## XX

Estimated number of people at risk of **floods** in 2017

Risk: High

## XX

Estimated number of people at risk of Hill Torrent in 2017

Risk: Medium

## XX

Estimated number of people at risk of earthquake in 2017

Risk: Low

## XX

Estimated number of people at risk of epidemic in 2017

Risk: Medium

## EXECUTIVE SUMMARY

Faisalabad is considered as third largest populated city. It is bounded in the north by Gujranwala and Sheikhupura Districts, east by Sahiwal District, South by Toba Tek Singh district and west by Jhang District. Tehsil Tandlianwala of District Faisalabad touches with river Ravi at Maripatan and is venerable to flood during monsoon season, however, no major flood is being experienced by the said Tehsil in almost last two decades. The emergency teams of District Administration, Faisalabad and allied agencies have adopted a proactive approach for tackling the flood emergency as well as other natural disasters.

However, the operational capacity of different rescue agencies needs to be improved and efforts for same are already under way. The foremost response objective is to protect the lives of citizens and facilitate them to their level of satisfaction. Above all, relief equipment and specialized human resource is working effectively under the guideline and strategic support of PDMA.

## AIM AND OBJECTIVES

The plan is aimed to manage emergencies by putting in place requisite mitigation measures and a well-coordinated and integrated response at district level.

The main objectives of the plan include:

- To develop a plan of action for the District Disaster Management Authority and other district stakeholders to set priorities and provide directions for disaster management;
- To define the roles of various stakeholders in disaster management in all the phases pre, during and after disaster;
- To raise awareness of stakeholders about disaster risks and the requirements for disaster management;
- To introduce coordination mechanism for immediate response and rehabilitation at district level;
- To enhance the effectiveness and timeliness of emergency response through the clarification of goals, strategies, roles and responsibilities;
- To strengthen response coordination between government departments and humanitarian organizations (UN agencies, I/NGOs);

# DISTRICT PROFILE

## Socio-Economic Indicators (Average)

S.No.	Particulars	Numbers
1.	Population	7247000
2.	No. of Tehsils	6
3.	No. of CCs/UCs	157 CCs/UCs 189
4.	No. of Revenue Estates	809
5.	Population Density (people per km <sup>2</sup> )	1237 sq.km
6.	Family Size	
7.	Pop Growth Rate	
8.	PCI	
9.	District GDP/Annual Income	
10.	Poverty Rate

## COORDINATION MECHANISM

### Coordination Organogram (including Sector lead agencies/departments, Military, NGOs and Volunteers)

The professional human resource of District Administration is the back bone of the all emergency operation in case of any disaster. The centralized control rooms established at Divisional and District level facilitate the stake holders and helps him creating good liaison among the allied departments like Rescue-1122, Civil Defence, Health, Education, Live Stock, Agriculture and Social Welfare etc. The volunteers of registered NGOs along with staff of civil defense always keep and eye on the pre-flood situation and apprise the District Administration regarding apprehended emergency situation.

### UNIFIED COMMAND SYSTEM.

**DDMA (composition, functions and responsibility)**

- i. **Deputy Commissioner (Chairperson)**
- ii. City Police Officer.
- iii. Addl. Deputy Commissioner (Revenue) Addl. District Collector
- iv. Two Elected Representatives to be nominated by the Chair
- v. Representative of Pak Army
- vi. Two Representatives of NGOs/Civil Society to be nominated by the Chair
- vii. Addl. Deputy Commissioner (General)
- viii. Addl. Deputy Commissioner (F&P)
- ix. Executive Engineer, Highway Maintenance Division.
- x. Chief Executive Officer (Health)
- xi. Chief Executive Officer (Education)
- xii. Deputy Director Social Welfare.
- xiii. SP Special Branch
- xiv. XEN Irrigation / Public Health
- xv. Civil Defence Officer.
- xvi. Chief Officer, Municipal Corporation & Zila Council.
- xvii. All Chief Officers Municipal Committees in the District
- xviii. District Emergency Officer, Rescue 1122 (Secretary)
- xix. Representative of Red Crescent
- xx. Such other District level Officers to be appointed by District Government

**FUNCTIONS & RESPONSIBILITIES.**

**To review & analyse monthly statistics related to all emergencies and formulate appropriate policies & take actions for prevention and mitigation of hazards endangering public safety.**

**Perform such other functions as may be assigned to it by the Provincial Authorities.**

**The Authority shall meet at least once in every month and may invite any person of the District as co-opted member.**

**Disaster Management Coordination Centre/Control Room (functions and responsibilities)**

There must be a Control Center at District level for the rapid information and quick Coordination among all concerned Departments i.e. Police, traffic Police, Special Branch, Health, Rescue 1122, Building Department, XEN (Highway) Maintenance Divn. Roads), Waste Management Company, FESCO, Sui Gas, Public Relations, CO, Municipal Corporation, Social Welfare, WASA through wireless network in case of any disaster/emergency under the supervision of Deputy Commissioner/Controller Civil Defence. The district Control Center must be interlinked at Tehsil level. Municipal Corporation, Zila Council and each Municipal Committees must setup a sub control Center which will be interlinked with all the concerned emergency Departments at Tehsil Level under the supervision of Assistant Commissioner/Deputy Controller civil Defence.

**Powers and functions of District Disaster Management Authority under NDM Act 2010:**

The District Authority shall be as the district planning, coordinating and implementing body for disaster management and take all measures for the purposes of disaster management in the district in accordance with the guidelines laid down by the National Authority and the Provincial Authority.

Without prejudice to the generality of the foregoing provisions, the District Authority may:

- a) prepare a disaster management plan including district response plan for the district;
- b) coordinate and monitor the implementation of the National Policy, Provincial Policy, National plan, Provincial Plan and District Plan;

- c) ensure that the areas in the district vulnerable to disasters are identified and measures for the prevention of disasters and the mitigation of its effects are undertaken by the departments of the Government at the district level as well as by the local authorities;
- d) ensure that the guidelines for prevention, mitigation, preparedness and response measures as laid down by the National Authority and the Provincial Authority are followed by all departments of the Government at the district level and the local authorities in the district;
- e) give directions to different authorities at the district level and local authorities to take such other measures for the prevention or mitigation of disasters as may be necessary;
- f) lay down guidelines for preparation of disaster management plans by the departments of the Government at the districts level and local authorities in the district;
- g) monitor the implementation of disaster management plans prepared by the departments of the Government at the district level;
- h) lay down guidelines to be followed by the departments of the Government at the district level;
- i) organize and coordinate specialized training programmes for different levels of officers, employees and voluntary rescue workers in the district;
- j) facilitate community training and awareness programmes for prevention of disaster or mitigation with the support of local authorities, governmental and non-governmental organizations;
- k) set up, maintain, review and upgrade the mechanism for early warnings and dissemination of proper information to public;
- l) prepare, review and update district level response plan and guidelines;
- m) coordinate with, and give guidelines to, local authorities in the district to ensure that pre-disaster and post-disaster management activities in the district are carried out promptly and effectively;
- n) review development plans prepared by the departments of the Government at the district level, statutory authorities or local authorities with a view to make necessary provisions therein for prevention of disaster or mitigation;
- o) identify buildings and places which could, in the event of disaster situation be used as relief centres or camps and make arrangements for water supply and sanitation in such buildings or places;
- p) establish stockpiles of relief and rescue materials or ensure preparedness to make such materials available at a short notice;
- q) provide information to the Provincial Authority relating to different aspects of disaster management;
- r) encourage the involvement of non-governmental organizations and voluntary social-welfare institutions working at the grass root level in the district for disaster management.
- s) ensure communication systems are in order and disaster management drills are carried out periodically; and
- t) perform such other functions as the Provincial Government or Provincial Authority may assign to it or as it deems necessary for disaster management in the district.

**District Plan:**

- a) There shall be a plan for disaster management for every district of the Province.
- b) The District Plan shall be prepared by the District Authority having regard to the National Plan and the Provincial Plan.
- c) The District Plan shall be reviewed and updated annually.

**Additional Powers of District Authority:**

For the purpose of assisting, protecting or providing relief to the community, in response to any disaster, the District Authority may:

- a) give directions for the release and use of resources available with any department of the Government and the local authority in the district;
- b) control and restrict vehicular traffic to, from and within, the vulnerable or affected areas;
- c) control and restrict entry of any person into, his movement within and departure from, a vulnerable or affected area;
- d) remove debris, conduct search and carry out rescue operations;

- e) provide shelter, food, drinking water and essential provisions, healthcare and services;
- f) establish emergency communication system in the affected area;
- g) make arrangements for the disposal of the unclaimed dead bodies;
- h) direct any department of the Government of the Province or any authority or body under the Government at the district level to take such measures as are necessary in its opinion;
- i) require experts and consultants in the relevant fields to advise and assist as it may deem necessary;
- j) procure exclusive preferential use of amenities from any authority or person;
- k) construct temporary bridges or other necessary structures and demolish structures which may be hazardous to public or aggravate the effects of the disaster;
- l) ensure that the non-governmental organizations carry out their activities in an equitable and non-discriminatory manner; and
- m) take such other steps as may be required or warranted to be taken in such a situation.

#### **Revenue Department (Functions and Responsibilities)**

In case of any disaster or calamity the head of the revenue department in the district i.e. the Deputy Commissioner/District Collector, should ensure that the following measures and steps have been taken:

- Taking everyone on board is perhaps the most important thing to do. Regular meetings of DDMA should be held to clearly highlight the roles and duties of CPO, DOs, XENs, CEOs, etc.
- Pre-flood meeting should be held and duties of all concerned officers and departments should be clearly defined and assigned.
- A district disaster management plan should be prepared using the set template and updated regarding any disaster or emergency that may strike the district.
- A focal person for the disaster or calamity should be nominated and his/her number should be communicated to all concerned departments.
- Proper stock taking should be done regarding available stocks of food and rations. Similarly stock regarding machinery and equipment should also be taken and inventories should be prepared. Out of order machinery should be repaired or replaced.
- Committees should be formed and constituted which will deal with various functions during a flood or emergency. Purchasing of food items, food, and machinery should all be done through committees.
- Identification of Low lying, medium and high vulnerability levels with flood level
- In case of evacuation the district administration should be very clear about the places where the relief camps or shelters will be established. Teams should be formulated which will look after these camps and will be in-charge for provision of tents, food, water and maintaining general law and order. Provision of cooked food is also to be ensured.
- Proper ware houses and stores should be made available for storing of aid and donated items that may be received from authorities such as PDMA, WFP etc. A committee should be constituted to look after the record of all the items in the store.
- Proper crop surveys or girdawaris should be conducted through the revenue officials so that crop damage assessment can be made after disaster or flood affects the district. These surveys will also help in determining the identity of the true owners as well.
- Post damage assessment should be carried out by joint teams constituted of patwaris, teachers, and agriculture field assistants. Technology should be involved and android sets should be used to gather accurate data.
- Round the clock active control rooms should be set up and the numbers be circulated to all concerned. The control rooms should be equipped with wireless, telephones and computers. All info gathered or received should be conveyed to the concerned. The control room should have representatives of concerned departments such as police, health, 1122, and revenue.
- Early warning is critical in saving lives. The local revenue officials along with local police should be deployed to warn the people against the oncoming disaster and to urge them to vacate the disaster prone areas and villages. Loudspeakers, mosque speakers and word of mouth should be used. Banners and posters can also be used.

- Data collection is of prime importance and the senior network administrator should be declared as the focal person for collection of relevant information such as number of casualties, damages to infrastructure, injured, perished livestock etc. for onward submission to PDMA etc.
- Mock exercises should be carried out along with all concerned departments specially 1122, Police, Civil Defence and Pakistan army regarding the action plan during any emergency or flood. This will give a fair idea about the preparedness of the district.
- Availability of vehicles should be ensured for use during any emergency especially off road vehicles like jeeps.
- Suitable locations should be identified for accommodating armed forces like the Pakistan army. Normally schools, colleges or stadiums are allocated for the armed forces

#### Checklist for Revenue Department:

- Survey of entire District (Preparation of Village level information by Patwari)
- Identification of Low lying, medium and high: vulnerability levels with flood level
- Liaison of Patwari with Numberdars of their respective villages
- Contacts of all revenue staff posted near river belts and their output in floodprone areas
- List of Numberdars with their contacts, volunteer from low lying settlements with contact numbers
- Prepare list of vulnerable villages and make an estimate of likely affected population in such villages in the event of flood
- Name and contact numbers of private boat owners and operators Announcement of Flood Warning at settlement level – Patwari responsible Forced evacuation with police
- Rapid assessment for relief goods and ration provision Coordination and reporting
- Carry out survey of entire flood affected areas to assess losses in collaboration with Agriculture, Livestock and Education Department
- Conduct crop damaged/ house damaged surveys

#### Municipal Administration (Municipal Corporation) Tehsil Administration (Municipal Committees)

- Municipal Administration (Municipal Corporation) and Tehsil Administration (Municipal Committees) play an important role of providing municipal services in the district including clean drinking water, sanitation facilities, maintenance of parks and removal of encroachment etc.
- Municipal Administration (Municipal Corporation) Tehsil Administration (Municipal Committees), will provide assistance to the District Government for setting up and management of relief camps/ operations.
- Municipal Administration (Municipal Corporation) Tehsil Administration (Municipal Committees) are responsible for provision & restoration of water and sanitation facilities in their municipalities besides disposal of waste or rain water/sewerage.
- Municipal Administration (Municipal Corporation) Tehsil Administration (Municipal Committees) are equipped with trucks, water bowsers, tractors, dewatering sets, bulldozers, loaders and dump trucks. All of these equipment are utilized to restore proper sanitary facilities, ensure the delivery of clean water and remove debris or excess water.
- Municipal Administration (Municipal Corporation) Tehsil Administration (Municipal Committees) sanitary workers can be employed for cleaning relief camps, or other such areas which has been affected by any disaster.
- Municipal Administration (Municipal Corporation) Tehsil Administration (Municipal Committees) employ de-watering sets to remove excess water. Municipal Corporation, Zila Council, Municipal Committees, are required to ensure the maintenance of all dewatering sets prior to the monsoon season and maintains a list of all the choking points where rainy water accumulates as a result of heavy storms which can cause urban flooding.
- Municipal Administration (Municipal Corporation) Tehsil Administration (Municipal Committees) should ensure supply of clean drinking in overhead reservoirs and ensure supply to the affected areas or relief camps through water bowsers. Clean drinking water is a major issue and requirement during any disaster.

- In case of any disaster that requires people to be relocated, the Municipal Administration (Municipal Corporation) Tehsil Administration (Municipal Committees), under the concerned Assistant Commissioner, i.e ADCs/ACs will assist in the migration of the affected people.
- During the relief effort and subsequent rehabilitation effort the, the local Municipal Administration (Municipal Corporation) Tehsil Administration (Municipal Committees) manpower can be effectively used for the distribution of food and essential commodities among evacuated people or any other relief activity such as provision of cash compensation.

### District Disaster Management Authority (DDMA)

- DDMA's are created under the NDM Act 2010 under Chapter IV Section 18 and the law defines their composition and also outlines their functions, duties and powers.
- District Disaster Management Authorities are the first line of defense and the implementing arm of the government policy and plans. Within the district there are three to four key players/departments that have to put up a joint and coordinated effort in order to fight with and handle any disaster under the leadership and coordination of the Deputy Commissioner. The office of the Deputy Commissioner fully supported by the CPO and line departments such as Health, Agriculture, Livestock, Civil Defence, 1122, Municipal Corporation, Zila Council, Municipal Committees and the Revenue Department form the main disaster management team within any given district. This plan is an effort to highlight their sets of responsibilities followed by the role of provincial departments.
- All district administrations had prepared a detailed contingency plan to face any disaster or hazard specially floods which until recently have become an annual affair for some districts.
- The district administration will divide the area as per district division with the Assistant Commissioner as in charge of his/her tehsil. All disaster related activities in a said tehsil will be coordinated through the concerned AC and the Municipal Corporation, Zila Council, Municipal Committees.
- On receipt of a flood warning, immediate warning will be conveyed to all the concerned officers. Immediate action will be taken in each sector / sub sector for evacuation of the population from risk prone areas to safer places or to Relief Camps. An Assistant Commissioner will ensure that announcements are made through loudspeakers of the mosques utilizing the services of the Revenue department. Each Patwari will inform the Numbardar, Headmaster of the School, Imam Masjid and councillors to make announcements etc.
- The tactical operations would be headed by the Addl. Deputy Commissioner(Revenue) District Collector, The ADC(Revenue) would be responsible for coordinating and supervising the disaster control and relief measures in the district.
- Provincial government had notified the following composition of DDMA's for whole of the province:
  - Deputy Commissioner (Chairperson)**
  - City Police Officer.
  - Addl. Deputy Commissioner (Revenue).
  - Two Elected Representatives to be nominated by the Chair
  - Representative of Pak Army
  - Two Representatives of NGOs/Civil Society to be nominated by the Chair
  - Addl. Deputy Commissioner (General)
  - Addl. Deputy Commissioner (F&P)
  - Executive Engineer, Highway Maintenance Division.
  - Chief Executive Officer (Health)
  - Chief Executive Officer (Education)
  - Deputy Director Social Welfare.

- xiii. SP Special Branch
- xiv. XEN Irrigation / Public Health
- xv. District officer Civil Defense
- xvi. Chief Officer, Municipal Cooperation & Zila Council.
- xvii. All Chief Officers Muniunicipal Committees in the District
- xviii. District Emergency Officer, Rescue 1122 (Secretary)
- xix. Representative of Red Crescent
- xx. Such other District level Officers to be appointed by District Government

- District Governments must establish a Disaster / Flood control room at the Deputy Commissioner's office, the numbers of which will be circulated to all concerned. The Disaster / Flood Control Room has to maintain updated information regarding the threat of disaster and statistics post disaster. The center will maintain a regular communication with the Flood Forecasting Division or the dam authorities up stream in case of a flood.
- The District Government would immediately mobilize the equipment needed to tackle the challenges created by a disaster. The District Governments will provide a comprehensive list of flood fighting equipment to PDMA as part of their flood contingency plans.
- Executive District Officer (Health) will ensure the availability of adequate medicines for treatment of common issues, particularly for snake and dog bite cases and general vaccines at each relief camp.
- Deputy Director, (Agriculture) Extension, and Addl. Director Livestock would arrange fodder and feed supplement for livestock and animals displaced.
- District Regional Transport Authorities (DRTA) in all 36 districts of Punjab are managed by Secretaries who would coordinate with local transporters to arrange for arranging transport required for evacuation of people from affected areas. In case of shortfall in transport in a particular district, the adjoining district would mobilize the transporters in his district to assist with the evacuation of people.

#### **Role of Rescue 1122 in districts during disaster**

- The immediate evacuation of people from the disaster prone and vulnerable areas.
- Provision of immediate medical aid during any emergency and at the same time transporting the injured or sick to the nearby hospital through their team of ambulances.
- In flood situations rescuing people from drowning in the strong currents is a specialty of 1122 as it has its own set of divers and boats. Similarly in case of collapsed buildings or structures the 1122 is equipped with heavy machinery to cut through heavy debris.
- Apart from that responsible deployment of fire fighters, cordoning of hazardous areas, provision of first aid and medical treatment, immediate search and rescue of victims and management of the pre-hospital emergency system.
- Rescue 1122 is well trained in setting up medical camps for provision of emergency medical treatment. These camps are setup by Rescue 1122's doctors and paramedic staff.

#### **Pre-disaster Check list for DDMA**

- Meeting of DDMA held
- Identification of vulnerable areas
- Identification of Safe places
- Preparation of contingency plan
- Bunds and encroachments visited
- Sites identified for relief camps Evacuation routes/plan

- 
- Safe custody of Government records and essential equipment and their shifting to safer areas on receipt of flood warning
  - Enlistment of department wise available resources
  - Preparation of list of required relief goods/ items
  - Involvement of Volunteers, NGOs and other CSOs
  - Designation of Focal Person
  - Preparation of District vulnerability map with varying degrees of floods
  - Evacuation well in time from vulnerable areas
  - Establishment of Camps – All services under one roof
  - Flood warning and weather forecast: Loudspeakers announcements
  - Establishment of control rooms
  - Cancellation of all type of leaves of all employees Designation of Focal Persons
  - Assignment of duties and responsibilities of all officers for flood emergency
  - Preparation of Telephone Directories with the cell numbers of all the members of DDMA's and volunteers
  - No leave during flood days; No official will leave station

### **Disaster Emergency Control Room (functions and responsibilities)**

There must be a Control Center at District level for the rapid information and quick Coordination among all concerned Departments i.e. Police, traffic Police, Special Branch, Health, Rescue 1122, Building Department, XEN, (Highways), Waste Management Company, FESCO, Sui Gas, Public Relations, Chief Officer, Municipal Corporation, Social Welfare, WASA through wireless network in case of any disaster/emergency under the supervision of Deputy Commissioner/Controller Civil Defence. The District Control Center must be interlinked at Tehsil level. The Municipal Corporation and Municipal Committees must setup a sub control Center which will be interlinked with all the concerned emergency Departments at Tehsil Level under the supervision of Assistant Commissioner/Deputy Controller Civil Defence.

**Checklist for Control Room:**

- Dedicated Staff as per magnitude of the disaster
- Duty roaster of the staff
- 2 Dedicated telephone lines
- Dedicated Fax
- Wireless
- Internet and Email or any other source of communication
- Power backup

**Checklist for Relief Camp Incharge:**

- List of staff displayed with name and department teams will work in shifts
- Presence of representatives of all service providers i.e. Health, livestock, Rescue 1122, Civil Defence etc.
- No movement without the permission of Centre Incharge
- Each shift in-charge to contact District Control Room on arrival and then on departure
- In-charge will keep close liaison with SHO of the respective area
- No of affectees in camp (sick, aged and children) shall be communicated daily
- Availability of at least one emergency vehicle at center be ensured
- Keep record of private boat owners and their contacts details
- List of Doctors and private hospital in the vicinity
- List and contact of philanthropists in the vicinity
- Keeping record of donations coming directly to Centre and report the same to Tehsil and District Incharge.
- Centre Incharge shall ensure vaccination of animals and humans against Communicable diseases
- List of missing persons must be displayed at all Relief Camps

**Role of Health Department**

The public sector health delivery system comprises of four tiers and as such will continue to provide services at these four tiers during and after any disaster:

Outreach and Community Based Activities, which focus on immunization, sanitation, malaria control, maternal and child health, and family planning. Primary care facilities include BHUs, RHCs. THQs and DHQs provide inpatient and outpatient care. Tertiary care hospitals located in the major cities for more specialized care.

In case of any disaster or calamity the health department will ensure that the following measures are in place;

- To provide first aid to the injured people and arrange evacuation of patients for further assistance.
- Medical camps and mobile health teams should be arranged for prevention and control of communicable diseases, immunization and provision of essential drugs.
- Health department would make a roster of all medical officers and paramedics that would be deployed to these camps and teams.
- Drugs and other medical equipment should be available at all these camps and with mobile teams. The medicine should be for relevant flood related issues, **particularly Anti-snake venom, Anti-rabies.**
- The shelters or relief camps established by the district administration should have medical centers with ambulances and special facilities for women and children.
- An emergency control room will be established in the office of Directorate General Health Services and a representative of this emergency control room would be designated to PDMA's control room.
- A list of essential medicines would be prepared by the Health department and it would ensure that medicines and other resources are present in sufficient stocks in hospitals in disaster hit areas.
- Medical colleges may be involved to create Emergency Response teams
- Health department would also coordinate with international organizations such as WHO and UNICEF.
- Extensive disease surveillances in the disaster hit areas should be carried out warnings if needed be issued through the Disease Early Warning System.

- Medical teams and paramedic staff should be mobilized and deployed for rapid assessment and quick response in the affected areas.
- A contingency plan will be prepared and submitted regarding preparedness for any disaster or calamity.
- The National Disaster Management Authority has designated WHO as the key organization that will fill the gaps in the supply of medicines, rapid diagnostic kits, and vaccinations etc.
- The department would employ female health workers in emergency areas specially, for spreading awareness regarding health risks in a disaster and for any vaccination or immunization programme that may be needed during any emergency.
- A Health and Nutrition Cluster for overall management and oversight of Health department's disaster response would be formed at the Directorate General Health office.
- In case the medicine stocks or even the infrastructure is damaged due to floods, the department would draw up a plan for early recovery of health infrastructure and service delivery.

### **Civil-Military Coordination Mechanism**

The District Administration with the help of other allied departments meet any emergency and in case of big disaster, the Military Authorities are on board alongwith the Rangers. The District Monitoring Control Center is constantly keeping a close eye on the situational hazards and after assessing the situation inform the concerned Military Officer to intervene into the situation and tackle the emergency on quick response basis.

The basis aim of the civil-Military coordination is to reduce confusion, eradicate duplication of effort, provide a more effective operational process, improve the life saving and property protection effectiveness of the effort and most importantly, serve to provide a safer environment for the general public.

**Volunteer Network**

*E.g. how many registered volunteers, how to activate them, who will coordinate with them etc.*

Total number of volunteer is 200 registered with Civil Defense, Faisalabad. District Officer Civil Defense is the focal person to coordinate with these volunteer and activate them at the time of emergency where needed. List of that volunteer is attached herewith.

# RISK ANALYSIS

## 1. Potential hazards of the district

Hazards	Likelihood (Score 1-5)	Impact (Score 1-5)	Risk
Floods	7	7	49
Urban Flooding	8	8	84
Flash Floods	8	8	64
Hill Torrent	2	2	4
Glacial Lake Outburst Flood (GLOF)	2	2	4
Landslide	2	2	4
Tornado	3	3	9
Earthquake	8	8	64
Drought	7	7	49
Epidemic	7	7	49
Fire Incidents	15	15	225
Other Major Accidents (Building Collapse, road traffic accidents, train accident, Stampede, plane crash)	8	8	64
Environmental Hazards (industrial accidents, severe pollution etc.)	14	14	196

Risk = Impact x Likelihood

Low : 1-7

Medium : 8-14

High : 15-25

## 2.Hazards

- *Disasters occurred over the past two to three decades and their impact on communities and development sectors*
- *Provide a brief description of the hazards being planned for (medium and high risks), including potential location that could be affected;*
- *Briefly outline the triggers*

In District Faisalabad, the communities are mainly effected from the pollution hazards, industrial hazards and fire incidents. In the past two or three decades there have been a large number of fire incidents occurred in different urban parts of the city, however the same were coped up with the specialize rescue agencies. Moreover, no major and minor flood has been seen during the period.

The main reason for the above mentioned hazards is the hugely established industry in the area that certainly provokes the incidents and at the same time the smoke and wastage of the industries have added in the problems faced by the citizens, however, with the help of industries and environment departments, the district Administration is working hard to minimize the damage caused by the above mentioned hazards.

District detail map with vulnerable points, hazards, planned camps, health facilities, warehouses etc.

Source:

### 3. Response & Operational Capacity

*Briefly describe the existing response capacities in District (including government and NGO partners)*

The District Administration, Faisalabad in the light of standing instructions of PDMA has emphasized upon the following relief efforts at the time of any emergency or disaster.

- ✓ Establishment of Relief Desk and appointment of Focal Person at District/Tehsil level with phone/cell numbers.
- ✓ Buildings of Educational Govt. as well as Private institutions along with detail of other suitable buildings of Govt./Private sector including Mills etc. for immediate shifting of effected persons in case of natural disaster.
- ✓ Govt./Private Hospitals with their capacity and available facilities.
- ✓ Availability and number of Ambulances with staff at Govt./Private sector.
- ✓ Availability of Machinery and staff like Generators, Excavator, Crane, Bulldozers, Damper, Truck, Street Light Vehicle, Jetting Machine, Sucker Machine, Water Tanker, Bouzer, Tractor, Trolley, Blade, Loaders, Dewatering set, Sullage Pumps, etc. with all Govt./Private departments/ organizations, mills etc. for Rescue of humans, removal of structure, clearance of roads
- ✓ Availability of Fire Brigade vehicles with staff.
- ✓ Availability of uniform/quick approach at the point of incident.
- ✓ Appointment/deployment of "Special Squad" containing technical staff with equipment's, heavy machinery, vehicles, welding plants, cutters, safety wears, censer/deductor, oxygen and necessary equipment's for digging etc.
- ✓ Availability of manpower, like TMA workers, Private Organizations workers, Civil Defence, Rescue-1122, Army etc.
- ✓ Food Godowns/Floor Mills, Hotels, Livestock and Dairy Farms etc.
- ✓

In pursuance of the minutes of the meeting regarding assessment of dangerous buildings in the Punjab conveyed from Provincial Disaster Management Authority, Lahore, the District Technical Committee, Faisalabad was constituted vide Notification No.(3)29 ADC(G) dated 13.02.2017 on the following TORs.

- ✓ To devise design methodology and steering of survey of public and private dangerous buildings in the District and to make policy recommendations.
- ✓ To revise the existing building laws of public and private sector and suggest necessary amendments for improvement if any and their effective implementation.
- ✓ To review the enforcement mechanism of legal regime of all concerned departments and propose an integrated, coherent and well-coordinated implementation strategy for enforcement of rules and regulation in true letter and spirit in this realm.
- ✓ To identify capacity gaps of each agency and recommend sustainable measures to enhance the engineering, human resource and technical capacity to cope with any major disaster.

## 4. Strategic Reserves

Items	Available	Functional	Non-Functional	Extra Demand
Boats	7	7		4
OBM	7	7		3
De-watering sets	179	179		10
Navigators				10
GIS devices				15
Life Jackets	151	151		50
Life Ring	20	20		10
Life Lines	4	4		109
Scuba diving suit with complete accessories	4	4		2
First Aid Kits	50	50		100
Rescue Bag				62
Safety Harnesses	12	12		10
Ambulances	20	20		21
Fire Brigade	10	10		22
Water Tanks / Bouzers	11	11		4
Extendable Ladders	19	19		65
Hydraulic Cutter	2	2		5
Sonar Rader				2
Jumping Sheet	13			22
Dumpers	13	13		4
Excavators	2	2		4
Cranes				3
Bulldozer	4	4		4
Boat Carrier/Trolleys	2	2		
Pickups/Jeeps/4x4 vehicles/Mini Trucks	20	20		13
Searchlight	36	36		150
Tent	327	327		120
Mosquito Net	100	100		100
Plastic Mat	100	100		110
Blanket				1,050
Any other main relief/rescue equipment				
Generator Sets	8	8		4
Gas-Cutters	2	2		5
Sonar Radars				1
Scuba Diving Set	4	4		2
Navigator/GPS Tracker				10
Hydraulic Cutter	02	02		2
Floating Rope	20	20	0	15

## 5.Gaps and Constraints

- *Briefly outline the capacity gaps in the provision of rescue and response;*
- *Describe major obstacles to providing humanitarian assistance (security, access constraints, administrative obstacles, logistics, etc.)*

The District Administration, Faisalabad is already conducting mock exercises to counter the threat of disaster in each Tehsil of District Faisalabad with the assistance of concerned Assistant Commissioners and allied departments.

However, the specialize training modules are needed to enhance the operational capacity of concerned departments so that they may be able to control any emergency situation.

## MITIGATION STRATEGY

- ✓ Briefly describe what measure could be taken to reduce the impact of the potential disasters.
- ✓ Strategic pre-positioning of available relief stocks
- ✓ Public education and community awareness

Hazards	Mitigate Actions	Responsible Department
Floods	Evacuation	Rescue 1122
Urban Flooding	De-watering from low lying areas	WASA/FWMC Fire Brigade
Flash Floods	Evacuation	Rescue 1122
Hill Torrent	First AID /Shifting	Rescue 1122
Glacial Lake Outburst Flood (GLOF)		
Landslide	First AID / Shifting /Rescue / Evacuation	Rescue 1122
Tornado	First AID /Shifting	Rescue 1122
Earthquake	Incidental earthquake. (First AID/Shifting/Search)	Liaison with Provincial Authorities. (Rescue 1122)
Drought	First AID /Shifting	Rescue1122
Epidemic	First AID /Shifting	Rescue 1122
Fire Incidents	Fire Fighting / First AID /Shifting / Rescue	Fire Brigade/Civil Defense.

		Rescue 1122
Other Major Accidents (Building Collapse, road traffic accidents, train accident, Stampede, plane crash)	First AID/ Shifting/Rescue, Actions by Traffic, Motorway, Highway Police with the assistance of volunteers of Civil Defence and NGOs.	Rescue1122, Civil Defence, NGOs, Police.
Environmental Hazards (industrial accidents, severe pollution etc.)	Close vigilance of TMA Authorities over the Building Plans, Factory Layout plan. Monitoring of industries and labour department.	Industry Department, Labour Department, Municipal Corporation Z.C. MCs, Civil Defence. Rescue 1122.

# EARLY WARNING

## Information Flow Diagram

## Alertness Levels

Following four levels alertness have been established:

<p><b>Level-D</b> (Disaster threat is perceptible)</p>	<p>DDMA shall conduct monthly meetings besides atleast 2 mock exercises as per DDMP, well in time, to make the concerned officers/officials understand their role and responsibility for better coordination and testing of rescue and relief equipment. DDMA shall also ensure the physical presence of concerned staff deputed and availability of equipment/resources for all designated vulnerable sites within given time frame during disaster. Vulnerable site's inspections and necessary works/action shall be carried out as mitigation measures.</p>
<p><b>Level-C</b> (Alert) (Warning issued but likelihood of occurrence is less than 100%)</p>	<p><b>Activities to be undertaken in level D</b> + DDMA shall issue "alert" to all concerned for the vulnerable area. DDMA and LDMA (tehsil level) control rooms be made operational 24/7 and ensure availability of all required (available and additional) resources for on call mobilization and monitor the situation 6 hourly. Only DCO and DPO shall grant leave according to the situation.</p>
<p><b>Level-B</b> (High Alert) (Disaster threat is imminent)</p>	<p><b>Activities to be undertaken in level C</b> + DDMA shall issue EW to all stakeholders and "High Alert" for the district to ensure that all additional HR and material resources including volunteers has reported to their assigned duties, and all resources for evacuation and disaster management have been mobilized as per DDMP. All emergency (health, fire, rescue 1122, TMA etc) facilities shall work 24/7 with full staff strength. DDMA shall monitor the situation on hourly basis.</p>
<p><b>Level-A</b> (Red Alert) (Disaster is materialized)</p>	<p><b>Activities to be undertaken in level B</b> + DDMA shall respond to the emergency immediately and shall carry out rescue and relief operation as defined in DDMP and shall continuously monitor the situation. Resources of adjoining districts shall be mobilized and Army may be called keeping in view the magnitude of the disaster.</p>

## Early Warning

*Briefly describe how the early warning will be received from provincial level?*

*Who is the focal person at district level?*

*Functions of District/Tehsil Emergency Control Rooms in early warning*

*How the early warning will be communicated to relevant departments for different disasters? What actions each relevant department should take after receiving the early warning e.g. evacuation.*

*How the early warning will be communicated to the relevant population? E.g. through Patwaris, SMS, Announcements, Media etc.*

- i). The early warning will be received from the Provincial Disaster Management Authority, District Officer (Coordination), Faisalabad is the focal person in the District.
- ii). The District & Tehsil emergency control room on receiving any information/warning from the concerned authority disseminate the information to the concerned Rescue and Relief Department, the evacuation of the people, animals is carried out and relief camps will be established.
- iii). It is the duty of Patwaris and lower field staff to inform the people living in the flood prone area to buckle up and further transport them to relief camps already established by the District Administration.

## RESCUE STRATEGY

- *What actions will be taken as an immediate response to the situation? E.g. Evacuation, medical assistance*
- *Who does what and when? Responsible departments/agencies*
- *How and when Pakistan Army will be requested to support the rescue activities*
- *Camp sites identified? List at Annex I.*

The District Administration, Faisalabad being the authority is responsible to inform the allied department like, Municipal Corporation, Municipal Committees, Education, Health, Live Stock, Agriculture, Rescue 1122, civil Defence etc. to remain vigilant and assist the persons if displaced and affected during the emergency time.

In case of major earthquake and epidemic, the Army may also be engaged to help out the District Authorities to control the menace.

The list of relief camp sites of Tehsil Tandlianwala is attached herewith.

---

## HUMANITARIAN ASSISTANCE

- *How damage and losses data will be collected and communicated to higher level?*
  - *How the priority needs (e.g. food, shelter, health etc.) will be determined?*
  - *What activities will be carried-out to provide assistance to the affected population and by whom?*
  - *What assistance will be provided?*
  - *Standardization of different packages/kits e.g. food, tents*
  - *Humanitarian Assistance monitoring mechanism – to avoid duplication and identify gaps*
  - *Minimum standards for camps, if camps are established*
  - *What is the current capacity in the district? Enough for how much caseload?*
  - *Explain how protection, gender and age, environment and other relevant cross-cutting issues that will be addressed or mainstreamed into the humanitarian assistance strategy*
1. The damage and losses will be collected through concerned Assistant Commissioners of the tehsils who after visiting the spots report the factual data to the district authorities for further necessary action.
  2. The priority needs i.e. food, shelter, health etc. will be determined as per intensity of the incident and relief equipment will be provided after due verification.
  3. The departments of Civil Defence and Rescue 1122 along with revenue field formation will coordinate and apprise the effected population regarding the disaster situation and provide them due shelter for their facilitation.
  4. Food, shelter, health etc.
  5. The standard of packages/kits e.g. food, tents will be at par with the international standard.
  6. All the relief providing agencies will work in their allocated spheres after registration and District Administration will ensure the non duplication of efforts.
  7. The standards of the camps will be good for the affected people.
  8. There is no major flood emergency noted during the past decade. However, the need assessment was already sent to the PDMA.
  9. The close liaison with the concerned departments is needed to control the extreme emergency situation (if any) so that all the major issues can be addressed properly and in adequate manner.

## ANNEX I: IDENTIFIED SITES FOR DISPLACED PERSONS

## ANNEX XI: DATA COLLECTION PERFORMAS

### P1: House Damage Assessment

District: \_\_\_\_\_

Date: \_\_\_\_\_

S#	Name	Father Name	CNIC	Address	Revenue Estate	Union Council	Tehsil	Partially/Completely	Katcha/Pakka	%age of Damage	Contact No.	GPS Coordinates	Picture Taken (Y/N)

### P2: Deceased Person Reporting Performa

District: \_\_\_\_\_

Date: \_\_\_\_\_

S#	Name of deceased	Father's name	Address	Domicile	Gender	Age	CNIC	Cause of death	Date of death	Place of death	Marital status	Next of kins (Name and Contact and CNIC etc.)	Verifying Officer (Name, Designation and Contact)	Compensation Paid or not

### P3: Injurd Person Reporsing Performa

District: \_\_\_\_\_

Date: \_\_\_\_\_

S#	Name of injured	Father's name	Address	Domicile	Gender	Age	CNIC	Cause of injury	Date of injury	Injury Type (Permanent or Temporary)	Compensation Paid or not

**P4: Cattle Head Perished**

District: \_\_\_\_\_

Date: \_\_\_\_\_

S#	Name of Farmer	Father Name	CNIC	Mauza	Tehsil	Type of Animals	Number of Animals (Cow, sheep etc.)	Vaccinated/ Unvaccinated	Witness 1 name and contact No.	Witness 2 Name and Contact No.
----	----------------	-------------	------	-------	--------	-----------------	-------------------------------------	-----------------------------	--------------------------------	--------------------------------

**P5: Crop Damages**

District: \_\_\_\_\_

Date: \_\_\_\_\_

S#	Tehsil	Qanoongoi	Union Council	Mauza	Farmer Name	Land owner/ Tenant	CNIC of farmer	Contact number	Type of Crops	Total land affected (acres)	% of mauza affected
----	--------	-----------	---------------	-------	-------------	-----------------------	----------------	----------------	---------------	-----------------------------	---------------------

**P6: Relief Distribution Tracking Performa**

District: \_\_\_\_\_

Date: \_\_\_\_\_

S#	Location/ Destination	Arrival Date and time	Items	Quantity	Items short (if any)	Items sent by	Driver name	Received by	Bilty no
----	--------------------------	-----------------------	-------	----------	----------------------	---------------	-------------	-------------	----------

**P7: Private Machinery (Boats, Bulldozers, cranes etc.)**

In case of mega disaster that overwhelms the resources of the Government in certain area, the equipment of private owners are engaged to continue with evacuation, rescue or relief services. The following template is filled to maintain a record of boat owners that might be engaged at the time of a disaster.

District: \_\_\_\_\_

Date: \_\_\_\_\_

S#	Name of boat owner	Father name	Contact Number	Age	CNIC	Location of boat/ Machinery	Type of Machinery (Boat, Bulldozers, Cranes etc.)	Engine type	Boat capacity	Equipment Condition	Number of Machinery
----	--------------------	-------------	----------------	-----	------	--------------------------------	---	-------------	---------------	---------------------	---------------------

**P8: Relief camp registration Performa**

New entrants in the relief camps should be documented on a weekly basis by utilizing the following template:

District: \_\_\_\_\_

Date: \_\_\_\_\_

S#	Nationality	Domicile	Male	Female	Age	Children Under 12	Infants under 3	Sick	Injured	Pregnant
----	-------------	----------	------	--------	-----	-------------------	-----------------	------	---------	----------

**P9:NGOs registration performa**

All the Non-Governmental Organizations operating in the disaster affected areas should register themselves at PDMA’s website. The following template has been developed for NGOs assisting the Government in disaster response.

District: \_\_\_\_\_

Date: \_\_\_\_\_

S#	Name of NGO	Local /INGO	Relief activity	Relief camp if any	Focal person in the district	Registered with PDMA	Foreigners to be visiting or not.
----	-------------	-------------	-----------------	--------------------	------------------------------	----------------------	-----------------------------------

**P10: Control Room**

PDMA requires all districts to setup a control room at the incidence of a disaster. This control room would plan and execute a well-knit Governmental disaster response by bringing together all representatives of the various Governmental departments. This control room would be operational around the clock and PDMA must be informed about its operation and in-charge by filling the following template:

District: \_\_\_\_\_

Focal Person: \_\_\_\_\_

Date: \_\_\_\_\_

S#	Location of control room	Shift I Incharge Name and Contact	Shift II Incharge Name and Contact	Shift III Incharge Name and Contact	Phone Numbers	Fax Numbers	E- Mail Address
----	--------------------------	-----------------------------------	------------------------------------	-------------------------------------	---------------	-------------	-----------------

## ANNEX XII: CAMP MANAGEMENT SOPS

- Camps would be established in areas accessible by metalled roads so that provision of essential facilities is not difficult
- Basic facilities such as food, clean drinking water, health, hygiene and sanitation should be available at these shelters.
- Proper registration mechanism should be in place to differentiate between those actually affected and cunning opportunists
- Proper security system should be in place in coordination with the local police as the presence of police always acts as deterrence for criminals who may be attracted to such places.
- Emergency medical care should be available as well as a proper firefighting system as fire out breaks are common in such tents
- Proper camp management should be announced and notified and there should be a complaint cell as well
- A proper distribution mechanism should be in place to ensure that the needy get what they deserve.
- Scattered camps should be catered for and encouraged to join the main camp.
- At times shallow hand pumps are not safe for drinking as the water underground has been affected. In such cases clean medicated water should be provided through water bowsers.
- Vector control is an essential part of the camp management and steps should be taken to remove rats, snakes and mosquitoes etc.
- Un-accompanied and missing children shall be placed separately with proper care and fulfilment of their physical and psycho-social needs.
- Needs of women as per local and cultural environment shall be considered for establishing separate relief camps for ladies with provision of proper security and light arrangements.

<b>Land</b>	<b>3.0-4.5 square meter per person</b>
<b>Shelter</b>	3.5 square meter per person
<b>Water</b>	15-20 liters per person per day
<b>Food</b>	2100 kcal per person per day
<b>Toilet</b>	One per family of 6-10 persons
<b>Health Centre</b>	One per 20,000 persons
<b>Child Friendly Spaces</b>	2-4 year olds- 15 children:2 facilitators
	5-9 year olds-20 children : 2 facilitators
	10-18 year olds- 30 children :2 facilitators
<b>Hospital</b>	One for as many as 200,000 persons

## ANNEX XIII: FLOOD BUNDS

### INFORMATION REGARDING FLOOD BUND CATEGORY A

SR:#	NAME OF DIVISION	NAME OF EMBANKMENT / BUND	LENGTH (ft)
<b>SARGODHA ZONE</b>			
1	Rasul Head works Division	Right Guide Bund	2,121
2	-do-	Left Guide Bund	3,360
3	-do-	Right Guide Spur	2,762

## ANNEX XV: LIST OF BASIC TERMS

### Acceptable risk

The level of loss a society or community considers it can live with and for which it does not need to invest in mitigation

### Biological hazard

Biological vectors, micro-organisms, toxins and bioactive substances, which may cause the loss of life or injury, property damage, social and economic disruption or environmental degradation.

### Capacity

A combination of all the strengths and resources available within a community, society or organization that can reduce the level of risk, or the effects of a disaster.

Capacity may include physical, institutional, social or economic means as well as skilled personnel or collective attributes such as leadership and management. Capacity may also be described as capability.

### Capacity building

Efforts aimed to develop human skills or societal infrastructure within a community or organization needed to reduce the level of risk. In extended understanding, capacity building also includes development of institutional, financial, political and other resources, at different levels of the society.

### Climate change

The climate of a place or region is changed if over an extended period (typically decades or longer) there is a statistically significant change in measurements of either the mean temperature or variability of the climate for that region.

### Coping capacity

The means by which people or organizations use available resources and abilities to face a disaster. In general, this involves managing resources, both in normal times as well as during crises or adverse conditions.

### Disaster

A serious disruption of the functioning of a community or society causing widespread human, material, economic or environmental losses which exceed the ability of the affected community or society to cope using its own resources. It results from the combination of hazards, conditions of vulnerability and insufficient capacity to reduce the potential negative consequences of risk.

### Disaster risk management (DRM)

The comprehensive approach to reduce the adverse impacts of a disaster. DRM encompasses all actions taken before, during, and after the disasters. It includes activities on mitigation, preparedness, emergency response, recovery, rehabilitation, and reconstruction.

### Disaster risk reduction/disaster reduction

The measures aimed to minimize vulnerabilities and disaster risks throughout a society, to avoid (prevention) or to limit (mitigation and preparedness) the adverse impacts of hazards, within the broad context of sustainable development.

### Early warning

The provision of timely and effective information, through identified institutions, to communities and individuals so that they could take action to reduce their risks and prepare for effective response.

### Emergency management

The management and deployment of resources for dealing with all aspects of emergencies, in particularly preparedness, response and rehabilitation

### Forecast

Estimate of the occurrence of a future event (UNESCO, WMO). This term is used with different meanings in different disciplines.

### Geological hazard

Natural earth processes that may cause the loss of life or injury, property damage, social and economic disruption or environmental degradation. For example earthquakes, tsunamis, volcanic activity and emissions, landslides, rockslides, rock falls or avalanches, surface collapses, expansive soils and debris or mud flows.
