

# DISTRICT DISASTER MANAGEMENT PLAN 2021

Division: Multan

District: Khanewal

Road Accident at NHA on January 2021

Deep well extraction at Kabirwal in January 2021

Floods in 2020

Mini Van plunge into Malsi Link Cannal May2020

Prepared by: Muhammad Ikram Malik, Additional Deputy  
Commissioner (Rev), Khanewal

Approved by: Agha Zaheer Abbas Shehrazai, Deputy Commissioner,  
Khanewal.

## Hill Torrent

Estimated number of people at risk of **hill torrent** in 2021

Risk: Low

## Flood

Estimated number of people at risk of Floods in 2021

Risk: Medium

## Earthquake

Estimated number of people at risk of earthquake in 2021

Risk: High

## Epidemic

Estimated number of people at risk of epidemic in 2021

Risk: High

## EXECUTIVE SUMMARY

Khanewal has a rich and vibrant history which can be traced back to the early 1900s. Khanewal is famous for its cotton growing industry. The district of Khanewal was created in 1985 out of the two Tehsils of Multan District, namely Kabirwala and Mian Channu. District Khanewal has an extreme climate i.e. very hot in summer to the extent of 50°C and cold in winter upto 1°C. The land of the district is very fertile and plain. The district has a total metalled road-length of 1208 Kilometres. The Major Hazards to the District are as follows:

Floods

Earthquake

Fire Incidents

Road Traffic Accidents

Building Collapse

Bomb Blast / Terrorism

Response Objectives are as follows:

Established the institutional and legal system for disaster management

Prepare disaster management plans at various levels

Conduct multi-hazard, vulnerability and risk assessment

Establish multi-hazard early warning and evacuation systems

Promotion of training, education and awareness in relation to disaster management.

## AIM AND OBJECTIVES

The plan is aimed to manage emergencies by putting in place requisite mitigation measures and a well-coordinated and integrated response at district level.

The main objectives of the plan include:

- To develop a plan of action for the District Disaster Management Authority and other district stakeholders to set priorities and provide directions for disaster management;
- To define the roles of various stakeholders in disaster management in all the phases pre, during and after disaster;
- To raise awareness of stakeholders about disaster risks and the requirements for disaster management;
- To introduce coordination mechanism for immediate response and rehabilitation at district level;
- To enhance the effectiveness and timeliness of emergency response through the clarification of goals, strategies, roles and responsibilities;
- To strengthen response coordination between government departments and humanitarian organizations (UN agencies, I/NGOs);

# DISTRICT PROFILE

## Socio-Economic Indicators (Average)

S.No.	Particulars	Numbers
1.	Population	2,921,986
2.	No. of Tehsils	4
3.	No. of UCs	113
4.	No. of Revenue Estates	679
5.	Population Density (people per km <sup>2</sup> )	604
6.	Family Size	7
7.	Pop Growth Rate	2.60

# COORDINATION MECHANISM

Coordination Organogram (including Sector lead agencies/departments, Military, NGOs and Volunteers)

**Powers and functions of District Disaster Management Authority under NDM Act 2010:**

The District Authority shall be as the district planning, coordinating and implementing body for disaster management and take all measures for the purposes of disaster management in the district in accordance with the guidelines laid down by the National Authority and the Provincial Authority.

Without prejudice to the generality of the foregoing provisions, the District Authority may:

- a) prepare a disaster management plan including district response plan for the district;
- b) coordinate and monitor the implementation of the National Policy, Provincial Policy, National plan, Provincial Plan and District Plan;
- c) ensure that the areas in the district vulnerable to disasters are identified and measures for the prevention of disasters and the mitigation of its effects are undertaken by the departments of the Government at the district level as well as by the local authorities;
- d) ensure that the guidelines for prevention, mitigation, preparedness and response measures as laid down by the National Authority and the Provincial Authority are followed by all departments of the Government at the district level and the local authorities in the district;
- e) give directions to different authorities at the district level and local authorities to take such other measures for the prevention or mitigation of disasters as may be necessary;
- f) lay down guidelines for preparation of disaster management plans by the departments of the Government at the districts level and local authorities in the district;
- g) monitor the implementation of disaster management plans prepared by the departments of the Government at the district level;
- h) lay down guidelines to be followed by the departments of the Government at the district level;
- i) organize and coordinate specialized training programmes for different levels of officers, employees and voluntary rescue workers in the district;
- j) facilitate community training and awareness programmes for prevention of disaster or mitigation with the support of local authorities, governmental and non-governmental organizations;
- k) set up, maintain, review and upgrade the mechanism for early warnings and dissemination of proper information to public;
- l) prepare, review and update district level response plan and guidelines;
- m) coordinate with, and give guidelines to, local authorities in the district to ensure that pre-disaster and post-disaster management activities in the district are carried out promptly and effectively;
- n) review development plans prepared by the departments of the Government at the district level, statutory authorities or local authorities with a view to make necessary provisions therein for prevention of disaster or mitigation;
- o) identify buildings and places which could, in the event of disaster situation be used as relief centres or camps and make arrangements for water supply and sanitation in such buildings or places;
- p) establish stockpiles of relief and rescue materials or ensure preparedness to make such materials available at a short notice;
- q) provide information to the Provincial Authority relating to different aspects of disaster management;
- r) encourage the involvement of non-governmental organizations and voluntary social-welfare institutions working at the grass root level in the district for disaster management.
- s) ensure communication systems are in order and disaster management drills are carried out periodically; and
- t) perform such other functions as the Provincial Government or Provincial Authority may assign to it or as it deems necessary for disaster management in the district.

**District Plan:**

- a) There shall be a plan for disaster management for every district of the Province.
- b) The District Plan shall be prepared by the District Authority having regard to the National Plan and the Provincial Plan.
- c) The District Plan shall be reviewed and updated annually.

**Additional Powers of District Authority:**

For the purpose of assisting, protecting or providing relief to the community, in response to any disaster, the District Authority may:

- a) give directions for the release and use of resources available with any department of the Government and the local authority in the district;
- b) control and restrict vehicular traffic to, from and within, the vulnerable or affected areas;
- c) control and restrict entry of any person into, his movement within and departure from, a vulnerable or affected area;
- d) remove debris, conduct search and carry out rescue operations;
- e) provide shelter, food, drinking water and essential provisions, healthcare and services;
- f) establish emergency communication system in the affected area;
- g) make arrangements for the disposal of the unclaimed dead bodies;
- h) direct any department of the Government of the Province or any authority or body under the Government at the district level to take such measures as are necessary in its opinion;
- i) require experts and consultants in the relevant fields to advise and assist as it may deem necessary;
- j) procure exclusive preferential use of amenities from any authority or person;
- k) construct temporary bridges or other necessary structures and demolish structures which may be hazardous to public or aggravate the effects of the disaster;
- l) ensure that the non-governmental organizations carry out their activities in an equitable and non-discriminatory manner; and
- m) take such other steps as may be required or warranted to be taken in such a situation.

**Revenue Department (Functions and Responsibilities)**

In case of any disaster or calamity the head of the revenue department in the district i.e. the DC/DC should ensure that the following measures and steps have been taken:

- Taking everyone on board is perhaps the most important thing to do. Regular meetings of DDMA should be held to clearly highlight the roles and duties of DPOs, CEOs, XENs etc.
- Pre-flood meeting should be held and duties of all concerned officers and departments should be clearly defined and assigned.
- A district disaster management plan should be prepared using the set template and updated regarding any disaster or emergency that may strike the district.
- A focal person for the disaster or calamity should be nominated and his/her number should be communicated to all concerned departments.
- Proper stock taking should be done regarding available stocks of food and rations. Similarly stock regarding machinery and equipment should also be taken and inventories should be prepared. Out of order machinery should be repaired or replaced.
- Committees should be formed and constituted which will deal with various functions during a flood or emergency. Purchasing of food items, food, and machinery should all be done through committees.
- Identification of Low lying, medium and high vulnerability levels with flood level
- In case of evacuation the district administration should be very clear about the places where the relief camps or shelters will be established. Teams should be formulated which will look after these camps and will be in-charge for provision of tents, food, water and maintaining general law and order. Provision of cooked food is also to be ensured.
- Proper ware houses and stores should be made available for storing of aid and donated items that may be received from authorities such as PDMA, WFP etc. A committee should be constituted to look after the record of all the items in the store.
- Proper crop surveys or girdawaris should be conducted through the revenue officials so that crop damage assessment can be made after disaster or flood affects the district. These surveys will also help in determining the identity of the true owners as well.

- Post damage assessment should be carried out by joint teams constituted of patwaris, teachers, and agriculture field assistants. Technology should be involved and android sets should be used to gather accurate data.
- Round the clock active control rooms should be set up and the numbers be circulated to all concerned. The control rooms should be equipped with wireless, telephones and computers. All info gathered or received should be conveyed to the concerned. The control room should have representatives of concerned departments such as police, health, 1122, and revenue.
- Early warning is critical in saving lives. The local revenue officials along with local police should be deployed to warn the people against the oncoming disaster and to urge them to vacate the disaster prone areas and villages. Loudspeakers, mosque speakers and word of mouth should be used. Banners and posters can also be used.
- Data collection is of prime importance and the senior network administrator should be declared as the focal person for collection of relevant information such as number of casualties, damages to infrastructure, injured, perished livestock etc. for onward submission to PDMA etc.
- Mock exercises should be carried out along with all concerned departments specially 1122, Police, civil defence and Pakistan army regarding the action plan during any emergency or flood. This will give a fair idea about the preparedness of the district.
- Availability of vehicles should be ensured for use during any emergency especially off road vehicles like jeeps.
- Suitable locations should be identified for accommodating armed forces like the Pakistan army. Normally schools, colleges or stadiums are allocated for the armed forces

#### Checklist for Revenue Department:

- Survey of entire District (Preparation of Village level information by Patwari)
- Identification of Low lying, medium and high: vulnerability levels with flood level
- Liaison of Patwari with Numberdars of their respective villages
- Contacts of all revenue staff posted near river belts and their output in floodprone areas
- List of Numberdars with their contacts, volunteer from low lying settlements with contact numbers
- Prepare list of vulnerable villages and make an estimate of likely affected population in such villages in the event of flood
- Name and contact numbers of private boat owners and operators Announcement of Flood Warning at settlement level – Patwari responsible Forced evacuation with police
- Rapid assessment for relief goods and ration provision Coordination and reporting
- Carry out survey of entire flood affected areas to assess losses in collaboration with Agriculture, Livestock and Education Department
- Conduct crop damaged/ house damaged surveys

#### Metropolitan / Municipal Corporations

##### Municipal / Town Committees

- Local Bodies play an important role of providing municipal services in the district including clean drinking water, sanitation facilities, maintenance of parks and removal of encroachment etc.
- Local Bodies will provide assistance to the District Administration for setting up and management of relief camps/ operations.
- Local Bodies are responsible for provision & restoration of water and sanitation facilities in their municipalities besides disposal of waste or rain water/sewerage.
- Local Bodies are equipped with trucks, water bowsers, tractors, dewatering sets, bulldozers, loaders and dump trucks. All of these equipment are utilized to restore proper sanitary facilities, ensure the delivery of clean water and remove debris or excess water.
- Local Bodies sanitary workers can be employed for cleaning relief camps, or other such areas which has been affected by any disaster.

- Local Bodies employ de-watering sets to remove excess water. All Local Bodies are required to ensure the maintenance of all dewatering sets prior to the monsoon season. The Local Bodies maintains a list of all the choking points where rainy water accumulates as a result of heavy storms which can cause urban flooding.
- Local Bodies should ensure supply of clean drinking in overhead reservoirs and ensure supply to the affected areas or relief camps through water bowsers. Clean drinking water is a major issue and requirement during any disaster.
- In case of any disaster that requires people to be relocated, the Local Bodies under the concerned Administrator i.e Commissioner / DC/AC will assist in the migration of the affected people.
- During the relief effort and subsequent rehabilitation effort the Local Bodies manpower can be effectively used for the distribution of food and essential commodities among evacuated people or any other relief activity such as provision of cash compensation.

### District Disaster Management Authority (DDMA)

- DDMA's are created under the NDM Act 2010 under Chapter IV Section 18 and the law defines their composition and also outlines their functions, duties and powers.
- District Disaster Management Authorities are the first line of defense and the implementing arm of the government policy and plans. Within the district there are three to four key players/departments that have to put up a joint and coordinated effort in order to fight with and handle any disaster under the leadership and coordination of the DC. The office of the DC fully supported by the DPO and line departments such as Health, Agriculture, Livestock, Civil Defence, 1122, Local Bodies and the Revenue Department form the main disaster management team within any given district. This plan is an effort to highlight their sets of responsibilities followed by the role of provincial departments.
- All district administrations had prepared a detailed contingency plan to face any disaster or hazard specially floods which until recently have become an annual affair for some districts.
- The district administration will divide the area as per district division with the Assistant Commissioner as in charge of his/her tehsil. All disaster related activities in a said tehsil will be coordinated through the concerned AC and the Local Bodies.
- On receipt of a flood warning, immediate warning will be conveyed to all the concerned officers. Immediate action will be taken in each sector / sub sector for evacuation of the population from risk prone areas to safer places or to Relief Camps. An Assistant Commissioner will ensure that announcements are made through loudspeakers of the mosques utilizing the services of the Revenue department. Each Patwari will inform the Numbardar, Headmaster of the School, Imam Masjid and councillors to make announcements etc.
- The tactical operations would be headed by the Additional District Collector (ADC). The ADC would be responsible for coordinating and supervising the disaster control and relief measures in the district.
- Provincial government had notified the following composition of DDMA's for whole of the province:
  - i. **Deputy Commissioner (Chairperson)**
  - ii. District Police Officer
  - iii. Additional Deputy Commissioner (Rev)
  - iv. Two Elected Representatives to be nominated by the Chair
  - v. Representative of Pak Army
  - vi. Two Representatives of NGOs/Civil Society to be nominated by the Chair
  - vii. Additional Deputy Commissioner (General)
  - viii. Additional Deputy Commissioner (F&P)

- ix. XEN Buildings
- x. XEN Highways
- xi. Chief Executive Officer (DHA)
- xii. Chief Executive Officer (DEA)
- xiii. SP Special Branch
- xiv. XEN Irrigation / Public Health
- xv. District officer Civil Defense
- xvi. Administrators of Tehsil Councils / Municipal Corporations
- xvii. All Chief Officers of Local Bodies in District
- xviii. District Emergency Officer, Rescue 1122 (Secretary)
- xix. Representative of Red Crescent
- xx. Such other District level Officers to be appointed by District Administration

- District Administrations must establish a Disaster / Flood control room at the DC's office, the numbers of which will be circulated to all concerned. The Disaster / Flood Control Room has to maintain updated information regarding the threat of disaster and statistics post disaster. The center will maintain a regular communication with the Flood Forecasting Division or the dam authorities up stream in case of a flood.
- The District Administration would immediately mobilize the equipment needed to tackle the challenges created by a disaster. The District Administrations will provide a comprehensive list of flood fighting equipment to PDMA as part of their flood contingency plans.
- Executive District Officer (Health) will ensure the availability of adequate medicines for treatment of common issues, particularly for snake and dog bite cases and general vaccines at each relief camp.
- DO (Agriculture) and DO Livestock would arrange fodder and feed supplement for livestock and animals displaced.
- District Regional Transport Authorities (DRTA) in all 36 districts of Punjab are managed by Secretaries who would coordinate with local transporters to arrange for arranging transport required for evacuation of people from affected areas. In case of shortfall in transport in a particular district, the adjoining district would mobilize the transporters in his district to assist with the evacuation of people.

#### **Role of Rescue 1122 in districts during disaster**

- The immediate evacuation of people from the disaster prone and vulnerable areas.
- Provision of immediate medical aid during any emergency and at the same time transporting the injured or sick to the nearby hospital through their team of ambulances.
- In flood situations rescuing people from drowning in the strong currents is a specialty of 1122 as it has its own set of divers and boats. Similarly in case of collapsed buildings or structures the 1122 is equipped with heavy machinery to cut through heavy debris.
- Apart from that responsible deployment of fire fighters, cordoning of hazardous areas, provision of first aid and medical treatment, immediate search and rescue of victims and management of the pre-hospital emergency system.
- Rescue 1122 is well trained in setting up medical camps for provision of emergency medical treatment. These camps are setup by Rescue 1122's doctors and paramedic staff.

#### **Pre-disaster Check list for DDMA**

- Meeting of DDMA held
- Identification of vulnerable areas
- Identification of Safe places

- Preparation of contingency plan
- Bunds and encroachments visited
- Sites identified for relief camps Evacuation routes/plan
- Safe custody of Government records and essential equipment and their shifting to safer areas on receipt of flood warning
- Enlistment of department wise available resources
- Preparation of list of required relief goods/ items
- Involvement of Volunteers, NGOs and other CSOs
- Designation of Focal Person
- Preparation of District vulnerability map with varying degrees of floods
- Evacuation well in time from vulnerable areas
- Establishment of Camps – All services under one roof
- Flood warning and weather forecast: Loudspeakers announcements
- Establishment of control rooms
- Cancellation of all type of leaves of all employees Designation of Focal Persons
- Assignment of duties and responsibilities of all officers for flood emergency
- Preparation of Telephone Directories with the cell numbers of all the members of DDMA's and volunteers
- No leave during flood days; No official will leave station

### Disaster Emergency Control Room (functions and responsibilities)

#### ROLE AND RESPONSIBILITIES OF INCHARGES:

##### a. Incident Coordinator (IC):

The Deputy Commissioner (Chairman of the District Emergency Board) will be the Incident Coordinator (IC). In the absence of DC, The ADC (Rev) will be the IC.

#### Responsibilities:

- Responsible for overall response Management.
- Appoint Persons who will serve to other position.
- Will establish initial action plan and approve all information to media.
- Will assure that contact and resources information has been established with outside agencies through Liaison Officer.
- Provision of resources as needed or requested by the Incharges.
- Report to the competent authorities through Information Officer.

##### b. Information Officer (IO):

Appointed or designated by the Chairman of Emergency Board or Incident coordinator.

#### Responsibilities:

- Update the Incident Commander regarding all new information.
- Ensure all news release have the approval of the Incident Commander.
- Issue an initial incident information report to the news media.

##### c. Liaison Officer (LO):

Appointed or designated by the Chairman of the Emergency Board or Incident coordinator.

#### Responsibilities:

- Liaison among different departments
- Help the Incident Commander to liaison with other agencies like Army, NDMA, etc.

## d. Safety/Security Incharge:

The Head of Police Department will be responsible for safety and security of the area, Rescuers and public.

## Responsibilities:

- Responsible for securing the area.
- Responsible for the safety of the area, all the Rescuers and public.
- Onsite, he will brief the crew about the hazards & safety Measures.
- Ensure that every one is wearing Personnel Protective Equipment (Helmet, masks etc).

## e. Incharge Operations:

The Leading agency will be the in charge of the operations.

## Responsibilities:

- Obtain briefing from Incident Coordinator.
- Manage and Coordinate among operation teams in incident.
- Determine needs to request the Incident Coordinator for additional resources.
- Assure team – Task force
- Report any substantial Development / Accidents to Incident Coordinator
- Maintain a log of all operation activities.

## f. Incharge Logistics:

Appointed or designated by the Chairman of the Emergency Board or Incident Coordinator.

## Responsibilities:

- Resources arrangement and resources Management.
- Will ensure that the required facilities, materials and resources are readily available for deployment to or at the incident.
- Effective planning to ensure adequate and effective availability of required equipment and resources and that the resource can respond in an organized manner.

## PRIMARY FUNCTIONS:

- Supply of resources
- Ground support
- Catering

## g. Incharge Finance:

Appointed or designated by the Incident coordinator.

## Responsibilities:

- To arrange funds for the availability of logistics and other resources.

**Checklist for Control Room:**

- Dedicated Staff as per magnitude of the disaster
- Duty roaster of the staff
- 2 Dedicated telephone lines
- Dedicated Fax
- Wireless
- Internet and Email or any other source of communication
- Power backup

**Checklist for Relief Camp Incharge:**

- List of staff displayed with name and department teams will work in shifts
- Presence of representatives of all service providers i.e. Health, livestock, Rescue 1122, Civil Defence etc.
- No movement without the permission of Centre Incharge
- Each shift in-charge to contact District Control Room on arrival and then on departure
- In-charge will keep close liaison with SHO of the respective area
- No of affectees in camp (sick, aged and children) shall be communicated daily
- Availability of at least one emergency vehicle at center be ensured
- Keep record of private boat owners and their contacts details
- List of Doctors and private hospital in the vicinity
- List and contact of philanthropists in the vicinity
- Keeping record of donations coming directly to Centre and report the same to Tehsil and District Incharge.
- Centre Incharge shall ensure vaccination of animals and humans against Communicable diseases
- List of missing persons must be displayed at all Relief Camps

**Role of Health Department**

The public sector health delivery system comprises of four tiers and as such will continue to provide services at these four tiers during and after any disaster:

Outreach and Community Based Activities, which focus on immunization, sanitation, malaria control, maternal and child health, and family planning. Primary care facilities include BHUs, RHCs. THQs and DHQs provide inpatient and outpatient care. Tertiary care hospitals located in the major cities for more specialized care.

In case of any disaster or calamity the health department will ensure that the following measures are in place;

- To provide first aid to the injured people and arrange evacuation of patients for further assistance.
- Medical camps and mobile health teams should be arranged for prevention and control of communicable diseases, immunization and provision of essential drugs.
- Health department would make a roster of all medical officers and paramedics that would be deployed to these camps and teams.
- Drugs and other medical equipment should be available at all these camps and with mobile teams. The medicine should be for relevant flood related issues, **particularly Anti-snake venom, Anti-rabies.**
- The shelters or relief camps established by the district administration should have medical centers with ambulances and special facilities for women and children.
- An emergency control room will be established in the office of Directorate General Health Services and a representative of this emergency control room would be designated to PDMA's control room.
- A list of essential medicines would be prepared by the Health department and it would ensure that medicines and other resources are present in sufficient stocks in hospitals in disaster hit areas.
- Medical colleges may be involved to create Emergency Response teams
- Health department would also coordinate with international organizations such as WHO and UNICEF.
- Extensive disease surveillances in the disaster hit areas should be carried out warnings if needed be issued through the Disease Early Warning System.

- Medical teams and paramedic staff should be mobilized and deployed for rapid assessment and quick response in the affected areas.
- A contingency plan will be prepared and submitted regarding preparedness for any disaster or calamity.
- The National Disaster Management Authority has designated WHO as the key organization that will fill the gaps in the supply of medicines, rapid diagnostic kits, and vaccinations etc.
- The department would employ female health workers in emergency areas specially, for spreading awareness regarding health risks in a disaster and for any vaccination or immunization programme that may be needed during any emergency.
- A Health and Nutrition Cluster for overall management and oversight of Health department's disaster response would be formed at the Directorate General Health office.
- In case the medicine stocks or even the infrastructure is damaged due to floods, the department would draw up a plan for early recovery of health infrastructure and service delivery.

### **Civil-Military Coordination Mechanism**

#### **REQUEST FOR ASSISTANCE FROM MILITARY**

Any requests for assistance from outside the region are to be made by the Chairman DDMA. Such requests are to be forwarded to the DG PDMA by the Chairman.

#### **ROLE OF MILITARY**

##### **PRE**

- Prepare necessary equipment, labour, transportation means and other material for emergency intervention
- Build emergency response team, who can tackle all kinds of disasters

##### **DURING**

- Assist people in safe evacuation;
- Provision of rescue services;
- Installation of temporary bridges, bunds etc
- Provision of medical care with the help of medical teams, including treatment at the nearest armed forces hospitals
- Establishment of relief camps
- Provision of logistic back up (aircrafts, helicopter, boats etc)

##### **POST**

- Construction and repair of roads and bridges with the help of engineering wing
- Cooperate and coordinate with District administration
- Facilitate other departments in capacity building in sector such as road construction, telecommunication, medical facilities, and other infrastructural development.

**Volunteer Network**

*E.g. how many registered volunteers, how to activate them, who will coordinate with them etc.*

There are 1800 volunteers registered with the Civil Defense. District Officer (CD) remain continuous in touch with the volunteer by means of their participation in different training programs conducted for their capacity buildings and in different events (National & International). In case of disaster already designated Team Leader is contacted first, who subsequently disseminate the same information to all team members for coordinated response.

# RISK ANALYSIS

## 1. Potential hazards of the district

Hazards	Likelihood (Score 1-5)	Impact (Score 1-5)	Risk
Floods	3	3	6
Urban Flooding	1	1	1
Flash Floods	0	0	0
Hill Torrent	0	0	0
Glacial Lake Outburst Flood (GLOF)	0	0	0
Landslide	0	0	0
Tornado	1	1	1
Earthquake	1	4	4
Drought	1	3	3
Epidemic	3	3	6
Fire Incidents	2	3	6
Other Major Accidents (Building Collapse, road traffic accidents, train accident, Stampede, plane crash)	1	4	4
Environmental Hazards (industrial accidents, severe pollution etc.)	1	3	3

Risk = Impact x Likelihood

Low : 1-7

Medium : 8-14

High : 15-25

## 2.Hazards

- *Disasters occurred over the past two to three decades and their impact on communities and development sectors*
- *Provide a brief description of the hazards being planned for (medium and high risks), including potential location that could be affected;*
- *Briefly outline the triggers*
- The district is prone to both natural and human induced hazards. This diverse profile includes hazards like riverine floods, Earthquakes, Epidemics, Pest Attacks, water born disease, hail Storms as well as industrial fires, sectarian violence, terrorism.

### Natural Hazards

- ✓ Riverine Floods,
- ✓ Earthquake,
- ✓ Epidemics,
- ✓ Pest Attacks,
- ✓ Livestock Epidemics,
- ✓ Water born

### Human Induced hazards

- ✓ Disease,
- ✓ Hail Storms Industrial Fires and industrial
- ✓ units related environmental
- ✓ pollution,
- ✓ Sectarian Violence,
- ✓ Terrorism

### 3. Response & Operational Capacity

*Briefly describe the existing response capacities in District (including government and NGO partners)*

(Rescue 1122)

Role & Responsibilities

Initial treatment and pre-hospital care of casualties

Initial triage of casualties

Transportation of injured

Safety of Persons in relation to fire prevention, fighting and recovery

Control of fire in designated fire zone

Control and cleanup of hazardous materials, spillage/release

Extrication of trapped Persons

Advice and directions on public safety/evacuation from fire/hazardous materials danger zone

Provision of specialist Personnel and equipment.

Provide management system for the deployment of public volunteers.

Assistance in rescue of trapped/stranded Persons

Augment emergency communication

Provision of trained search Personnel

Operational capacity

Human Resources (Staff)- 365

Volunteers- 10

Ambulances- 21

Fire vehicles- 06

Rescue Vehicle- 03

Motor Boats- 15

Life Jackets- 100

Tents- 195

(CIVIL DEFENSE)

Role & Responsibilities:

Provision of specialist Personnel and equipment.

Provision of Bomb disposal squad.

Operational capacity

Volunteers- 45

(POLICE SERVICE)

Role & Responsibilities:

Law and order

Traffic control

Crowd control

Control of evacuation, including registrations

Co-ordinate rescue of trapped/stranded Persons

Security of specific areas

Road blocks and diversions  
Tracing of Persons  
Augmenting emergency communications  
Investigations of offences and accidents  
Control of crime threatened site  
Assistance in stock and infected material tracing

Operational capacity  
Human Resources(Staff)- about 1631  
Metal Detectors- 207  
Total No. of Vehicles- 78

(HEALTH DEPARTMENT)

Role & Responsibilities:  
Public health advice and warnings  
Psychological and counselling services  
Medical and health care for the victims  
Triage/Treatment Point  
Assist in transportation

Operational capacity  
Beds-722 (250 in DHQ, Khanewal)  
Staff- 179

(MEPCO)

Role & Responsibilities:  
Control of electrical hazards  
Cut-off power in any area in case of emergency or Fire  
Restoration of power

(PTCL)

Role & Responsibilities:  
Emergency telecommunications  
Restoration of Telephone facilities

(NTC)

Role & Responsibilities:  
Emergency telecommunications  
Restoration of Telephone facilities

(SUI GAS)

Role & Responsibilities:  
Control of gas hazards  
Cut-off gas in case of emergency or fire Restoration of gas supply

(PROVINCIAL & HIGHWAY DEPARTMENT)

Role & Responsibilities:

Provision of heavy earthmoving equipment and Personnel as required

(PUBLIC WORKS AND SERVICES)

Role & Responsibilities:

Provision of engineering and logistical requirements to damaged areas.

Supplementary accommodation in schools for evacuation centres.

Operational capacity

Road Rollers- 11

Pick-ups- 2

Tractors /Trolley- 4

Staff- 189

(TMA)

Role & Responsibilities:

Provide Personnel, plant and equipment as necessary

Protection, maintenance and restoration of water and sewerage services

Monitor water quality

Implementation of safety standards of multi story buildings

Provision of Water Hydrants

Operational capacity

Dewatering Set- 19

## 4. Strategic Reserves

Items	Available	Functional	Non-Functional	Extra Demand
Boats	15	15	0	5
OBM	15	15	0	5
De-watering sets	19	19	0	0
Navigators	0	0	0	0
GIS devices	0	0	0	150
Life Jackets	100	100	0	100
Life Ring	15	15	0	10
Life Lines	5	5	0	0
Scuba diving suit with complete accessories	2	2	0	0
First Aid Kits	0	0	0	0
Rescue Bag	50	50	0	0
Safety Harnesses	20	20	0	0
Ambulances	21	21	0	0
Fire Brigade	7	7	0	0
Water Tanks / Bouzers	10	10	0	0
Extendable Ladders	0	0	0	0
Hydraulic Cutter	1	1	0	3
Sonar Rader	0	0	0	0
Jumping Sheet	12	12	0	0
Dumpers	0	0	0	0
Excavators	0	0	0	0
Cranes	0	0	0	0
Bulldozer	0	0	0	1
Boat Carrier/Trolleys	5	5	0	1
Pickups/Jeeps/4x4 vehicles/Mini Trucks	1	1	0	0
Searchlight	0	0	0	100
Tent	190	190	0	100
Mosquito Net	0	0	0	0
Plastic Mat	75	75	0	0
Blanket	90	90	0	0
Any other main relief/rescue equipment	0	0	0	0
Generator Sets	0	0	0	0
Gas-Cutters	0	0	0	0
Sonar Radars	0	0	0	0
Scuba Diving Set	2	2	0	0
Navigator/GPS Tracker	0	0	0	0
Hydraulic Cutter	1	1	0	3
Floating Rope	7	7	0	50

## 5.Gaps and Constraints

- *Briefly outline the capacity gaps in the provision of rescue and response;*
- *Describe major obstacles to providing humanitarian assistance (security, access constraints, administrative obstacles, logistics, etc.)*

Capacity gaps in the provision of rescue and response

More boats and OBMs are required to rescue the affected community

Navigators and GIS devices are required to identify exact location.

SCUBA sets and SONAR Radars are very useful equipments in flood

Obstacles to provide humanitarian assistance

Financial Constraints

Security Issues

Limited Mandate

No timely Information

## MITIGATION STRATEGY

- ✓ Briefly describe what measures could be taken to reduce the impact of the potential disasters.
- ✓ Strategic pre-positioning of available relief stocks
- ✓ Public education and community awareness

Hazards	Mitigate Actions	Responsible Department
Floods	Established the institutional and legal system for disaster management Prepare disaster management plans at various levels Conduct multi-hazard, vulnerability and risk assessment Establish multi-hazard early warning and evacuation systems Promotion of training, education and awareness in relation to disaster management Strengthen awareness program on disaster risk reduction at local level	The District Administration Rescue 1122 Local Govt. # EARLY WARNING

## Information Flow Diagram

## Alertness Levels

Following four levels alertness have been established:

<p><b>Level-D</b> (Disaster threat is perceptible)</p>	<p>DDMA shall conduct monthly meetings besides atleast 2 mock exercises as per DDMP, well in time, to make the concerned officers/officials understand their role and responsibility for better coordination and testing of rescue and relief equipment. DDMA shall also ensure the physical presence of concerned staff deputed and availability of equipment/resources for all designated vulnerable sites within given time frame during disaster. Vulnerable site’s inspections and necessary works/action shall be carried out as mitigation measures.</p>
<p><b>Level-C (Alert)</b> (Warning issued but likelihood of occurrence is less than 100%)</p>	<p><b>Activities to be undertaken in level D</b> + DDMA shall issue “<b>alert</b>” to all concerned for the vulnerable area. DDMA and LDMA (tehsil level) control rooms be made operational 24/7 and ensure availability of all required (available and additional) resources for on call mobilization and monitor the situation 6 hourly. Only DC and DPO shall grant leave according to the situation.</p>
<p><b>Level-B (High Alert)</b> (Disaster threat is imminent)</p>	<p><b>Activities to be undertaken in level C</b> + DDMA shall issue EW to all stakeholders and “<b>High Alert</b>” for the district to ensure that all additional HR and material resources including volunteers has reported to their assigned duties, and all resources for evacuation and disaster management have been mobilized as per DDMP. All emergency (health, fire, rescue 1122, LOCAL BODIES etc) facilities shall work 24/7 with full staff strength. DDMA shall monitor the situation on hourly basis.</p>
<p><b>Level-A (Red Alert)</b> (Disaster is materialized)</p>	<p><b>Activities to be undertaken in level B</b> + DDMA shall respond to the emergency immediately and shall carry out rescue and relief operation as defined in DDMP and shall continuously monitor the situation. Resources of adjoining districts shall be mobilized and Army may be called keeping in view the magnitude of the disaster.</p>

## Early Warning

*Briefly describe how the early warning will be received from provincial level?*

*Who is the focal person at district level?*

*Functions of District/Tehsil Emergency Control Rooms in early warning*

*How the early warning will be communicated to relevant departments for different disasters? What actions each relevant department should take after receiving the early warning e.g. evacuation.*

*How the early warning will be communicated to the relevant population? E.g. through Patwaris, SMS, Announcements, Media etc.*

- RECEIPT OF WARNINGS:

Warnings of a natural disaster (e.g. cyclone, floods, etc) will be issued in the first instance by the Bureau of Meteorology and the Officer in Charge is responsible to ensure that the information is immediately forwarded to the Chairman of the District Emergency Board.

In the event of a manmade disaster for which a warning would not be issued by the Bureau of Meteorology, the designated control authority (Rescue 1122, Police etc) is to advise the Chairman.

- WARNING DISTRIBUTION:

Upon the implementation of this plan, all public warnings will be distributed through the Disaster Co-ordination Centre upon recommendation of the relevant control authority and on the authorization of the Chairman.

- PUBLIC INFORMATION:

Public information is that information which is passed on to the public prior to, during, and after a disaster, such as warnings and direction. The Punjab Public Relation Department has the responsibility for the dissemination to the public of disaster management information as directed by the Chairman of the District Emergency Board or Incident Coordinator. When this plan is activated, the Chairman or Incident Coordinator is the official source of public and media information through his Information Officer. All outside media enquiries are to be directed to the Chairman. The Chairman is to arrange for media briefings and interviews with key Personnel.

- MEDIA OUTLETS:

- a) Radio: Both AM and FM strive to present the best Information for the public through this outlet.
- b) Television: All TV channels
- c) Newspapers: All local and National Newspapers

## RESCUE STRATEGY

- *What actions will be taken as an immediate response to the situation? E.g. Evacuation, medical assistance*
- *Who does what and when? Responsible departments/agencies*
- *How and when Pakistan Army will be requested to support the rescue activities*
- *Camp sites identified? List at Annex I.*

ESTABLISHMENT OF INCIDENTCOMMAND POST  
 ESTABLISHMENT OF LOISTIC CELL  
 ESTABLISHMENT OF SARCH &RESCUE TEAMS  
 SAFETY MEASURES  
 EVACUATION OF CASUALITIES ACCORDING TO TRIAGE  
 DATA COLLECTION  
 RECORD KEEPING  
 EMERGENCY MEDICAL TREATMENT  
 SAFE TRANSPORTATION TOHOSPITAL  
 POST OPERATION PROCEEDURES  
 CONSOLIDATED REPORT TO PMC/DC

### Role & Responsibilities of Rescue 1122

Initial treatment and pre-hospital care of casualties  
 Initial triage of casualties  
 Transportation of injured  
 Safety of Persons in relation to fire prevention, fighting and recovery  
 Control of fire in designated fire zone  
 Control and cleanup of hazardous materials, spillage/release  
 Extrication of trapped Persons  
 Advice and directions on public safety/evacuation from fire/hazardous materials danger zone  
 Provision of specialist Personnel and equipment.  
 Provide management system for the deployment of public volunteers.  
 Assistance in rescue of trapped/stranded Persons  
 Augment emergency communication  
 Provision of trained search Personnel

### REQUEST FOR ASSISTANCE FROM ARMY

Any requests for assistance from outside the region are to be made by the Chairman DDMA.  
 Such requests are to be forwarded to the DG PDMA by the Chairman. The Tehsil municipal officer or the chairman Tehsil Disaster Management Unit (TDMA) will make the request to the Chairman DDMA for Tehsil level disasters.  
 The Provincial Disaster management Authority will facilitate the accessing of contingency funds for disaster risk management and response in the region based on the modalities to be established and agreed upon with the approval of the DG PDMA.

## HUMANITARIAN ASSISTANCE

- *How damage and losses data will be collected and communicated to higher level?*
- *How the priority needs (e.g. food, shelter, health etc.) will be determined?*
- *What activities will be carried-out to provide assistance to the affected population and by whom?*
- *What assistance will be provided?*
- *Standardization of different packages/kits e.g. food, tents*
- *Humanitarian Assistance monitoring mechanism – to avoid duplication and identify gaps*
- *Minimum standards for camps, if camps are established*
- *What is the current capacity in the district? Enough for how much caseload?*
- *Explain how protection, gender and age, environment and other relevant cross-cutting issues that will be addressed or mainstreamed into the humanitarian assistance strategy*

How damage and losses data will be collected and communicated to higher level?

Damages and loss data due to flash flooding shall be collected from concerned Assistant Commissioners, and communicated to Additional District Commissioner, Khanewal. Which is then forwarded to Deputy Commissioner, Khanewal for onward of submission to Board of Revenue Punjab.

How the priority needs (e.g. food, shelter, health etc.) will be determined?

People with Low income and large families, pregnant women, kids, the elderly and people with physically/mentally disability will be top priority

What activities will be carried-out to provide assistance to the affected population and by whom?

### CRITERIA FOR EMERGENCY RELIEF ASSISTANCE

Emergency relief assistance for disasters/emergencies will be applied where it is determined that the capability of the affected community to assist itself is exceeded. Notification of such an event by the local services will initiate activation of the relief process. The priorities of emergency response will be life, shelter and basic needs (water, clothes, and food). Food relief constitutes items sufficient to meet 2600 calories (average calorie requirement per person per day) for 3 days. Damage Needs Assessment will be carried out within eight (8) hours of the event and subsequently within the next 72 hours to one week. Further needs assessment will depend on the nature of the disaster/emergency and level. As much as possible the emergency relief exercise will be completed within one to three weeks of the incident. The criteria for relief will be as follows:

Standardization of different packages/kits e.g. food, tents

PDMA has already issued the standardization of different packages/kits for food and tentage need of affected victims. Whole of the activity regarding humanitarian assistance and monitoring is supervised by Additional District Collector in consultation with all relevant stakeholders in order to avoid duplication of resources and identification of gaps.

Humanitarian Assistance monitoring mechanism - to avoid duplication and identify gaps

The affectees or occupier must show the following documents as evidence during the phase of Reconstruction:

- Proof of ownership of the house
- Proof of ownership of the land
- For repair and reconstruction of houses, building materials may be provided.
- Rental properties will be a low priority.
- The uninsured will take priority over the insured.
- Owners with more than one property will be low priority.
- Property under construction at the time of the event will be low priority

## ANNEX I: IDENTIFIED SITES FOR DISPLACED PERSONS

S#	Location	No. of persons which can be accommodated	GPS Coordinates	S#	Location	No. of persons which can be accommodated	GPS Coordinates
1	Govt. Girls Middle School Fazil Shah	100	X: 30.55 Y:71.83	16	Govt. Boys Priamry School Batti Bangla	50	X: 30.62 Y:71.80

## ANNEX III: LIST OF HEALTH FACILITIES AND THEIR VULNERABILITY TO HAZARDS

S#	Name and Location	GPS Coordinates	Health Facility Type (Primary, Secondary, Tertiary )	Name and Contact No of Focal Person	Hazard Vulnerability (Floods, Earthquake etc.)
1	BHU Bagar Sargana	X: Y:	Primary	Dr. M. Ijaz 0333-6217445	Earthquake, Epidemic& Flood
2	BHU Baqir Pur	X: Y:	Primary	Vaccant	Earthquak, Epidemic
3	BHU Chak No.9 Ghagh	X: Y:	Primary	Dr. Ghazanfar Abbas 0331-5272103	Earthquak, Epidemic
4	BHU Chak 18/D	X: Y:	Primary	Dr. Maria Hussain 0307-4493758	Earthquak, Epidemic
5	BHU Chank No. 27 Ghagh	X: Y:	Primary	Dr. Bareera 0303-2230518	Earthquak, Epidemic
6	BHU Chak No. 22 Ghagh	X: Y:	Primary	Dr. Sajid Riaz 0336-6920969	Earthquak, Epidemic
7	BHU Chitor Garh	X: Y:	Primary	Dr. Ammara Batool 0304-7610554	Earthquak, Epidemic
8	BHU Dandi Sargana	X: Y:	Primary	Dr. Shahrooz Saeer 0304-8614124	Earthquake, Epidemic& Flood
9	BHU Nawaz Wala	X: Y:	Primary	Dr. Ghulam Nabi Lodhi 0300-7891562	Earthquak, Epidemic
10	BHU Hashmat Mirali	X: Y:	Primary	Dr. Kashmala Javed 0300-8985469	Earthquake, Epidemic& Flood
11	BHU Hassan Abad Awal	X: Y:	Primary	Dr. Meemona Hameed 0317-6745314	Earthquake, Epidemic& Flood
12	BHU Ibrahim Pur	X: Y:	Primary	Dr. Abeerah Ishfaq 0323-6777425	Earthquak, Epidemic
13	BHU Jasoo Kanwan	X: Y:	Primary	Dr. Nazish Tanveer 0303-6611237	Earthquak, Epidemic
14	BHU Jodh Pur	X: Y:	Primary	Dr. Hafiz Aman Ullah	Earthquak, Epidemic

S#	Name and Location	GPS Coordinates	Health Facility Type (Primary, Secondary, Tertiary )	Name and Contact No of Focal Person	Hazard Vulnerability (Floods, Earthquake etc.)

## ANNEX XI: DATA COLLECTION PROFORMAS

### P1: House Damage Assessment

District: \_\_\_\_\_

Date: \_\_\_\_\_

S#	Name	Father Name	CNIC	Address	Revenue Estate	Union Council	Tehsil	Partially/Completely	Katcha/Pakka	%age of Damage	Contact No.	GPS Coordinates	Picture Taken (Y/N)

### P2: Deceased Person Reporting Proforma

District: \_\_\_\_\_

Date: \_\_\_\_\_

S#	Name of deceased	Father's name	Address	Domicile	Gender	Age	CNIC	Cause of death	Date of death	Place of death	Marital status	Next of kins (Name and Contact and CNIC etc.)	Verifying Officer (Name, Designation and Contact)	Compensation Paid or not

### P3: Injurd Person Reposrting Proforma

District: \_\_\_\_\_

Date: \_\_\_\_\_

S#	Name of injured	Father's name	Address	Domicile	Gender	Age	CNIC	Cause of injury	Date of injury	Injury Type (Permanent or Temporary)	Compensation Paid or not

**P4: Cattle Head Perished**

District: \_\_\_\_\_

Date: \_\_\_\_\_

S#	Name of Farmer	Father Name	CNIC	Mauza	Tehsil	Type of Animals	Number of Animals (Cow, sheep etc.)	Vaccinated/ Unvaccinated	Witness 1 name and contact No.	Witness 2 Name and Contact No.
----	----------------	-------------	------	-------	--------	-----------------	-------------------------------------	--------------------------	--------------------------------	--------------------------------

**P5: Crop Damages**

District: \_\_\_\_\_

Date: \_\_\_\_\_

S#	Tehsil	Qanoongoi	Union Council	Mauza	Farmer Name	Land owner/Tenant	CNIC of farmer	Contact number	Type of Crops	Total land affected (acres)	% of mauza affected
----	--------	-----------	---------------	-------	-------------	-------------------	----------------	----------------	---------------	-----------------------------	---------------------

**P6: Relief Distribution Tracking Proforma**

District: \_\_\_\_\_

Date: \_\_\_\_\_

S#	Location/ Destination	Arrival Date and time	Items	Quantity	Items short (if any)	Items sent by	Driver name	Received by	Bilty no
----	-----------------------	-----------------------	-------	----------	----------------------	---------------	-------------	-------------	----------

**P7: Private Machinery (Boats, Bulldozers, Cranes etc.)**

In case of mega disaster that overwhelms the resources of the Government in certain area, the equipment of private owners are engaged to continue with evacuation, rescue or relief services. The following template is filled to maintain a record of boat owners that might be engaged at the time of a disaster.

District: \_\_\_\_\_

Date: \_\_\_\_\_

S#	Name of boat owner	Father name	Contact Number	Age	CNIC	Location of boat/Machinery	Type of Machinery (Boat, Bulldozers, Cranes etc.)	Engine type	Boat capacity	Equipment Condition	Number of Machinery
----	--------------------	-------------	----------------	-----	------	----------------------------	---	-------------	---------------	---------------------	---------------------

**P8: Relief camp registration Proforma**

New entrants in the relief camps should be documented on a weekly basis by utilizing the following template:

District: \_\_\_\_\_

Date: \_\_\_\_\_

S#	Nationality	Domicile	Male	Female	Age	Children Under 12	Infants under 3	Sick	Injured	Pregnant
----	-------------	----------	------	--------	-----	-------------------	-----------------	------	---------	----------

**P9:NGOs registration proforma**

All the Non-Governmental Organizations operating in the disaster affected areas should register themselves at PDMA's website. The following template has been developed for NGOs assisting the Government in disaster response.

District: \_\_\_\_\_

Date: \_\_\_\_\_

S#	Name of NGO	Local /INGO	Relief activity	Relief camp if any	Focal person in the district	Registered with PDMA	Foreigners to be visiting or not.
----	-------------	-------------	-----------------	--------------------	------------------------------	----------------------	-----------------------------------

**P10: Control Room**

PDMA requires all districts to setup a control room at the incidence of a disaster. This control room would plan and execute a well-knit Governmental disaster response by bringing together all representatives of the various Governmental departments. This control room would be operational around the clock and PDMA must be informed about its operation and in-charge by filling the following template:

District: \_\_\_\_\_ Focal Person: \_\_\_\_\_ Date: \_\_\_\_\_

S#	Location of control room	Shift I Incharge Name and Contact	Shift II Incharge Name and Contact	Shift III Incharge Name and Contact	Phone Numbers	Fax Numbers	E- Mail Address
----	--------------------------	-----------------------------------	------------------------------------	-------------------------------------	---------------	-------------	-----------------

## ANNEX XII: CAMP MANAGEMENT SOPs

- Camps would be established in areas accessible by metalled roads so that provision of essential facilities is not difficult
- Basic facilities such as food, clean drinking water, health, hygiene and sanitation should be available at these shelters.
- Proper registration mechanism should be in place to differentiate between those actually affected and cunning opportunists
- Proper security system should be in place in coordination with the local police as the presence of police always acts as deterrence for criminals who may be attracted to such places.
- Emergency medical care should be available as well as a proper firefighting system as fire out breaks are common in such tents
- Proper camp management should be announced and notified and there should be a complaint cell as well
- A proper distribution mechanism should be in place to ensure that the needy get what they deserve.
- Scattered camps should be catered for and encouraged to join the main camp.
- At times shallow hand pumps are not safe for drinking as the water underground has been affected. In such cases clean medicated water should be provided through water bowsers.
- Vector control is an essential part of the camp management and steps should be taken to remove rats, snakes and mosquitoes etc.
- Un-accompanied and missing children shall be placed separately with proper care and fulfilment of their physical and psycho-social needs.
- Needs of women as per local and cultural environment shall be considered for establishing separate relief camps for ladies with provision of proper security and light arrangements.

Land	3.0-4.5 square meter per person
<b>Shelter</b>	3.5 square meter per person
<b>Water</b>	15-20 liters per person per day
<b>Food</b>	2100 kcal per person per day
<b>Toilet</b>	One per family of 6-10 persons
<b>Health Centre</b>	One per 20,000 persons
<b>Child Friendly Spaces</b>	2-4 year olds- 15 children:2 facilitators
	5-9 year olds-20 children : 2 facilitators
	10-18 year olds- 30 children :2 facilitators
<b>Hospital</b>	One for as many as 200,000 persons

## ANNEX XIII: FLOOD BUNDS

### INFORMATION REGARDING FLOOD BUND CATEGORY A

SR:#	NAME OF DIVISION	NAME OF EMBANKMENT / BUND	LENGTH (ft)
<b>SARGODHA ZONE</b>			
1	Rasul Head works Division	Right Guide Bund	2,121
2	-do-	Left Guide Bund	3,360
3	-do-	Right Guide Spur	2,762
4	-do-	Left Marginal Bund	17,170
<b>Total in feet.</b>			<b>25,413</b>
<b>Total in Miles.</b>			<b>4.81</b>
<b>PMO BARRAGES</b>			
1	Kalabagh H/Works Division	Jinnah Barrage	25,080
<b>Total in feet.</b>			<b>25,080</b>
<b>Total in Miles.</b>			<b>4.75</b>
<b>FAISALABAD DIVISION</b>

## ANNEX XV: LIST OF BASIC TERMS

### **Acceptable risk**

The level of loss a society or community considers it can live with and for which it does not need to invest in mitigation

### **Biological hazard**

Biological vectors, micro-organisms, toxins and bioactive substances, which may cause the loss of life or injury, property damage, social and economic disruption or environmental degradation.

### **Capacity**

A combination of all the strengths and resources available within a community, society or organization that can reduce the level of risk, or the effects of a disaster.

Capacity may include physical, institutional, social or economic means as well as skilled personnel or collective attributes such as leadership and management. Capacity may also be described as capability.

### **Capacity building**

Efforts aimed to develop human skills or societal infrastructure within a community or organization needed to reduce the level of risk. In extended understanding, capacity building also includes development of institutional, financial, political and other resources, at different levels of the society.

### **Climate change**

The climate of a place or region is changed if over an extended period (typically decades or longer) there is a statistically significant change in measurements of either the mean temperature or variability of the climate for that region.

### **Coping capacity**

The means by which people or organizations use available resources and abilities to face a disaster. In general, this involves managing resources, both in normal times as well as during crises or adverse conditions.

### **Disaster**

A serious disruption of the functioning of a community or society causing widespread human, material, economic or environmental losses which exceed the ability of the affected community or society to cope using its own resources. It results from the combination of hazards, conditions of vulnerability and insufficient capacity to reduce the potential negative consequences of risk.

### **Disaster risk management (DRM)**

The comprehensive approach to reduce the adverse impacts of a disaster. DRM encompasses all actions taken before, during, and after the disasters. It includes activities on mitigation, preparedness, emergency response, recovery, rehabilitation, and reconstruction.

### **Disaster risk reduction/disaster reduction**

The measures aimed to minimize vulnerabilities and disaster risks throughout a society, to avoid (prevention) or to limit (mitigation and preparedness) the adverse impacts of hazards, within the broad context of sustainable development.

### **Early warning**

The provision of timely and effective information, through identified institutions, to communities and individuals so that they could take action to reduce their risks and prepare for effective response.

### **Emergency management**

The management and deployment of resources for dealing with all aspects of emergencies, in particularly preparedness, response and rehabilitation

### **Forecast**

Estimate of the occurrence of a future event (UNESCO, WMO). This term is used with different meanings in different disciplines.

### **Geological hazard**

Natural earth processes that may cause the loss of life or injury, property damage, social and economic disruption or environmental degradation. For example earthquakes, tsunamis, volcanic activity and emissions, landslides, rockslides, rock falls or avalanches, surface collapses, expansive soils and debris or mud flows.
