who will coordinate with them etc.

District Officer Social welfare is focal person for the coordination with the INGOs/NGo. He will be responsible for collection/ deployment of Volunteers, collection of details of machinery/equipments available with the INGOs/NGOs and prepare a plan for the utilization of these equipments with the consultation of Rescue 1122

RISK ANALYSIS

1. Potential hazards of the District

Hazards	Likelihood (Score 1-5)	Impact (Score 1-5)	Risk
Floods	4	5	20
Urban Flooding			
Flash Floods			
Hill Torrent			
Glacial Lake Outburst Flood (GLOF)			
Landslide			
Tornado			
Earthquake	2	2	4

Drought	3	3	9
Epidemic	3	4	12
Fire Incidents	3	3	9
Other Major Accidents (Building Collapse, road traffic accidents, train accident, Stampede, plane crash)	2	3	6
Environmental Hazards (industrial accidents, severe pollution etc.)	3	3	9

Risk = Impact x Likelihood

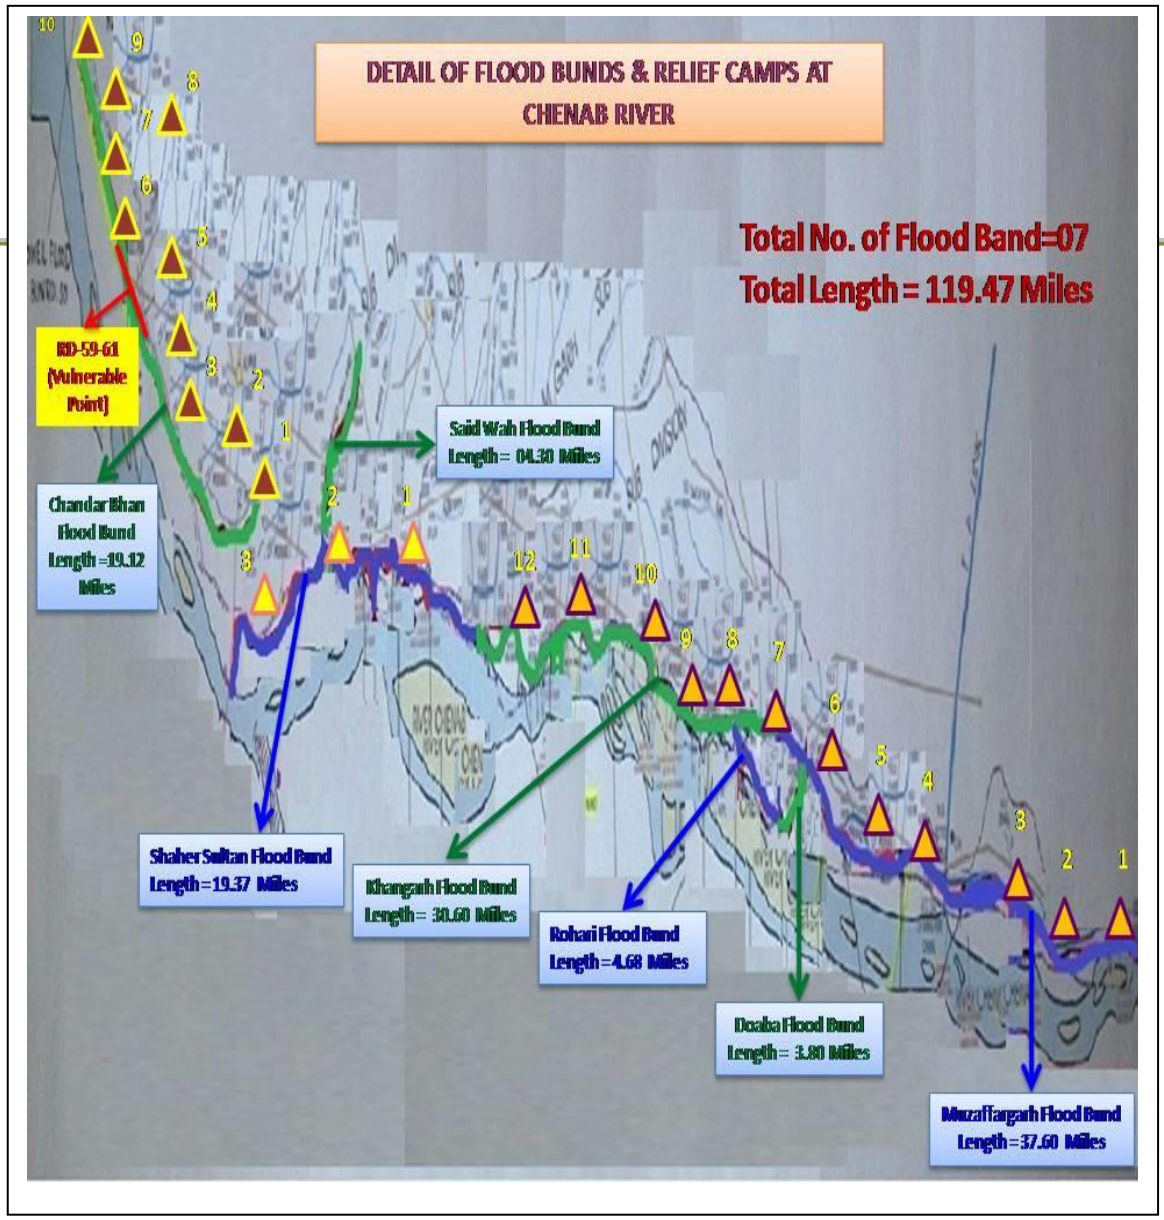
Low	:	1-7
Medium	:	8-14
High	:	15-25

2.Hazards

- *Disasters occurred over the past two to three decades and their impact on communities and development sectors*
- *Provide a brief description of the hazards being planned for (medium and high risks), including potential location that could be affected;*
- *Briefly outline the triggers*

Hazard mapping plans Risk reduction plans are readily available with District Disaster Management Authority.

District detail map with vulnerable points, hazards, planned camps, health facilities, warehouses etc.



3.Response & Operational Capacity

Briefly describe the existing response capacities in District (including government and NGO partners)

At Government level DDMA, Rescue 1122 and Civil Defense have their plans ready, needs and shortfalls have been identified in their plans, duly communicated to competent authorities. Other line departments act according to instructions received from Flood Control center, all NGO working in the district response strategy is shared with District Government.

4. Strategic Reserves

Items	Available	Functional	Non-Functional	Extra Demand
Boats	33	Functional		
OBM	36	Functional		
De-watering sets	42	22	20	
Navigators				
GIS devices				
Life Jackets	556	Functional		400
Life Ring	0			100
Life Lines	0			100
Scuba diving suit with complete accessories	0			10
First Aid Kits	0			100
Rescue Bag	15	Functional		100
Safety Harnesses	0			10
Ambulances	27	Functional		
Fire Brigade	05	Functional		
Water Tanks / Bouzers	09			
Extendable Ladders	01	Functional		03
Hydraulic Cutter	03	Functional		03
Sonar Rader				
Jumping Sheet	01	Functional		03
Dumpers				
Excavators				
Cranes				
Bulldozer	12	10	2	
Boat Carrier/Trolleys	02	Functional		02
Pickups/Jeeps/4x4 vehicles/Mini Trucks	1			01
Searchlight	80	Functional		
Tent	120			
Mosquito Net	335			
Plastic Mat	900			
Blanket				
Any other main relief/rescue equipment(Solar Palates	0			
Generator Sets				
Gas-Cutters				
Sonar Radars				
Scuba Diving Set	05			
Navigator/GPS Tracker				
Hydraulic Cutter				
Floating Rope	0			500 Mtr

5.Gaps and Constraints

- *Briefly outline the capacity gaps in the provision of rescue and response;*
- *Describe major obstacles to providing humanitarian assistance (security, access constraints, administrative obstacles, logistics, etc.)*

Logistic obstacles faced by District Govt time to time, different sort of equipment as mentioned above is missing and request sent to concerned office, technical man power is another bottle neck especially at the time of disaster.

MITIGATION STRATEGY

✓ Briefly describe what measure could be taken to reduce the impact of the potential disasters.

✓ Strategic pre-positioning of available relief stocks

✓ Public education and community awareness

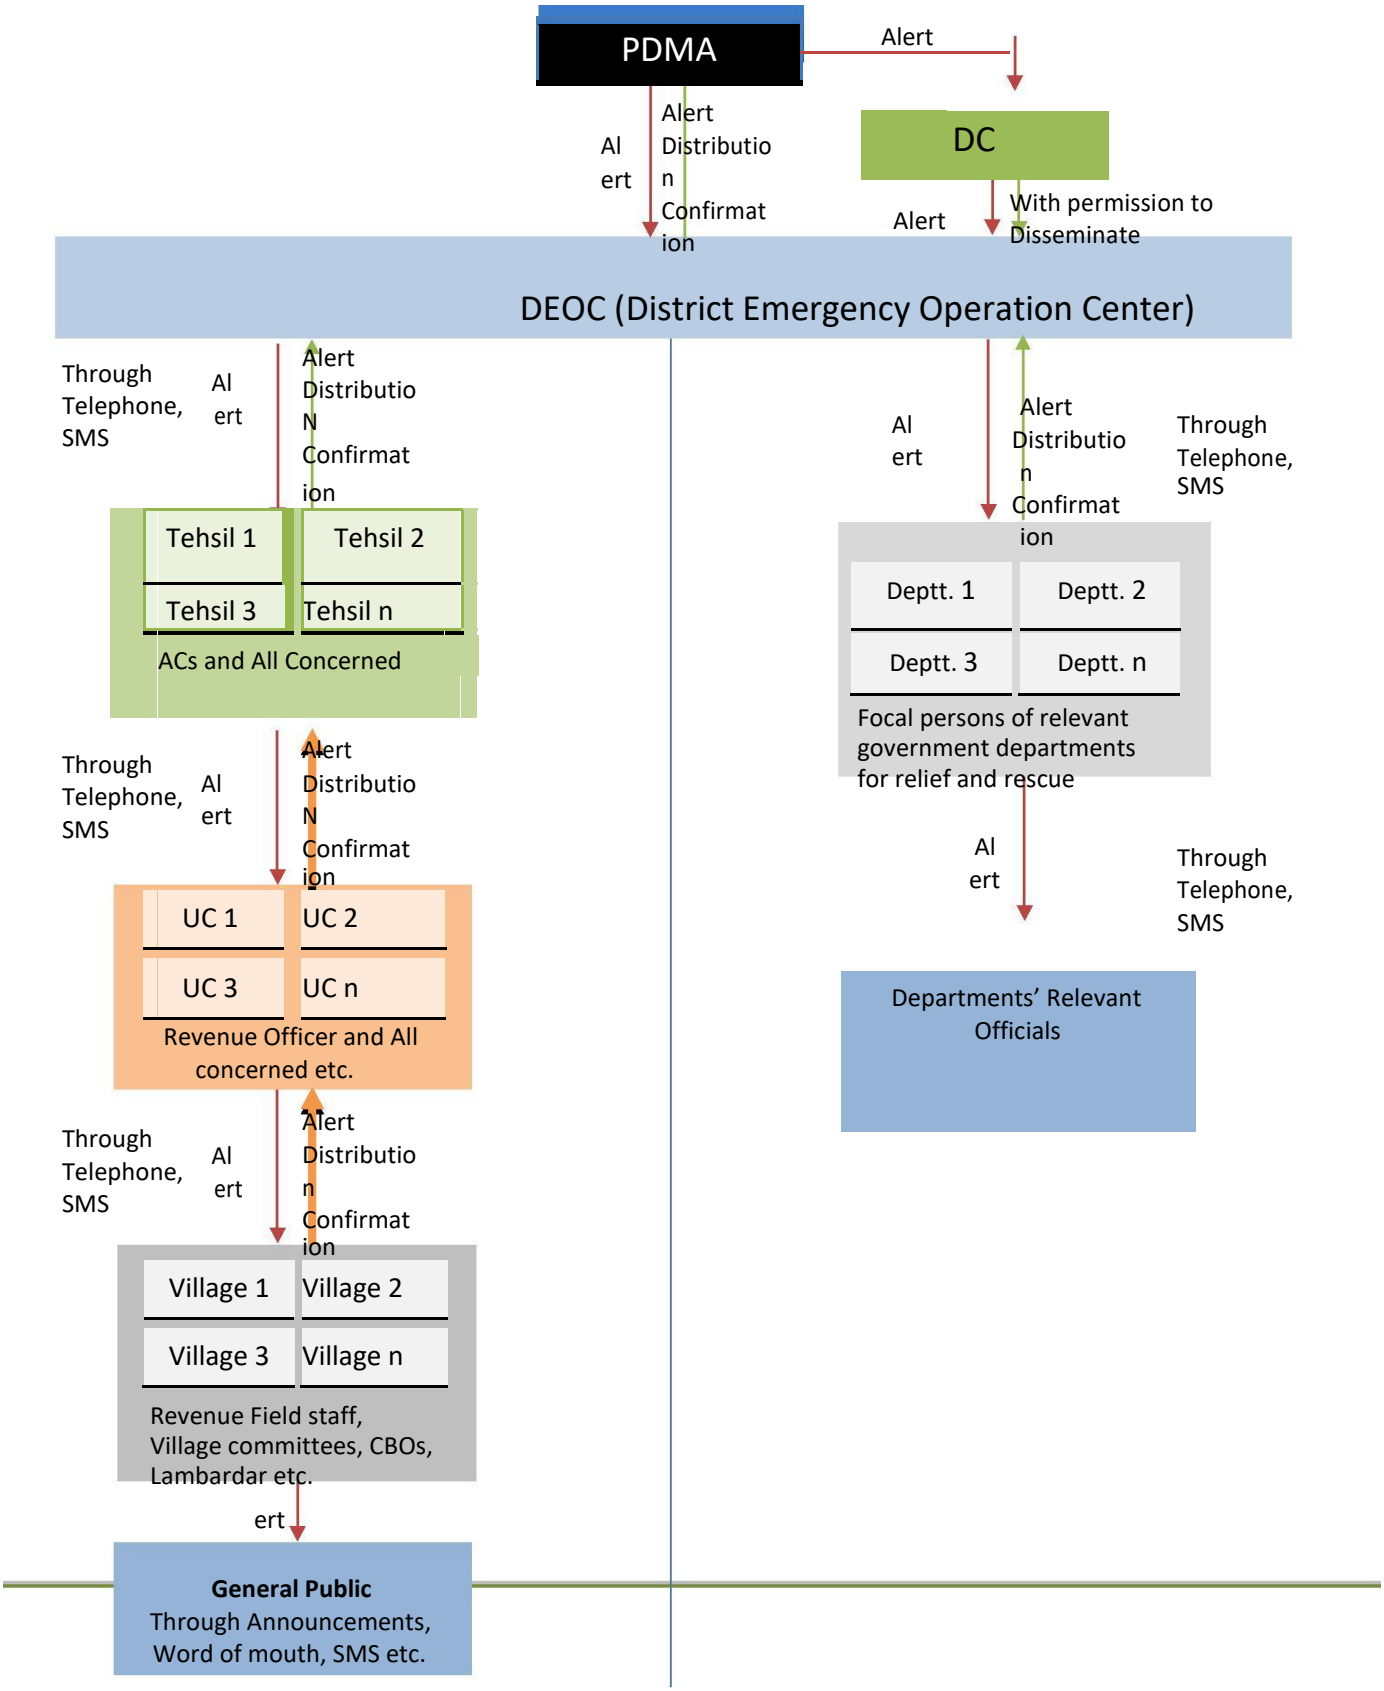
Hazards	Mitigate Actions	Responsible Department
Floods	✓ objectives ✓ 1. To strengthen early warning and early response to flood hazard threats and emergent situation in Muzaffargarh ✓ 2. To enhance institutional capacities in district and community levels, including those related to technology, training and human material resources ✓ 3. To initiate collaboration and coordination and exchange of information among stakeholders involved in early warning, flood/disaster risk management, response development and other relevant Agencies And institutions at all level, with the aim of fostering a holistic approach towards reduction of losses and sustainable development. ✓ 4. To prepare communities and institutions to act and be equipped with knowledge and capacities for effective disaster risk management at time of disaster in order to reduce losses and damages to live property and to include communities, in disaster risk management for the development of specific mechanism to engage active participation and ownership of relevant shareholders ✓ 5. Monthly meetings of DDMA are being held regularly ✓ 6. Instructions have been issued/conveyed to all concerned for pre-qualification of venders/suppliers like cooked food, catering, transport etc as per PPRA and according to District Annual Procurement plan to avoid an un-necessary emergency procurement and to ensure transparency and accountability. ✓ 7. Demand furnished to PDMA for procurement of rescue and relief equipment has been sent to PDMA 8. List of existing strategic reserves available with District (TMA & Rescue,1122) fitness certificates available.	Revenue, Police, Irrigation, Health, Agriculture, Rescue,1122, DD (LG), DO Social Welfare, CEO Education, District Officer, Food, Civil Defence,

Flash Floods		
Hill Torrent		
Glacial Lake Outburst Flood (GLOF)		
Landslide		
Tornado		
Earthquake	retrography use of building code	Building, TMA and works department
Drought	▪ Tree Plantation ▪ Drip & Sprinkler Irrigation system ▪ Extensive research work	Forest Department/civil society

		organizations Water Management/forest department
Epidemic	• Preventive Actions • Medical Treatment of patients • Pre vaccination	Health/TMA/District Government Health
Fire Incidents	Forestry ,mock exercise, trainings, equipment	1122,fire Brigade, civil defense
Other Major Accidents (Building Collapse, road traffic accidents, train accident, Stampede, plane crash)	• First aid and Rescue • Infrastructure maintenance	Rescue 1122/Highway Police/Traffic Police Highways and District Government
Environmental Hazards (industrial accidents, severe pollution etc.)	• Awareness Raising/plantation/nurseries alternate energy • Inspection & Correction	environment department

EARLY WARNING

Information Flow Diagram



DISTRICT EMERGENCY OPERATION CENTER

The District Emergency Operations Center (DEOC) is a central command and control facility responsible for carrying out the principles of preparedness for emergency response at the district and sub-district levels. The common functions of DEOCs are to collect, gather and analyze data; make decisions that protect life and property, maintain continuity of the organization, within the scope of applicable laws; and disseminate those decisions to all concerned agencies and individuals. Earlier, the emergency control rooms were always operationalized whenever disaster occurred at the district level. However, under the funding support of World Bank, the PDMA has upgraded DEOCs with high tech equipment in 20 disaster prone districts. Furthermore, PMA plans to establish such DEOCs at district level in all the remaining districts of Punjab during coming years.

The key functions of the DEOCs are as follows;

- DEOC will serve as the hub of activities and act as headquarter ensuring implementation of disaster response at district level.

- DEOC will receives early warning / alert / advisories, disseminates to public down at village level and ensure counter actions (measure to evacuate people). First Draft of the Provincial Disaster Response Plan 2024 68 | P a g e

- The DEOC will coordinate management of relief operations in affected areas.

- The DEOC will remain in function throughout the year in disaster as well as non-disaster times.

- In disaster times the DEOC will disseminate early warning issue alert/advisories and carry out relief coordination.

- In non-disaster times, the emphasis will be on emergency preparedness and contingency planning in the district.

Alertness Levels

Following four levels alertness have been established:

Level-D (Disaster threat is perceptive)	DDMA shall conduct monthly meetings besides atleast 2 mock exercises as per DDMP, well in time,to make the concerned officers/officials understand their role and responsibility for better coordination and testing of rescue and relief equipment. DDMA shall also ensure the physical presence of concerned staff deputed and availability of equipment/resources for all designated vulnerable sites within given time frame during disaster. Vulnerable site's inspections and necessary works/action shall be carried out as mitigation measures.
Level-C (Alert) (Warning issued but likelihood of occurrence is less than 100%)	**Activities to be undertaken in level D** + DDMA shall issue **"alert"** to all concerned for the vulnerable area. DDMA and LDMA (tehsil level) control rooms be made operational 24/7 and ensure availability of all required (available and additional) resources for on call mobilization and monitor the situation 6 hourly. Only DC and DPO shall grant leave according to the situation.
Level-B (High Alert) (Disaster threat is imminent)	**Activities to be undertaken in level C** + DDMA shall issue EW to all stakeholders and **"High Alert"** for the district to ensure that all additional HR and material resources including volunteers has reported to their assigned duties, and all resources for evacuation and disaster management have been mobilized as per DDMP. All emergency (health, fire, rescue 1122, TMA etc) facilities shall work 24/7 with full staff strength. DDMA shall monitor the situation on hourly basis.
Level-A (Red Alert) (Disaster is materialized)	**Activities to be undertaken in level B** + DDMA shall respond to the emergency immediately and shall carry out rescue and relief operation as defined in DDMP and shall continuously monitor the situation. Resources of adjoining districts shall be mobilized andArmy may be called keeping in view the magnitude of the disaster.

Early Warning

Briefly describe how the early warning will be received from provincial level?
Who is the focal person at district level?
Functions of District/Tehsil Emergency Control Rooms in early warning

How the early warning will be communicated to relevant departments for different disasters? What actions each relevant department should take after receiving the early warning e.g. evacuation.

How the early warning will be communicated to the relevant population? E.g. through Patwaris, SMS, Announcements, Media etc.

1. District Control Room will be established and. ADC(REV), Muzaffargarh will be Focal Person

2. District Flood control Room shall function as the central point for all coordination information dissemination and will be operated 24 hours during flood season.

3. The representatives of all departments including irrigation shall be available.

4. Representative of Social Welfare Department will also available to coordinate with NGOs.

Through SMS , Announcement, Patwaris and policemen etc

RESCUE STRATEGY

- *What actions will be taken as an immediate response to the situation? E.g. Evacuation, medical assistance*
- *Who does what and when? Responsible departments/agencies*
- *How and when Pakistan Army will be requested to support the rescue activities*
- *Camp sites identified? List at Annex I.*

The action to be taken for immediate response depends upon the information received. In case of a disaster emerging slowly, followed by Early Warning the arrangement are made accordingly. In case of abrupt Disaster, Rescue 1122 and other line department are taken on board by DDMA

DC will ask the Pakistan army when the situation is sever in regard with disaster.

HUMANITARIAN ASSISTANCE

- *How damage and losses data will be collected and communicated to higher level?*
- *How the priority needs (e.g. food, shelter, health etc.) will be determined?*
- *What activities will be carried-out to provide assistance to the affected population and by whom?*
- *What assistance will be provided?*
- *Standardization of different packages/kits e.g. food, tents*
- *Humanitarian Assistance monitoring mechanism – to avoid duplication and identify gaps*
- *Minimum standards for camps, if camps are established*
- *What is the current capacity in the district? Enough for how much caseload?*
- *Explain how protection, gender and age, environment and other relevant cross-cutting issues that will be addressed or mainstreamed into the humanitarian assistance strategy*

Humanitarian Assistance is extremely helpful in coping up disasters. Trained Volunteers of Rescue 1122 and other Volunteers of NGOs/Civil defense are in contact for deployment. However untrained mobs are avoided to access the disaster scene.

The data is collected by committee formed by Deputy Commissioner, committee consists of revenue representatives, numbardars, local representatives

on the collected data the need will be priorities.

DDMA ,civil society ,Pak army and local volunteers provide the assistance to affectees from early warning , search and rescue, cooked and uncooked food .

Sphere standards are used as per previous practice for camping and managing
There is enough capacity as for as District Government is concern will provide
assistance.

The District Government is very keen for the protection especially Government gender based protection
is on the first in agenda, especially keen for children and person with disabilities

ANNEXI: IDENTIFIED SITES FOR DISPLACED PERSONS

S#	Location	No. of persons which can be accommodated	GPS Coordinates	S#	Location	No. of persons which can be Accommodated	GPS Coordinates

NA-177	M.Muazam Ali	IND	0300-8731414	PP-274	Sabtain shah	PML-N	0300-6864440
				PP-275	M. Nawab Khan Gopang	PML-N	0300-686440

ANNEX XI: DATA COLLECTION PERFORMAS

P1: House Damage Assessment

District: _____ **Date: _____**

S#	*Name*	*Father Name*	*CNIC*	*Address*	*Revenue Estate*	*Union Council*	*Tehsil*	*Partially/Completely*	*Katcha/Pakka*	*%age of Damage*	*Contact No.*	*GPS Coordinates*	*Picture Taken (Y/N)*

P2: Deceased Person Reporting Performa

District: _____ **Date: _____**

S#	*Name of deceased*	*Father' s name*	*Address*	*Domicile*	*Gender*	*Age*	*CNIC*	*Cause of death*	*Date of death*	*Place of death*	*Marital status*	*Next of kins (Name and Contact and CNIC etc.)*	*Verifying Officer (Name, Desgination and Contact)*	*Compensation Paid or not*

P3: Injurd Person Reposrting Performa

District: _____ **Date: _____**

S#
Name of injured
Father' s name
Address
Domicile
Gender
Age
CNIC
Cause of injury
Date of injury
Injury Type (Permanent or Temporary)
Compensation Paid or not

P4: Cattle Head Perished

District: _____ **Date: _____**

S#	Name ofFarmer	Father Name	CNIC	Mauza	[illegible]	Type of Animals	Number of Animals (Cow, sheep etc.)	Vaccinated/ Unvaccinated	Witness 1 name and contact No.	Witness 2 Name and Contact No.

P5: Crop Damages

District: _____ **Date: _____**

S#	Tehsil	Qanoongoi	Union Council	Mauza	Farmer Name	Land owner/Tenant	CNIC of farmer	Contact number	Type of Crops	Total land affected (acres)	% of mauza affected

P6: Relief Distribution Tracking Performa

District: _____ **Date: _____**

S#	Location/ Destination	Arrival Date and time	Items	Quantity	Items short (if any)	Items sent by	Driver name	Received by	Bilty no

P7: Private Machinery (Boats, Bulldozers, cranes etc.)

In case of mega disaster that overwhelms the resources of the Government in certain area, the equipment of private owners are engaged to continue with evacuation, rescue or relief services. The following template is filled to maintain a record of boat owners that might be engaged at the time of a disaster.

District: _____ **Date: _____**

S#	Name of boat owner	Father name	Contact Number	Age	CNIC	Location of boat/Machinary	Type of Machinary (Boat, Bulldozers, Cranes etc.)	Engine type	Boat capacity	Equipment Condition	Number of Machinry

P8: Relief camp registration Performa

New entrants in the relief camps should be documented on a weekly basis by utilizing the following template:

District: _____ **Date: _____**

S#	*Nationality*	*Domicile*	*Male*	*Female*	*Age*	*Children Under 12*	*Infants under 3*	*Sick*	*Injured*	*Pregnant*

P9:NGOs registration performa

All the Non-Governmental Organizations operating in the disaster affected areas should register themselves at PDMA's website. The following template has been developed for NGOs assisting the Government in disaster response.

District: _____ **Date: _____**

S#	*Name of NGO*	*Local /INGO*	*Relief activity*	*Relief camp if any*	*Focal person in the district*	*Registered with PDMA*	*Foreigners to be visiting or not.*

P10: Control Room

PDMA requires all districts to setup a control room at the incidence of a disaster. This control room would plan and execute a well-knit Governmental disaster response by bringing together all representatives of the various Governmental departments. This control room would be operational around the clock and PDMA must be informed about its operation and in-charge by filling the following template:

District: _____ Focal Person: _____ Date: _____

S#	*Location of control room*	*Shift I Incharge Name and Contact*	*Shift II Incharge Name and Contact*	*Shift III Incharge Name and Contact*	*Phone Numbers*	*Fax Numbers*	*E- Mail Address*

ANNEX XII: CAMP MANAGEMENT SOPS

- Camps would be established in areas accessible by metalled roads so that provision of essential facilities is not difficult
- Basic facilities such as food, clean drinking water, health, hygiene and sanitation should be available at these shelters.
- Proper registration mechanism should be in place to differentiate between those actually affected and cunning opportunists
- Proper security system should be in place in coordination with the local police as the presence of police always acts as deterrence for criminals who may be attracted to such places.
- Emergency medical care should be available as well as a proper firefighting system as fire out breaks are common in such tents
- Proper camp management should be announced and notified and there should be a complaint cell as well
- A proper distribution mechanism should be in place to ensure that the needy get what they deserve.
- Scattered camps should be catered for and encouraged to join the main camp.
- At times shallow hand pumps are not safe for drinking as the water underground has been affected. In such cases clean medicated water should be provided through water bowsers.
- Vector control is an essential part of the camp management and steps should be taken to remove rats, snakes and mosquitoes etc.
- Un-accompanied and missing children shall be placed separately with proper care and fulfilment of their physical and psycho-social needs.
- Needs of women as per local and cultural environment shall be considered for establishing separate relief camps for ladies with provision of proper security and light arrangements.

Land	**3.0-4.5 square meter per person**
Shelter	3.5 square meter per person
Water	15-20 liters per person per day
Food	2100 kcal per person per day
Toilet	One per family of 6-10 persons
Health Centre	One per 20,000 persons
Child Friendly Spaces	2-4 year olds- 15 children:2 facilitators
	5-9 year olds-20 children : 2 facilitators
	10-18 year olds- 30 children :2 facilitators
Hospital	One for as many as 200,000 persons

ANNEX XIII: FLOOD BUNDS

INFORMATION REGARDING FLOOD BUND CATEGORY A

ANNEX XV: LIST OF BASIC TERMS

Acceptable risk

The level of loss a society or community considers it can live with and for which it does not need to invest in mitigation

Biological hazard

Biological vectors, micro-organisms, toxins and bioactive substances, which may cause the loss of life or injury, property damage, social and economic disruption or environmental degradation.

Capacity

A combination of all the strengths and resources available within a community, society or organization that can reduce the level of risk, or the effects of a disaster.

Capacity may include physical, institutional, social or economic means as well as skilled personnel or collective attributes such as leadership and management. Capacity may also be described as capability.

Capacity building

Efforts aimed to develop human skills or societal infrastructure within a community or organization needed to reduce the level of risk. In extended understanding, capacity building also includes development of institutional, financial, political and other resources, at different levels of the society.

Climate change

The climate of a place or region is changed if over an extended period (typically decades or longer) there is a statistically significant change in measurements of either the mean temperature or variability of the climate for that region.

Coping capacity

The means by which people or organizations use available resources and abilities to face a disaster. In general, this involves managing resources, both in normal times as well as during crises or adverse conditions.

Disaster

A serious disruption of the functioning of a community or society causing widespread human, material, economic or environmental losses which exceed the ability of the affected community or society to cope using its own resources. It results from the combination of hazards, conditions of vulnerability and insufficient capacity to reduce the potential negative consequences of risk.

Disaster risk management (DRM)

The comprehensive approach to reduce the adverse impacts of a disaster. DRM encompasses all actions taken before, during, and after the disasters. It includes activities on mitigation, preparedness, emergency response, recovery, rehabilitation, and reconstruction.

Disaster risk reduction/disaster reduction

The measures aimed to minimize vulnerabilities and disaster risks throughout a society, to avoid (prevention) or to limit (mitigation and preparedness) the adverse impacts of hazards, within the broad context of sustainable development.

Early warning

The provision of timely and effective information, through identified institutions, to communities and individuals so that they could take action to reduce their risks and prepare for effective response.

Emergency management

The management and deployment of resources for dealing with all aspects of emergencies, in particularly preparedness, response and rehabilitation

Forecast

Estimate of the occurrence of a future event (UNESCO, WMO). This term is used with different meanings in different disciplines.

Geological hazard

Natural earth processes that may cause the loss of life or injury, property damage, social and economic disruption or environmental degradation. For example earthquakes, tsunamis, volcanic activity and emissions, landslides, rockslides, rock falls or avalanches, surface collapses, expansive soils and debris or mud flows.
