EXECUTIVE SUMMARY

Flood

Estimated number of people at risk of in 2022

10%
of total population

Risk:

Disaster Management Plan of District Toba Tek Singh has been prepared keeping in view historical occurrences of disasters incidents. Flood has been most frequent incident with few incidents of Tornados & Fire incidents. Incidents of earth quakes have also increased in recent past raising alarm for all stake holders.

In Toba Tek Singh flood season normally include period from July to September. First flood contingency plan was prepared in 1975 & it has been revised every year. Toba Tek Singh experienced highest flood levels in year 2014 and the same are taken as bench Mark Flood Estimated number of people at risk of floods in 2022

Earthquake

Estimated number of people at risk of earthquake in 2022

No department in District to measure the earthquake.
of total population

Risk:

This plan covers measures for pre, during & post phases of disaster, gives snap shot of available resources & mechanism for their efficient & effective utilization under close coordination of all stake holders.

Epidemic

Estimated number of people at risk of epidemic in 2022

3.5%
of total population

Risk: Low

Cross Border Firing

Estimated number of people at risk of Cross Border Firing in 2022.

No border Boundary in Toba Tek Singh

0%
of total population

Risk: Medium

Aim and Objectives

The plan is aimed to manage emergencies by putting in place requisite mitigation measures and a well-coordinated and integrated response at district level.

The main objectives of the plan include:

- To develop a plan of action for the District Disaster Management Authority and other district stakeholders to set priorities and provide directions for disaster management;
- To define the roles of various stakeholders in disaster management in all the phases pre, during and after disaster;
- To raise awareness of stakeholders about disaster risks and the requirements for disaster management;
- To introduce coordination mechanism for immediate response and rehabilitation at district level;
- To enhance the effectiveness and timeliness of emergency response through the clarification of goals, strategies, roles and responsibilities;
- To strengthen response coordination between government departments and humanitarian organizations (UN agencies, I/NGOs);

General Information

Particulars	Detail
Neighboring districts and their vulnerabilities	Faisalabad, Jhang, Khanewal, Sahiwal
Topographical Features	Topographically, it is a vast level plain with average elevation of 500 ft A.M.S.L. and forms part of the Sandal Bar and Rechna Doab. It is bounded on the North by District Jhang and on the North-West by Tehsil Kabirwala, District Khanewal; on the Eastern and South-Eastern side, District Sahiwal stretches on the other side of the River Ravi. The South-Eastern and Eastern sides are bounded by Samundri and Faisalabad. Generally underground water-table in the District is high. A vast area of Gojra sub-division is already in the grip of water logging and salinity. The areas falling in Toba Tek Singh sub-division along Gojra sub-division are also being rapidly affected by water logging and salinity. Some portion of Kamalia sub-division especially Revenue Circle Darkhana has also been affected by water logging and salinity. The average rain-fall in the District is hardly 7.50" annually.
Weather/Climate pattern	e.g. max. and min. temperature, annual precipitation, storms, heat waves, snow fall etc. The Toba Tek Singh lies on 161m above sea level Toba Tek Singh has a desert climate . The Köppen-Geiger climate classification is BWh. In Toba Tek Singh , the average annual temperature is 24.8 °C 76.6 °F. About 255 mm 10.0 inch of precipitation falls annually. Max. 42C and min 6C. Temperature.
Major Rivers	Name of river, passing through areas along with length in the district Major Barrages and their Flood levels Ravi The floods originate from the Ravi River that runs along the southern and southeastern borders.
Major Nullahs / Streams	Name of river, passing through areas along with length in the district Flood levels Nil
Motorway/Highway	Vulnerable points of motorway/highway M-4 =Gojra · Toba Tek Singh · Shorkot · Abdul Hakeem · Khanewal · Multan. Highway system. Roads in Pakistan. The M4 north-south motorway in Pakistan. The 309 km motorway M3 motorway The M3 is a north–south motorway in Pakistan, connecting the Lahore end of the M2 to M4 near Abdul Hakeem. The M-3 motorway is parallel motorway of M-4 motorway and took eastern route from Lahore to Abdul Hakeem city, while M-4 motorway which connects M-2 to same Abdul Hakeem city.
Railways	Vulnerable points of Railway

	Faisalabad to Karachi via Tehsil Toba Tek Singh Lahore to Karachi via Kamalia

ANISM

Coordination Organogram (including Sector lead agencies/departments, Military, NGOs and Volunteers)
 The District Disaster Management Authority consisting of following members: -

DDMA (composition, functions and responsibility)

DDMA Comprising of the following:

Deputy Commissioner - Chairman

DEO Rescue 1122 - Secretary

Members: ADCR, All ACs, All Chief Officers DC/MCs, All CEOs, All XENs, All DDs.

Functions and Responsibilities.

- I. Prepare a disaster management plan including district response plan for the province.
- II. Co-ordinate and monitor the implementation of the National Policy, Provincial Policy, National Plan, Provincial Plan and District Plan.
- III. Ensure that areas in the district vulnerable to disasters are identified and measures for the prevention of disasters and mitigation of its effects are undertaken by the departments of the Government at the district level as well as by the Local Authorities.
- IV. Ensure that the guidelines for prevention, mitigation, preparedness and response measures as laid down by the National Authority and Provincial Authority are followed by all departments of the government at the district level and local authorities in the District.

Disaster Management Coordination Centre/Control Room (functions and responsibilities)

The Following should be the Mechanism:

- I. The control room is the nodal center in terms of disaster management.
- II. To monitor, coordinate and implement the actions for disaster management.
- III. To ensure an information system on a routine basis from the District Heads of Departments on the vulnerability of various blocks and villages.
- IV. To make arrangements for dissemination of information to all vulnerable places.
- V. To report the ground situation and the action taken by the District Administration.
- VI. To have a list of all personnel and trained persons who could be contacted at any time.
- VII. To organize post disaster evaluation.
- VIII. To develop liaison with the operation center. Site operation center is the center in the disaster site to be set up
- IX. Coordinating among response and rescue department for timely rescue and reporting to Govt. / PDMA for additional rescues.
- X. To organize post disaster evaluation.

Powers and functions of District Disaster Management Authority under NDM Act 2010:

The District Authority shall be as the district planning, coordinating and implementing body for disaster management and take all measures for the purposes of disaster management in the district in accordance with the guidelines laid down by the National Authority and the Provincial Authority.

Without prejudice to the generality of the foregoing provisions, the District Authority may:

- a) prepare a disaster management plan including district response plan for the district;
- b) coordinate and monitor the implementation of the National Policy, Provincial Policy, National plan, Provincial Plan and District Plan;
- c) ensure that the areas in the district vulnerable to disasters are identified and measures for the prevention of disasters and the mitigation of its effects are undertaken by the departments of the Government at the district level as well as by the local authorities;
- d) ensure that the guidelines for prevention, mitigation, preparedness and response measures as laid down by the National Authority and the Provincial Authority are followed by all departments of the Government at the district level and the local authorities in the district;
- e) give directions to different authorities at the district level and local authorities to take such other measures for the prevention or mitigation of disasters as may be necessary;
- f) lay down guidelines for preparation of disaster management plans by the departments of the Government at the districts level and local authorities in the district;
- g) monitor the implementation of disaster management plans prepared by the departments of the Government at the district level;
- h) lay down guidelines to be followed by the departments of the Government at the district level;
- i) organize and coordinate specialized training program for different levels of officers, employees and voluntary rescue workers in the district;
- j) facilitate community training and awareness program for prevention of disaster or mitigation with the support of local authorities, governmental and non-governmental organizations;
- k) set up, maintain, review and upgrade the mechanism for early warnings and dissemination of proper information to public;
- l) prepare, review and update district level response plan and guidelines;
- m) coordinate with, and give guidelines to, local authorities in the district to ensure that pre-disaster and post-disaster management activities in the district are carried out promptly and effectively;
- n) review development plans prepared by the departments of the Government at the district level, statutory authorities or local authorities with a view to make necessary provisions therein for prevention of disaster or mitigation;
- o) identify buildings and places which could, in the event of disaster situation be used as relief centres or camps and make arrangements for water supply and sanitation in such buildings or places;
- p) establish stockpiles of relief and rescue materials or ensure preparedness to make such materials available at a short notice;
- q) provide information to the Provincial Authority relating to different aspects of disaster management;
- r) encourage the involvement of non-governmental organizations and voluntary social-welfare institutions working at the grass root level in the district for disaster management.
- s) ensure communication systems are in order and disaster management drills are carried out periodically; and
- t) perform such other functions as the Provincial Government or Provincial Authority may assign to it or as it deems necessary for disaster management in the district.

District Plan:

- a) There shall be a plan for disaster management for every district of the province.
- b) The District Plan shall be prepared by the District Authority having regard to the National Plan and the Provincial Plan.
- c) The District Plan shall be reviewed and updated annually.

Additional Powers of District Authority:

For the purpose of assisting, protecting or providing relief to the community, in response to any disaster, the District Authority may:

- a) give directions for the release and use of resources available with any department of the Government and the local authority in the district;
- b) control and restrict vehicular traffic to, from and within, the vulnerable or affected areas;
- c) control and restrict entry of any person into, his movement within and departure from, a vulnerable or affected area;
- d) remove debris, conduct search and carry out rescue operations;
- e) provide shelter, food, drinking water and essential provisions, healthcare and services;
- f) establish emergency communication system in the affected area;
- g) make arrangements for the disposal of the unclaimed dead bodies;
- h) direct any department of the Government of the Province or any authority or body under the Government at the district level to take such measures as are necessary in its opinion;
- i) require experts and consultants in the relevant fields to advise and assist as it may deem necessary;
- j) procure exclusive preferential use of amenities from any authority or person;
- k) construct temporary bridges or other necessary structures and demolish structures which may be hazardous to public or aggravate the effects of the disaster;
- l) ensure that the non-governmental organizations carry out their activities in an equitable and non-discriminatory manner; and
- m) take such other steps as may be required or warranted to be taken in such a situation.

Revenue Department (Functions and Responsibilities)

In case of any disaster or calamity the head of the revenue department in the district i.e. the DC/DC should ensure that the following measures and steps have been taken:

- Taking everyone on board is perhaps the most important thing to do. Regular meetings of DDMA should be held to clearly highlight the roles and duties of DPOs, EDOs, XENs etc.
- Pre-flood meeting should be held and duties of all concerned officers and departments should be clearly defined and assigned.
- A district disaster management plan should be prepared using the set template and updated regarding any disaster or emergency that may strike the district.
- A focal person for the disaster or calamity should be nominated and his/her number should be communicated to all concerned departments.
- Proper stock taking should be done regarding available stocks of food and rations. Similarly, stock regarding machinery and equipment should also be taken and inventories should be prepared. Out of order machinery should be repaired or replaced.
- Committees should be formed and constituted which will deal with various functions during a flood or emergency. Purchasing of food items, food, and machinery should all be done through committees.
- Identification of Low lying, medium and high vulnerability levels with flood level
- In case of evacuation the district administration should be very clear about the places where the relief camps or shelters will be established. Teams should be formulated which will look after these camps and will be in-charge for provision of tents, food, water and maintaining general law and order. Provision of cooked food is also to be ensured.
- Proper ware houses and stores should be made available for storing of aid and donated items that may be received from authorities such as PDMA, WFP etc. A committee should be constituted to look after the record of all the items in the store.
- Proper crop surveys or girdawaris should be conducted through the revenue officials so that crop damage assessment can be made after disaster or flood affects the district. These surveys will also help in determining the identity of the true owners as well.

- Post damage assessment should be carried out by joint teams constituted of patwaris, teachers, and agriculture field assistants. Technology should be involved and android sets should be used to gather accurate data.
- Round the clock active control rooms should be set up and the numbers be circulated to all concerned. The control rooms should be equipped with wireless, telephones and computers. All info gathered or received should be conveyed to the concerned. The control room should have representatives of concerned departments such as police, health, 1122, and revenue.
- Early warning is critical in saving lives. The local revenue officials along with local police should be deployed to warn the people against the oncoming disaster and to urge them to vacate the disaster-prone areas and villages. Loudspeakers, mosque speakers and word of mouth should be used. Banners and posters can also be used.
- Data collection is of prime importance and the senior network administrator should be declared as the focal person for collection of relevant information such as number of casualties, damages to infrastructure, injured, perished livestock etc. for onward submission to PDMA etc.
- Mock exercises should be carried out along with all concerned departments specially 1122, Police, civil defense and Pakistan army regarding the action plan during any emergency or flood. This will give a fair idea about the preparedness of the district.
- Availability of vehicles should be ensured for use during any emergency especially off-road vehicles like jeeps.
- Suitable locations should be identified for accommodating armed forces like the Pakistan army. Normally schools, colleges or stadiums are allocated for the armed forces

Checklist for Revenue Department:

- Survey of entire District (Preparation of Village level information by Patwari)
- Identification of Low lying, medium and high: vulnerability levels with flood level
- Liaison of Patwari with Numberdars of their respective villages
- Contacts of all revenue staff posted near river belts and their output in flood prone areas
- List of Numberdars with their contacts, volunteer from low lying settlements with contact numbers
- Prepare list of vulnerable villages and make an estimate of likely affected population in such villages in the event of flood
- Name and contact numbers of private boat owners and operators Announcement of Flood Warning at settlement level – Patwari responsible Forced evacuation with police
- Rapid assessment for relief goods and ration provision Coordination and reporting
- Carry out survey of entire flood affected areas to assess losses in collaboration with Agriculture, Livestock and Education Department
- Conduct crop damaged/ house damaged surveys

Metropolitan / Municipal Corporations

Municipal / Town Committees

- Local Bodies play an important role of providing municipal services in the district including clean drinking water, sanitation facilities, maintenance of parks and removal of encroachment etc.
- Local Bodies will provide assistance to the District Administration for setting up and management of relief camps/ operations.
- Local Bodies are responsible for provision & restoration of water and sanitation facilities in their municipalities besides disposal of waste or rain water/sewerage.
- Local Bodies are equipped with trucks, water bowsers, tractors, dewatering sets, bulldozers, loaders and dump trucks. All of these equipment are utilized to restore proper sanitary facilities, ensure the delivery of clean water and remove debris or excess water.
- Local Bodies sanitary workers can be employed for cleaning relief camps, or other such areas which has been affected by any disaster.

- Local Bodies employ de-watering sets to remove excess water. All Local Bodies are required to ensure the maintenance of all dewatering sets prior to the monsoon season. The Local Bodies maintains a list of all the choking points where rainy water accumulates as a result of heavy storms which can cause urban flooding.
- Local Bodies should ensure supply of clean drinking in overhead reservoirs and ensure supply to the affected areas or relief camps through water bowsers. Clean drinking water is a major issue and requirement during any disaster.
- In case of any disaster that requires people to be relocated, the Local Bodies under the concerned Administrator i.e Commissioner / DC/AC will assist in the migration of the affected people.
- During the relief effort and subsequent rehabilitation effort the Local Bodies manpower can be effectively used for the distribution of food and essential commodities among evacuated people or any other relief activity such as provision of cash compensation.

District Disaster Management Authority (DDMA)

- DDMA's are created under the NDM Act 2010 under Chapter IV Section 18 and the law defines their composition and also outlines their functions, duties and powers.
- District Disaster Management Authorities are the first line of defense and the implementing arm of the government policy and plans. Within the district there are three to four key players/departments that have to put up a joint and coordinated effort in order to fight with and handle any disaster under the leadership and coordination of the DC. The office of the DC fully supported by the DPO and line departments such as Health, Agriculture, Livestock, Civil Defence, 1122, Local Bodies and the Revenue Department form the main disaster management team within any given district. This plan is an effort to highlight their sets of responsibilities followed by the role of provincial departments.
- All district administrations had prepared a detailed contingency plan to face any disaster or hazard specially floods which until recently have become an annual affair for some districts.
- The district administration will divide the area as per district division with the Assistant Commissioner as in charge of his/her tehsil. All disaster related activities in a said tehsil will be coordinated through the concerned AC and the Local Bodies.
- On receipt of a flood warning, immediate warning will be conveyed to all the concerned officers. Immediate action will be taken in each sector / sub sector for evacuation of the population from risk prone areas to safer places or to Relief Camps. An Assistant Commissioner will ensure that announcements are made through loudspeakers of the mosques utilizing the services of the Revenue department. Each Patwari will inform the Numbardar, Headmaster of the School, Imam Masjid and councilors to make announcements etc.
- The tactical operations would be headed by the Additional District Collector (ADC). The ADC would be responsible for coordinating and supervising the disaster control and relief measures in the district.
- Provincial government had notified the following composition of DDMA's for whole of the province:
 - i. Deputy Commissioner (Chairperson)**
 - ii. District Police Officer
 - iii. Additional Deputy Commissioner (Rev)
 - iv. Two Elected Representatives to be nominated by the Chair
 - v. Representative of Pak Army
 - vi. Two Representatives of NGOs/Civil Society to be nominated by the Chair
 - vii. Additional Deputy Commissioner (General)
 - viii. Additional Deputy Commissioner (F&P)

- ix. XEN Buildings
- x. XEN Highways
- xi. Chief Executive Officer (DHA)
- xii. Chief Executive Officer (DEA)
- xiii. SP Special Branch
- xiv. XEN Irrigation / Public Health
- xv. Civil Defence officer
- xvi. Administrators of Tehsil Councils / Municipal Corporations
- xvii. All Chief Officers of Local Bodies in District
- xviii. District Emergency Officer, Rescue 1122 (Secretary)
- xix. Representative of Red Crescent
- xx. Such other District level Officers to be appointed by District Administration

- District Administrations must establish a Disaster / Flood control room at the DC's office, the numbers of which will be circulated to all concerned. The Disaster / Flood Control Room has to maintain updated information regarding the threat of disaster and statistics post disaster. The center will maintain a regular communication with the Flood Forecasting Division or the dam authorities up stream in case of a flood.
- The District Administration would immediately mobilize the equipment needed to tackle the challenges created by a disaster. The District Administrations will provide a comprehensive list of flood fighting equipment to PDMA as part of their flood contingency plans.
- Executive District Officer (Health) will ensure the availability of adequate medicines for treatment of common issues, particularly for snake and dog bite cases and general vaccines at each relief camp.
- DO (Agriculture) and DO Livestock would arrange fodder and feed supplement for livestock and animals displaced.
- District Regional Transport Authorities (DRTA) in all 36 districts of Punjab are managed by Secretaries who would coordinate with local transporters to arrange for arranging transport required for evacuation of people from affected areas. In case of shortfall in transport in a particular district, the adjoining district would mobilize the transporters in his district to assist with the evacuation of people.

Role of Rescue 1122 in districts during disaster

- The immediate evacuation of people from the disaster prone and vulnerable areas.
- Provision of immediate medical aid during any emergency and at the same time transporting the injured or sick to the nearby hospital through their team of ambulances.
- In flood situations rescuing people from drowning in the strong currents is a specialty of 1122 as it has its own set of divers and boats. Similarly in case of collapsed buildings or structures the 1122 is equipped with heavy machinery to cut through heavy debris.
- Apart from that responsible deployment of fire fighters, cordoning of hazardous areas, provision of first aid and medical treatment, immediate search and rescue of victims and management of the pre-hospital emergency system.
- Rescue 1122 is well trained in setting up medical camps for provision of emergency medical treatment. These camps are setup by Rescue 1122's doctors and paramedic staff.

Pre-disaster Check list for DDMA

- ✓ Meeting of DDMA held
- ✓ Identification of vulnerable areas
- ✓ Identification of Safe places

- ✓ Preparation of contingency plan
- ✓ Bunds and encroachments visited
- ✓ Sites identified for relief camps Evacuation routes/plan
- ✓ Safe custody of Government records and essential equipment and their shifting to safer areas on receipt of flood warning
- ✓ Enlistment of department wise available resources
- ✓ Preparation of list of required relief goods/ items
- ✓ Designation of Focal Person
- ✓ Evacuation well in time from vulnerable areas
- ✓ Establishment of Camps – All services under one roof
- ✓ Flood warning and weather forecast: Loud speakers' announcements
- ✓ Cancellation of all type of leaves of all employees Designation of Focal Persons
- ✓ Assignment of duties and responsibilities of all officers for flood emergency
- ✓ No leave during flood days; No official will leave station

Disaster Emergency Control Room (functions and responsibilities)

District Emergency Operation Center (DEOC) has been established in DC office Toba Tek Singh. Duty roster has been issued for round the clock duties.

Tehsil Flood Control Centre will be opened in the office of MC, Kamalia which shall function round the clock. A senior official with at least one Clerk shall work round the clock. A duty roster is to be prepared. A register is to be maintained, which will be used by a Senior Clerk to record all sorts of information regarding the flood situation. The water level gauge at Shahdara, Balloki, Sadhnai and Mohammad Shah Wala is to be recorded three times a day i.e. morning, afternoon and evening. The Control Centre will be equipped with upto dated information, with maps of the bunds and vulnerable points. Relief Centres and Relief Camps are also to be shown on separate charts. The incharge of Control Centre must be at least Naib Tehsildar, having all sorts of information regarding flood.

Checklist for Control Room:

- Dedicated Staff as per magnitude of the disaster
- Duty roaster of the staff
- 2 Dedicated telephone lines
- Dedicated Fax
- Wireless
- Internet and Email or any other source of communication
- Power backup

Checklist for Relief Camp Incharge:

- List of staff displayed with name and department teams will work in shifts
- Presence of representatives of all service providers i.e. Health, livestock, Rescue 1122, Civil Defence etc.
- No movement without the permission of Centre Incharge
- Each shift in-charge to contact District Control Room on arrival and then on departure
- In-charge will keep close liaison with SHO of the respective area
- No of affectees in camp (sick, aged and children) shall be communicated daily
- Availability of at least one emergency vehicle at center be ensured
- Keep record of private boat owners and their contacts details
- List of Doctors and private hospital in the vicinity
- List and contact of philanthropists in the vicinity
- Keeping record of donations coming directly to Centre and report the same to Tehsil and District Incharge.
- Centre Incharge shall ensure vaccination of animals and humans against Communicable diseases
- List of missing persons must be displayed at all Relief Camps

Role of Health Department

The public sector health delivery system comprises of four tiers and as such will continue to provide services at these four tiers during and after any disaster:

Outreach and Community Based Activities, which focus on immunization, sanitation, malaria control, maternal and child health, and family planning. Primary care facilities include BHUs, RHCs. THQs and DHQs provide inpatient and outpatient care. Tertiary care hospitals located in the major cities for more specialized care.

In case of any disaster or calamity the health department will ensure that the following measures are in place;

- To provide first aid to the injured people and arrange evacuation of patients for further assistance.
- Medical camps and mobile health teams should be arranged for prevention and control of communicable diseases, immunization and provision of essential drugs.
- Health department would make a roster of all medical officers and paramedics that would be deployed to these camps and teams.
- Drugs and other medical equipment should be available at all these camps and with mobile teams. The medicine should be for relevant flood related issues, **particularly Anti-snake venom, Anti-rabies.**
- The shelters or relief camps established by the district administration should have medical centers with ambulances and special facilities for women and children.
- An emergency control room will be established in the office of Directorate General Health Services and a representative of this emergency control room would be designated to PDMA's control room.
- A list of essential medicines would be prepared by the Health department and it would ensure that medicines and other resources are present in sufficient stocks in hospitals in disaster hit areas.
- Medical colleges may be involved to create Emergency Response teams
- Health department would also coordinate with international organizations such as WHO and UNICEF.
- Extensive disease surveillances in the disaster hit areas should be carried out warnings if needed be issued through the Disease Early Warning System.

- Medical teams and paramedic staff should be mobilized and deployed for rapid assessment and quick response in the affected areas.
- A contingency plan will be prepared and submitted regarding preparedness for any disaster or calamity.
- The National Disaster Management Authority has designated WHO as the key organization that will fill the gaps in the supply of medicines, rapid diagnostic kits, and vaccinations etc.
- The department would employ female health workers in emergency areas specially, for spreading awareness regarding health risks in a disaster and for any vaccination or immunization program that may be needed during any emergency.
- A Health and Nutrition Cluster for overall management and oversight of Health department's disaster response would be formed at the Directorate General Health office.
- In case the medicine stocks or even the infrastructure is damaged due to floods, the department would draw up a plan for early recovery of health infrastructure and service delivery.

Civil-Military Coordination Mechanism

The ADC (G) will coordinate with Army Units for any possible assistance needed for disaster response under approval from the DC/Chairman DDMA.

The security service comprising police and army will maintain peace and order and protect life and property in the disaster areas. The District Police Officer will head the Police Service while Officer Commanding nominated by the Military authorities will head the army units deployed to rescue the stipulation. The District Police Officer will seek necessary help from the Army Unit deployed for the purpose whenever required.

The service will discharge the following duties: -

- a) To maintain peace and order.
- b) To enforce the law.
- c) To arrest law violators.
- d) To protect evacuated habitations and stock of resources.
- e) To facilitate disaster operations by controlling the movement of individual and vehicles.
- f) To detect if possible and prevent disasters.
- g) To carry out initial rescue and survey operations until the appropriate agency takes over.
- h) To assist in saving life and property.

Volunteer Network

E.g. how many registered volunteers, how to activate them, who will coordinate with them etc.

LYSIS

1. Potential hazards of the district

Hazards	Likelihood (Score 1-5)	Impact (Score 1-5)	Risk
Floods	1	1	1
Urban Flooding	1	1	1
Flash Floods	1	1	1
Hill Torrent			
Glacial Lake Outburst Flood (GLOF)	1	1	1
Landslide			
Tornado	1	1	1
Earthquake	-	-	-
Drought	1	1	1
Epidemic	2	4	8
Fire Incidents	1	1	1
Other Major Accidents (Building Collapse, road traffic accidents, train accident, Stampede, plane crash)	1	1	1
Environmental Hazards (industrial accidents, severe pollution etc.)	1	1	1

Risk = Impact x Likelihood

Low : 1-7

Medium : 8-14

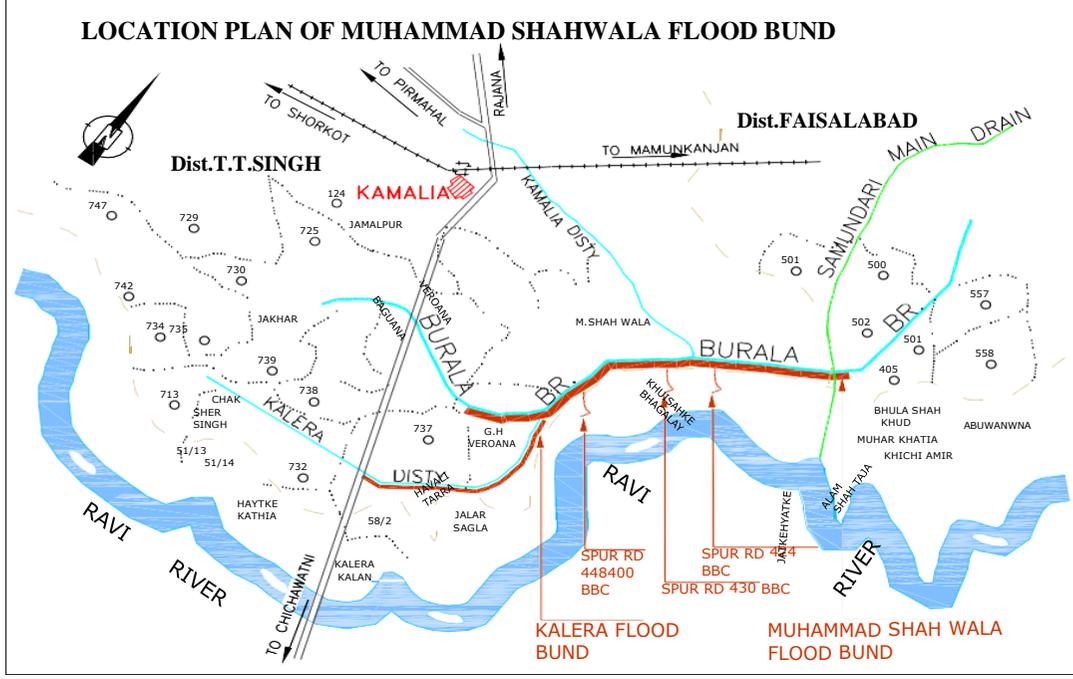

High : 15-25

2. Hazards

- *Disasters occurred over the past two to three decades and their impact on communities and development sectors*
- *Provide a brief description of the hazards being planned for (medium and high risks), including potential location that could be affected;*
- *Briefly outline the triggers*

- *Flood-2014*
 - *1. Village Affected 401*
 - *2. Deaths 10*
 - *3. Injured 03*
 - *4. Cattle Loss 123*
 - *5. Crops Affected 12311 Acres*
 - *6. Roads Damaged 30*
 - *7. Houses Damaged 1123*
- *Flood 2016*
 - *1. Village Affected 24*
 - *2. People Affected 28000*
 - *3. Deaths 0*

District detail map with vulnerable points including (Rivers, Nullahs, Hill Torrents, Hill Torrents, Wheat Gowdowns, hazards, planned camps, health facilities, warehouses) etc.

3. Response & Operational Capacity

Briefly describe the existing response capacities in District (including government and NGO partners)

(i) To give information regarding the flood situation to every village in his sector, the Sector Officer shall satisfy himself that the inhabitants of these villages are duly warned by drum beating or by proclamation or by the loudspeakers to take measures for shifting to the places of safety of human beings and cattle etc. He will arrange for preservation of the main village abadies where possible by raising bunds and diverting the flow of flood water. For this purpose, the Sector Officers will make use of voluntary labour arranged through local Lambardars. The sector staff will make the patwaris/Lambardars responsible for giving warning in their respective villages and arranging for voluntary labour and other equipments like "Kahis", sand bags and ropes etc. Their services will also be used for evacuation of population from the areas likely to be affected, channelization of flood water, round the clock, constant supervision of the protective bunds, arrangements for the feeding and temporary shelter of the displaced persons.

(ii) It will be the duty of the Sector Officers to make selection of safe areas where the people along with their belongings can be shifted in case of flood. This will be made before hand. Evacuation will start immediately on receipt of final warning.

(iii) The Sector Officer shall work out the requirements of food for human being and cattle and shall arrange its procurement. He shall send information daily by telegrams or by other quickest possible means of any important change in the flood situation.

DUTIES AT SITE. After reaching their Sector Headquarters the Sector Officers shall send to the Deputy Commissioner the forecast reports to show:-

- (1) At what time the flood is expected to reach by a Particular point.
- (2) What intervals have been taken for warning (The intervals after the warning and before the arrival of the flood be utilized by the Sector Officers in assessing measures of help where needed).
- (3) What shall be its effect on traffic routes?
- (4) Extent of area up to which the warning has been issued.
- (5) Start evacuation.
- (6) Provide food, medical care and housing to the affected People.
- (7) Save cattle and crop/food grain/fodder as far as possible.
- (8) Maintain liaison with nearest army unit.
- (9) Raise moral of the people and keep them full of hope.

SUBMISSION OF DAILY SITUATION REPORTS (DSRs)

When the floods would actually precipitate, a report on the following points shall be sent every day at 6.00 A.M. by wireless, telegram or by canal wire to the Deputy Commissioner:

- (1) Name of the Sector.
- (2) Number of villages affected during preceding 24 hours.
- (3) Total number of villages affected.
- (4) Total area affected.
- (5) Area under crop affected and area inundated.
- (6) Population affected.
- (7) Human lives lost.
- (8) Cattle drowned.
- (9) Loss of food grain.
- (10) Loss of fodder.
- (11) Number of houses collapsed.
- (12) No of Relief Centres opened.
- (13) No. of persons evacuated.

Except famous and prominent places, the names of villages or chak numbers need not be mentioned in the telegraphic reports). A report should be sent by post immediately in confirmation by each Sector Officer and in this detailed report information should be supplied properly on the proforma prescribed for the purpose.

During the currency of the flood one telegraphic report will be sent at 7.0' clock in the evening daily on the points of general situation and changed situation as compared with the morning report. It will be in particular, the responsibility of the Sector Officer to keep vigilant eye on the condition of High-Ways, Canals and Railway Tracks etc., and also to assist in the restoration of traffic, if possible.

GENERAL.

(i) The Sector Officers will arrange locally, if possible, boats and boatmen for rescue purposes if and when required. If local arrangements are not possible then they should communicate their requirements of boats/boatmen immediately to the Assistant Commissioner and Deputy Commissioner.

(ii) In the event of any apprehension of breach of peace over any matter concerning flood, the Sector Officer should immediately ask for police help to control the situation. In case of any such eventuality, he should also keep the Deputy Commissioner and Assistant Commissioner informed of the latest situation.

(iii) The Sector Officers will also suggest if it is necessary to declare any particular area or areas as calamity affected to deal with the situation more effectively.

(iv) The Sector Officers shall go on simultaneously with their flood protection works and also with the works of making assessment of the amount of relief measures required for the Sector including construction of houses, food grains fooder, gratuitous relief and the assessment of traccavi needed for seeds and bullocks. The object of the work is that the figures of demand are made available to the officers on relief duty at a very short notice.

(v) Some relief camps may have to be opened for the temporary shelter of the displaced persons from flood affected areas. The Sector Officers shall make selection of suitable places and buildings in consultation with the Lambardars in whose areas such camps are to be located. These are matters of social help and all local resources must be made use of in the supply of food, shelter and other necessities of daily use to the affected persons. If in any case, it is found difficult to do so locally, such cases shall be reported before hand to the Additional District Collector and the Deputy Commissioner.

(vi) After the flood subsides, a final report in a concised form showing the exact course of the floods and total area inundated, crop area affected, population dislocated, loss of human life, persons injured, loss of cattle, houses completely washed away, approximate value of damage done to standing crops, private and public property and details of relief measures taken, shall be submitted by the Sector Officers to the respective Assistant Commissioner with their own observations as soon as possible. They shall also make suggestions for future to reduce the extent of the damage.

(vii) Every Sector Officer shall keep a copy of this order with him to know as to what duties he is to perform on receiving a signal. In the case of leave being sanctioned to him before flood duty starts, he will be responsible to hand over those papers to the Officer put in his place and to receive back the papers on return from leave.

(viii) It is needless to say that the flood duty is of the highest priority and a test of the Officers, resourcefulness and initiative. The officers may rest a sure that they will receive full support in any action which is taken by them in good faith. Halfhearted measures or double mindedness may prove fatal. The Sector Officers will have to show qualities of leadership and strong nerves.

DUTIES OF THE ASSISTANT COMMISSIONERS.

(i) Assistant Commissioners will be overall incharges of flood relief operations in their respective sub-divisions. They will supervise the work of the Sector Officers and remove bottlenecks where necessary. They will

provide necessary advice and guidance to the Sector Officers and maintain a close liaison with the Deputy Commissioner.

(ii) The Assistant Commissioners will also arrange for any type of equipment, transport, boats etc that may be required by the Sector Officers.

(iii) The Assistant Commissioners should immediately visit areas which were flooded last year and make out plans for construction of ring bunds etc., if required. They should further inspect safer places selected by the Sector Officers for the evacuation of people with their belongings in case of floods. While so doing they should plan before hand the procurement of food supplies both for men and cattle. In case of necessity or further guidance they should get in touch with the Deputy Commissioner.

(iv) The Assistant Commissioners will submit to the Deputy Commissioner a daily situation report about flood situation and relief activities in their respective sub-divisions, in the prescribed proforma. The report submitted by the Assistant Commissioners shall be a final assessment of the situation. They will neither make an understatement nor exaggerate the magnitude of the floods. In the same context it may also be stressed and emphasized that the Assistant Commissioners instead of depending merely on the reports received from the field will themselves try as far as possible to get firsthand knowledge by visiting troubled spots personally.

(v) In some cases, it will be difficult for the Sector Officer to supervise all the flood protection measures on both sides of sheet of flood water. In that case, if the Assistant Commissioners would feel that because of magnitude of flood in a particular area the Sector Officer cannot pull on successfully with both flood protection works and flood relief measures, then an additional officer shall be detailed to assist the Sector Officer in the matters of relief measures.

(vi) During flood duty the Assistant Commissioners and the Sub-Divisional Police Officers should remain at a place where they are not likely to be marooned. They can go about together or more separately if better results can be achieved in that way.

DISASTER SERVICES.

Six disaster services will be maintained at District and Sub-Divisional level making use of the personal and resources of the implementing agencies. They are:-

- 1) Rescue and Evacuation service.
- 2) Health service.
- 3) Transportation service.
- 4) Communication service.
- 5) Security service.
- 6) Relief and Welfare service.

RESCUE AND EVACUATION SERVICE.

This service will be headed by the Deputy Commissioner, Toba Tek Singh at the district level. The Assistant Commissioners of sub-divisions will head the service at their level. The heads of the service will organize rescue and evacuation operations in their respective areas. The district has been divided into 5 sectors for the purpose of Flood Disaster Management. The conditions, operational procedure and duties of the Sector teams have been highlighted in the foregoing paragraphs.

HEALTH SERVICE.

The CEO (Health) / District Officer (Health), Toba Tek Singh will organize all medical facilities, train medical and allied personal and ensure the availability of necessary medicines and equipment's, medical supplies, blood plasma and other medical facilities for victims of disasters. As soon as a signal is given by the District Administration, the District Officer (Health) shall mobilize his staff in order to check the outbreak and spread of

epidemic diseases and to provide adequate medical relief to the affected population. He will organize the activities of the health staff sector-wise in each sub-division. He may divide a sector into sub-sectors in order to organize his work on proper footings. This may, however, be done by him in consultation with the Assistant Commissioner concerned. He will arrange additional staff and set up temporary dispensaries where required. He will also arrange for adequate supplies of medicines and vaccines. The disinfection of water supply in flood affected areas shall be undertaken by the staff on top priority basis. The District Health Officer will ensure that adequate stock of vaccines etc., is readily available for this purpose. He will also keep the Deputy Commissioner informed about the activities of the Health Department by sending daily reports on the prescribed proforma.

His functions inter-alia will be:-

- a) To oversee the hospitalization of serious cases.
- b) To establish emergency dispensaries for first-aid treatment and medical care of those suffering injuries or illness as a consequence of disaster.
- c) To organize mobile medical teams to cover remote areas or points where access is difficult.
- d) To initiate preventive and curative measures to prevent occurrence and to stop spread of diseases epidemics.
- e) To assist in maintaining sanitary conditions in the disaster areas.

RELIEF AND WELFARE SERVICES.

This service will be headed by the District Officer Social Welfare, Toba Tek Singh. It is aimed at ailing persons who are suffering from the effects of disaster and are helpless. It will also coordinate the organized efforts of the community to improve the living conditions and standards of its members. The functions of this service are enumerated below:-

- a) To make an immediate survey of the disaster areas and make a list of victims.
- b) To provide food and other basic necessities to victims individually or on family basis during the emergency period based on a previous survey.
- c) To establish immediate Emergency Mass Feeding to victims.
- d) To assist in the evacuation of population from danger zones to safer places.
- e) To establish, administrate and supervise relief centers in schools, municipal buildings, tents etc., as a temporary shelter to homeless victims.
- f) To record the hospitalized, injured and missing persons.
- g) To attend to local and international inquiries about persons in disaster areas.
- h) To help disaster victims in establishing contacts with relations and friends outside the affected areas.
- i) To refer victims, individuals and families, to appropriate agencies for rehabilitation.
- j) To answer inquiries regarding whereabouts of missing persons.
- k) To assist in tracing out family members of victims and facilitate in reunion of dislocated families.
- l) To arrange activities to meet diversionary needs of disaster victims.
- m) To provide useful knowledge and skill to victims to aid them in their return to normal living.
- n) To coordinate with other Disaster services and aid giving agencies including acceptance and distribution of donations in kind.

SECURITY SERVICES.

The security service comprising police and army will maintain peace and order and protect life and property in the disaster areas. The District Police Officer will head the Police Service while Officer Commanding

nominated by the Military authorities will head the army units deployed to rescue the stipulation. The District Police Officer will seek necessary help from the Army Unit deployed for the purpose whenever required.

The service will discharge the following duties:-

- a) To maintain peace and order.
- b) To enforce the law.
- c) To arrest law violators.
- d) To protect evacuated habitations and stock of resources.
- e) To facilitate disaster operations by controlling the movement of individual and vehicles.
- f) To detect if possible and prevent disasters.
- g) To carry out initial rescue and survey operations until the appropriate agency takes over.
- h) To assist in saving life and property.

TRANSPORTATION SERVICE.

The transportation service is meant to manage direct control over all available transport facilities and ensure their appropriate and effective utilization in the disaster areas. All requests will be forwarded to the transportation service being under the charge of MC., Toba Tek Singh assisted by Sub-Inspector Traffic. The functions of this service are:-

- a) To keep inventory of all available Governmental or privately owned earth-moving machinery, scrapers, bulldozers, address of owners, agreement obtained in advance etc.
- b) To ask the Coordinating Section to supply additional transport from nearby areas in case of need.
- c) To demand the following information where transportation is required: -
 - 1) Name and location of requesting party.
 - 2) Nature, weight and volume of expected load.
 - 3) Time of pick-up and place.
 - 4) Destination.
 - 5) Loading points-areas.
 - 6) To determine the type of vehicle transportation and numbers of vehicles needed in each case.

The In-charge of the Transportation service will establish liaison with Civil Defence Officer. The Civil Defence Officer will procure equipment and he will procure labour in order to cope with an emergency.

COMMUNICATION SERVICE.

The Additional District Collector will be In charge of this service. This service will employ all available means and require all possible assistance from various agencies in order to provide, operate and maintain continuous and reliable connections throughout disaster operations.

Its functions will be as follows:-

- a) To establish links as requested by the Coordinating Section.
- b) To coordinate, direct and control communications under the guidance of the Coordinating Section.
- c) To provide all assistance and needed support to the agency requesting for communications facilities.
- d) To pass and receive all messages from the Coordinating Section.
- e) To inform immediately upon receipt of Alert Warning, all agencies concerned about the possible need of additional communication facilities and request preparations to be made for speedy action if required by further developments.
- f) To keep a written list of individuals and agencies to be immediately informed upon receipt of alert warning.

PRIMARY RESPONSIBILITIES AND SUPPORT FUNCTIONS OF THE IMPLEMENTING AGENCIES.

AGRICULTURE DEPARTMENT.

The Agriculture Engg: Department will help the Irrigation Department in the supply of earth moving machinery for protection. It will also provide seed for sowing of crops, provide fertilizers and agricultural implements on a loan basis. The Extra Assistant Director of Agriculture, Agricultural Engineer and Superintending Engineer / Executive Engineer Irrigation will work in close collaboration with each other at the time of emergency.

LIVESTOCK.

The District Officer, Livestock and Dairy Development will provide veterinary care, take preventive steps against cattle diseases, supervise purchase of fodder and ensure grazing facilities for evacuated cattle. The allied staff of vaccinations and Veterinary Officers will control the situation within their respective sectors. They will keep themselves in touch with the respective Sector Officer. During the flood emergency the cattle wealth of the district in general and in flood affected areas in particular shall have to be immunized against epidemics. The District Officer, Livestock and Dairy Development, Toba Tek Singh shall arrange on top priority basis vaccination of cattle in flood affected areas in particular and remaining part of the district in general. He will organize the activities of his field staff at sector level. He may divide a sector into sub sectors in worst affected areas for smooth working. This may, however, be done by him in consultation with the Assistant Commissioner concerned. He will arrange additional staff and also set up temporary dispensaries where required. The Assistant Director Livestock and Dairy Development will also ensure regular supplies of medicines and necessary equipments etc., in the flood affected areas. He will keep the D.C. informed about the activities of his department by sending daily reports on the prescribed proforma.

ARMY.

The Army Unit deployed for as emergency will assist in rescue and evacuation activities, produce transport and communication facilities and assist the Irrigation authorities in bund protection. It will work in close liaison with police and other law enforcing agencies.

RESCUE 1122

The District Emergency Officer, TobaTek Singh will assist in rescue and evacuation activities as mentioned above. He will procure equipments as well.

COMMUNICATION DEPARTMENT.

The business Manager PTCL Toba Tek Singh will ensure that telephone connections are in working order during the emergency period. It will also maintain co-axial telegraph system and connection with strategical points with nearest telephone exchange.

AGRICULTURAL ENGINEERING DEPARTMENT.

This department will provide machinery and equipment for repair of earth-moving machinery like bulldozers and tractors. It will open workshops near vulnerable points.

FOOD DEPARTMENT.

This department will ensure that adequate food stocks are available in the district. It will prepare a plan for special Ration Depots at strategic places besides organizing Mobile Depots.

FORESTS DEPARTMENT.

D.O (Forests) will supply 'Abkalani' material for bund protection and assist in protecting the bunds.

HEALTH DEPARTMENT

The CEO (Health) / District Officer (Health) and Health Staff of MC's will work in collaboration with each other during disaster rescue operations. Adequate arrangements should be made at all Relief

Camps for medical aid to the inmates. This department will provide first aid and medical care and establish Mobile posts on vulnerable points and Relief Centers. It will organize Mobile Medical Teams. The chlorination of drinking water and maintenance of proper sanitation in relief camps will be the responsibility of the department. Adequate arrangements shall be made at all Relief Camps for medical aid to the inmates in the camp and where the population is more than 2000 full-fledged dispensary with adequate medical staff shall be set up. For the remaining camps mobile units shall be organized which shall include one male doctor and a lady doctor. The CEO(H) / DHO, will ensure that the mobile units visit each relief camp twice a day. He will also arrange adequate supplies of medicines and other equipment's necessary for the dispensary's mobile units for use in the relief camps. Special attention shall be paid towards the sanitation of the relief camps. Adequate staff shall be posted at each camp under the supervision of the Sanitary Inspector concerned, Trench Latrines shall be provided where necessary according to the requirements of the inmates.

INFORMATION DEPARTMENT

The Deputy Director Public Relations will ensure that the public receive correct and timely information regarding alert and warning messages through news media. He will plan and arrange the visits of newsmen to the district.

IRRIGATION AND POWER DEPARTMENT

The Superintending Engineer Irrigation and the Superintending Engineer FESCO will work in close harmony with each other and jointly supervise, direct and control bund protection activities.

VOLUNTARY AGENCIES, RED CRESCENT AND AID GIVING AGENCIES.

These agencies will provide equipment and supply relief material besides assisting in food distribution and collection of funds etc. for relief purposes. They will also help train personnel for relief activities and provide first aid in relief centers.

OPERATING PROCEDURE

The operating procedure of the plan has been described in detail in foregoing portions. The concept underlying the procedure is that the District Control Centre in D.C. Office, Toba Tek Singh and the Implementing Agencies, both public and private, shall at all times be ready to respond to Alert-Danger warning and information about occurrence of disaster. The Disaster Control Centers and each agency at District level shall at all times be ready to respond to Alert: -

- a) Inform Disaster Coordinator (at respective level).
- b) Mobile appropriate number of personnel.
- c) Inform all officials and implementing agencies concerned.
- d) Use the communication facilities available, Governmental or non-Governmental, whichever the quickest.
- e) Contact the agency issuing the alert to obtain clarifications approximate time-elements, type and estimated intensity.
- f) Contact the responsible officer at the threatened area and communicate the obtained information and enquire about the local situation.
- g) Discuss and check state of preparedness with the officials concerned and determine appropriate actions to be taken.

- h) Execute the determined action.

DANGER WARNING.

- a) Inform Disaster Coordinator (at respective level).
 b) Mobilize all personnel with all possible speed.
 c) Inform all officials and implementing agencies concerned and request them to take immediate appropriate action.
 d) Use Communication Facilities available, Governmental or non-Governmental whichever the quickest.
 e) Contact the agency issuing danger warning for further information.
 f) Contact the responsible officer in the area threatened and discuss the possible needs of disaster victims estimate the net requirements.
 g) Discuss and determine appropriate actions to be taken.
 h) Execute the determined actions.
 i) Organize the determined actions.
 j) Upon notice of disaster occurrence requiring immediate assistance, the Control Centre inform higher level and implementing agencies concerned requesting them to take appropriate action and execute their Emergency Plan.
 k) Dispatch rescue and evacuation team to the affected area for rescue operations and for positive verification of disaster intensity preliminary assessment of losses and damages and net requirements.
 l) Contact, if possible, the responsible officer in the affected area by telephone or by other source of communication to obtain information, clarification on situation and assistance required.
 m) Determine appropriate actions on the basis of available information.
 n) Execute the determined action.

EARLY WARNING SYSTEM

The provision of timely and effective information, through identified institutions, to communities and individuals so that they could take action to reduce their risk and prepare for effective response. District / Tehsil level stakeholders are to be responsible to disseminate the information.

OFFICERS WHO ARE TO BE INFORMED IN THE CASE OF HIGH FLOOD

1. District Police Officer, Toba Tek Singh
2. All Executive District Officers, Toba Tek Singh
3. All Assistant Commissioners, in District Toba Tek Singh
4. Superintending Engineer (East), Faisalabad Division, Faisalabad.
5. Superintending Engineer (West), Faisalabad Division, Faisalabad.
6. Executive Engineer, Gogera Division, Faisalabad.
7. Executive Engineer, Burala Division, Faisalabad.
8. Executive Engineer, Jhang Division, Jhang.
9. Executive Engineer, Provincial Buildings Division, Toba Tek Singh
10. District Officer (Roads), Toba Tek Singh
11. Executive Engineer (Operations) FESCO WAPDA, Toba Tek Singh
12. Chief Officers, Toba Tek Singh, Pirmahal, Kamalia & Gojra.
13. Assistant Director LG & CD, Toba Tek Singh
14. Civil Defence Officer, Toba Tek Singh
15. District Emergency Officer Rescue-1122, Toba Tek Singh
16. Executive Engineer (PHED) Toba Tek Singh

17. District Officer Livestock Toba Tek Singh
18. District Officer Information, Toba Tek Singh.

5.Gaps and Constraints

- *Briefly outline the capacity gaps in the provision of rescue and response;*
- *Describe major obstacles to providing humanitarian assistance (security, access constraints, administrative obstacles, logistics, etc.)*
 - * *Lack of transportation system from the areas likely to be affected;*
 - * *Non availability of 4x4 vehicle to move the senior management to the affected areas during flood;*
 - * *Non availability of trucks which could carry boats and rescue to the effected areas;*
 - * *Shortage of man power with rescue 1122 to undertake flood rescue operation while containing their other regular rescue services/operation.*

MITIGATION STRATEGY

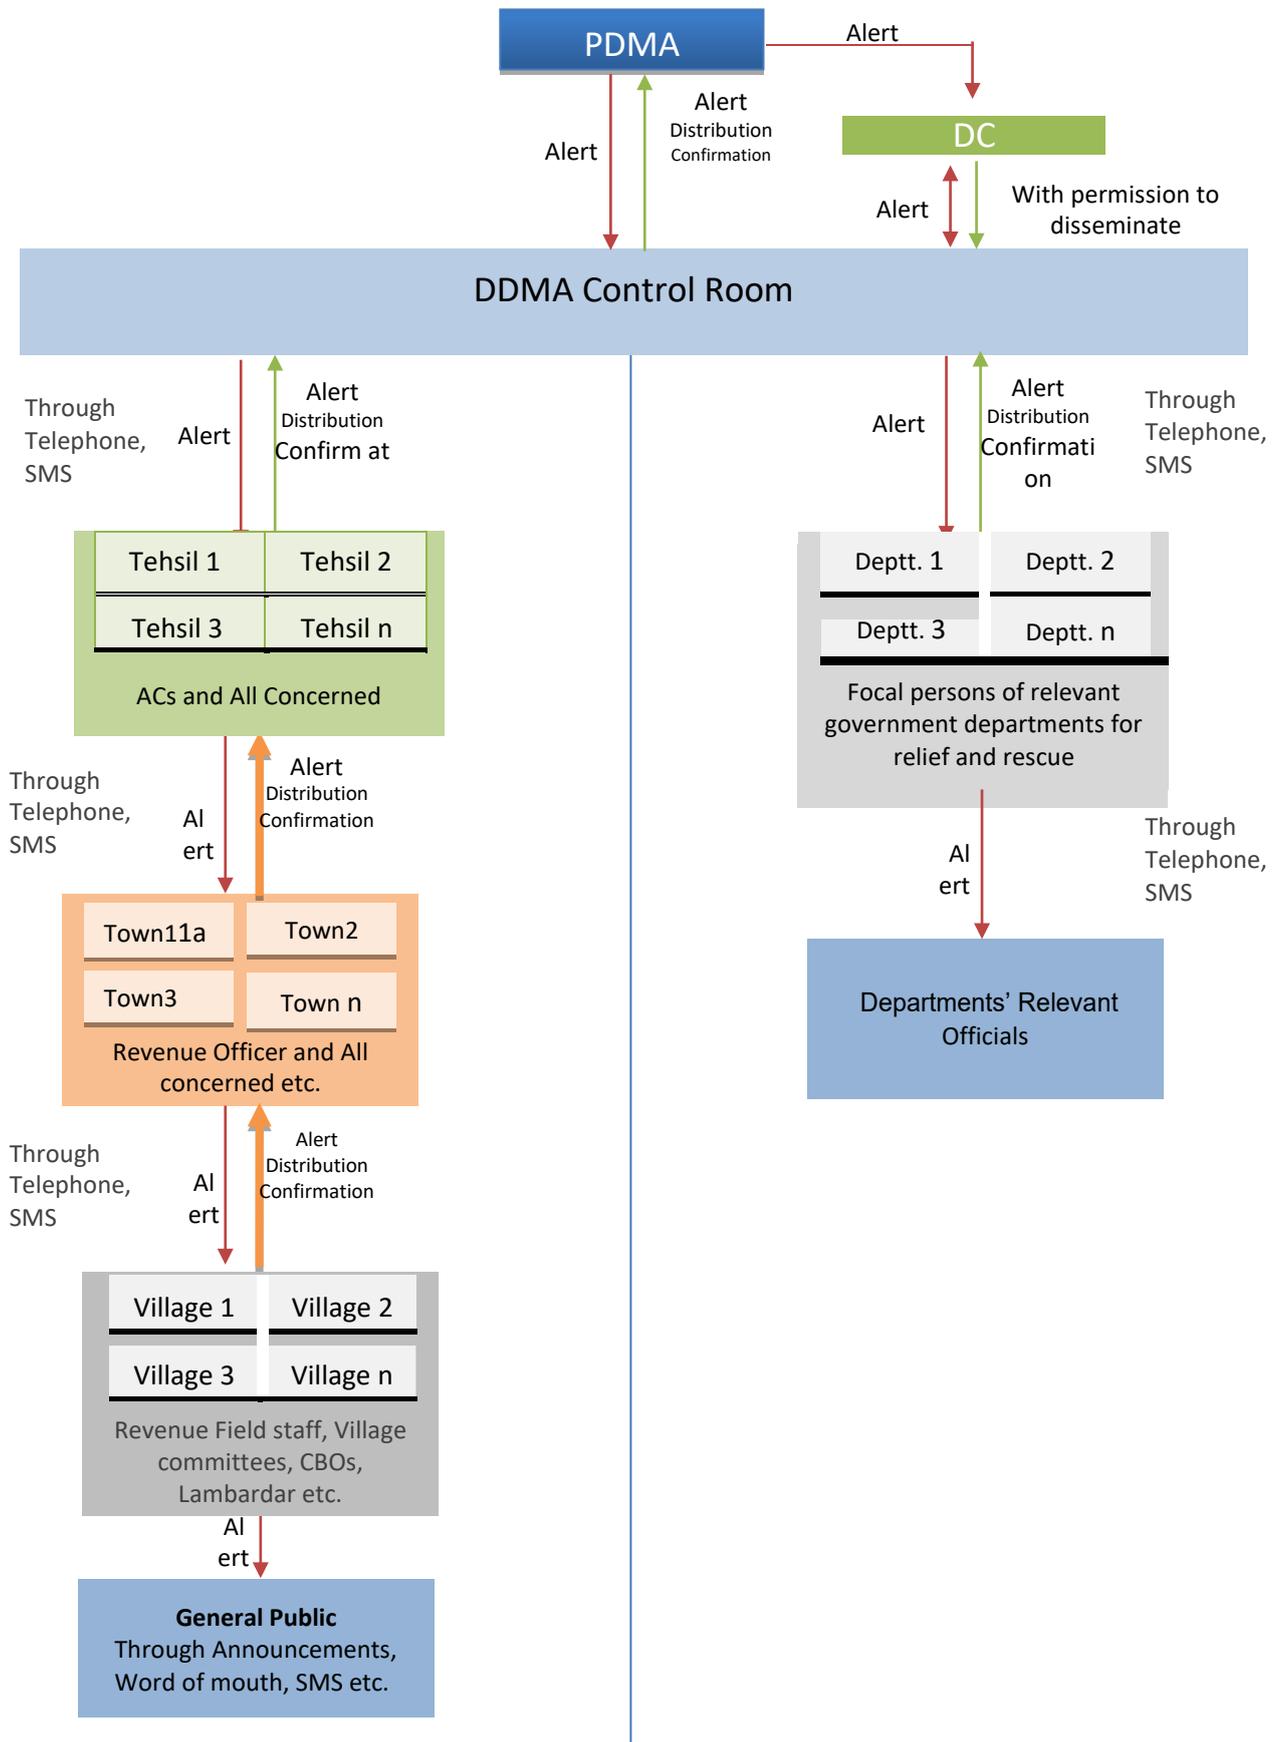

- ✓ Briefly describe what measures could be taken to reduce the impact of the potential disasters.
- ✓ Strategic pre-positioning of available relief stocks
- ✓ Public education and community awareness

Environmental Hazards (industrial accidents, severe pollution etc.)		

EARLY WARNING

Information Flow Diagram

Alertness Levels

Following four levels alertness have been established:

<p>Level-D (Disaster threat is perceptible)</p>	<p>DDMA shall conduct monthly meetings besides atleast 2 mock exercises as per DDMP, well in time, to make the concerned officers/officials understand their role and responsibility for better coordination and testing of rescue and relief equipment. DDMA shall also ensure the physical presence of concerned staff deputed and availability of equipment/resources for all designated vulnerable sites within given time frame during disaster. Vulnerable site's inspections and necessary works/action shall be carried out as mitigation measures.</p>
<p>Level-C (Alert) (Warning issued but likelihood of occurrence is less than 100%)</p>	<p>Activities to be undertaken in level D + DDMA shall issue "alert" to all concerned for the vulnerable area. DDMA and LDMA (tehsil level) control rooms be made operational 24/7 and ensure availability of all required (available and additional) resources for on call mobilization and monitor the situation 6 hourly. Only DC and DPO shall grant leave according to the situation.</p>
<p>Level-B (High Alert) (Disaster threat is imminent)</p>	<p>Activities to be undertaken in level C + DDMA shall issue EW to all stakeholders and "High Alert" for the district to ensure that all additional HR and material resources including volunteers has reported to their assigned duties, and all resources for evacuation and disaster management have been mobilized as per DDMP. All emergency (health, fire, rescue 1122, LOCAL BODIES etc) facilities shall work 24/7 with full staff strength. DDMA shall monitor the situation on hourly basis.</p>
<p>Level-A (Red Alert) (Disaster is materialized)</p>	<p>Activities to be undertaken in level B + DDMA shall respond to the emergency immediately and shall carry out rescue and relief operation as defined in DDMP and shall continuously monitor the situation. Resources of adjoining districts shall be mobilized and Army may be called keeping in view the magnitude of the disaster.</p>

Early Warning

Briefly describe how the early warning will be received from provincial level?

Who is the focal person at district level?

Functions of District/Tehsil Emergency Control Rooms in early warning

How the early warning will be communicated to relevant departments for different disasters? What actions each relevant department should take after receiving the early warning e.g. evacuation.

How the early warning will be communicated to the relevant population? E.g. through Patwaris, SMS, Announcements, Media etc.

EARLY WARNING AND COMMUNICATION SYSTEM OF DISTRICT FLOOD CONTROL CENTER:

- **The Flood Control Center shall receive direct warning from the Provincial Disaster Control Lahore.**
- **It shall process each information and transmit it to the Tehsil to which it relates.**
- **Everything contrary to normal shall immediately be communicate to**
- **I.The Deputy Commissioner at his numbers; Office: 046 9201001 Residence: 046 2510659 Cell No: 0304-0920079**
- **II. ADC (G):046-9201009**
- **III.ADC (G) District Flood Relief Officer: 0340-5599807**
- **IV. The District Emergency Officer at 1122 and 046-9201122 cell 0331-7771122**
- **V. Assistant Commissioner concerned at following numbers**
- **AC Toba Tek Singh: 03359717971**
- **AC Gojra: 0304000237**
- **AC Kamalia: 03334714647**
- **AC Pir Mahal: 03334244151**
- **On receipt of warning, they will convey it to the local population through the revenue Field staff.**
- **The local population shall be warned about the approaching flood.**

RESCUE STRATEGY

- Rescue 1122 will be First responder of the emergency situation and ally of the security forces.
- Quick Response to any untoward situation in case of any emergency.
- Ensure the medical posts in Relief Camps.
- Ensure the Transportation of the patients.
- Ensure the provision of First Aid.
- When the evacuation and flow of flood will become in worst situation then the Pakistan Army will be requested to support the Rescue activities.
- Annex 1 will be verified by Education department

SAFER PLACES.

Sr.No.	Name of Sector.	Safer Places.
1.	Kamalia.	i) Village Dhalvi School. ii) Mohammad Shah Wala Union Council.
2.	Jakkar.	i) Village Azmat Shah Qadir Bakhsh School. ii) Chak No.737/GB, Middle School. iii) Jakkar Union Council. iv) Chak No.741/GB School. v) Chak No.744/GB Middle School.
3.	Pirmahal.	i) Sultanpur Rest House. ii) Sandhilianwali School.
4.	Darkhana (Twin Canals)	i) Joosa Union Council. ii) Village Mai Spooran Union Council. iii) Bridge At Twain Canals.
5.	Khichiwala.	BHU Mal Fatiana.

RELIEF CENTRES.

Sr.No.	Name of Sector.	Name of Relief Centre.
1.	Kamalia	i) Government High School for Boys, Kamalia. ii) Govt. Girls Elementary School Jhaloka. iii) Government Girls Primary School Mal.Fatyana. iv) Government Primary School Haveli Tara.
2.	Jakkar.	i) Government Boys High School 736/GB. ii) Govt. Boys Middle School Chak.725/GB. iii). Govt Girls Middle School Chak.739/GB. (Abadi Bhojianwali) iv).Govt. Boys Primary School. Jamal Pahar
3.	Pirmahal.	i) Government Boys High School No. 1 Pirmahal. ii) Govt. Primary School Gharibabad.
4.	Sandhilianwali	i). Govt. Higher Secondary School Sandhilianwali ii).Govt. Primary School Nasirnagar. iii). Govt. Girls Elementary School 763/GB

5.	Bhussi	BHU Kot Pathana Bhussi Adda.
6.	Darkhana.	i) Government Boys High School Nawab Bhooti ii) Government Girls High School 702/GB iii) UC 694/36/GB. iv) Govt. Boys Middle School Mai Sapooran. v) Govt. Girls middle School.693/plot D vi) Govt. Girls Primary School 700 GB.

HUMANITARIAN ASSISTANCE

- *How damage and losses data will be collected and communicated to higher level?*
- *How the priority needs (e.g. food, shelter, health etc.) will be determined?*
- *What activities will be carried-out to provide assistance to the affected population and by whom?*
- *What assistance will be provided?*
- *Standardization of different packages/kits e.g. food, tents*
- *Humanitarian Assistance monitoring mechanism – to avoid duplication and identify gaps*
- *Minimum standards for camps, if camps are established*
- *What is the current capacity in the district? Enough for how much caseload?*
- *Explain how protection, gender and age, environment and other relevant cross-cutting issues that will be addressed or mainstreamed into the humanitarian assistance strategy*

- * All concern department will provide damages / loss reports;
- * DDMA shall prioritize need;
- * Rescue 1122, Civil Defence, MCs and Health Department will provide help in the respective areas of Responsibility;
- * DDMA will be facilitating & monitoring the humanitarian assistant;
- * All correspondence will be made through DC in coordination with all departments in the District;
- * 22 relief camps will be established by the district administration with coordination of local administration.

District: _____

Date: _____

S#	Name of Farmer	Father Name	CNIC	Mauza	Tehsil	Type of Animals	Number of Animals (Cow, sheep etc.)	Vaccinated/Unvaccinated	Witness 1 name and contact No.	Witness 2 Name and Contact No.
----	----------------	-------------	------	-------	--------	-----------------	-------------------------------------	-------------------------	--------------------------------	--------------------------------

P5: Crop Damages

District: _____

Date: _____

S#	Tehsil	Qanoongoi	Union Council	Mauza	Farmer Name	Land owner/Tenant	CNIC of farmer	Contact number	Type of Crops	Total land affected (acres)	% of mauza affected
----	--------	-----------	---------------	-------	-------------	-------------------	----------------	----------------	---------------	-----------------------------	---------------------

P6: Relief Distribution Tracking Proforma

District: _____

Date: _____

S#	Location/ Destination	Arrival Date and time	Items	Quantity	Items short (if any)	Items sent by	Driver name	Received by	Bilty no
----	-----------------------	-----------------------	-------	----------	----------------------	---------------	-------------	-------------	----------

P7: Private Machinery (Boats, Bulldozers, Cranes etc.)

In case of mega disaster that overwhelms the resources of the Government in certain area, the equipment of private owners are engaged to continue with evacuation, rescue or relief services. The following template is filled to maintain a record of boat owners that might be engaged at the time of a disaster.

District: _____

Date: _____

S#	Name of boat owner	Father name	Contact Number	Age	CNIC	Location of boat/Machinery	Type of Machinery (Boat, Bulldozers, Cranes etc.)	Engine type	Boat capacity	Equipment Condition	Number of Machinery
----	--------------------	-------------	----------------	-----	------	----------------------------	---	-------------	---------------	---------------------	---------------------

P8: Relief camp registration Proforma

New entrants in the relief camps should be documented on a weekly basis by utilizing the following template:

District: _____

Date: _____

S#	Nationality	Domicile	Male	Female	Age	Children Under 12	Infants under 3	Sick	Injured	Pregnant
----	-------------	----------	------	--------	-----	-------------------	-----------------	------	---------	----------

P9: NGOs registration proforma

All the Non-Governmental Organizations operating in the disaster affected areas should register themselves at PDMA’s website. The following template has been developed for NGOs assisting the Government in disaster response.

District: _____

Date: _____

S#	Name of NGO	Local /INGO	Relief activity	Relief camp if any	Focal person in the district	Registered with PDMA	Foreigners to be visiting or not.
----	-------------	-------------	-----------------	--------------------	------------------------------	----------------------	-----------------------------------

P10: Control Room

PDMA requires all districts to setup a control room at the incidence of a disaster. This control room would plan and execute a well-knit Governmental disaster response by bringing together all representatives of the various Governmental departments. This control room would be operational around the clock and PDMA must be informed about its operation and in-charge by filling the following template:

District: _____

Focal Person: _____

Date: _____

S#	Location of control room	Shift I Incharge Name and Contact	Shift II Incharge Name and Contact	Shift III Incharge Name and Contact	Phone Numbers	Fax Numbers	E- Mail Address
----	--------------------------	-----------------------------------	------------------------------------	-------------------------------------	---------------	-------------	-----------------

ANNEX XII: CAMP MANAGEMENT SOPs

- Camps would be established in areas accessible by metalled roads so that provision of essential facilities is not difficult
- Basic facilities such as food, clean drinking water, health, hygiene and sanitation should be available at these shelters.
- Proper registration mechanism should be in place to differentiate between those actually affected and cunning opportunists
- Proper security system should be in place in coordination with the local police as the presence of police always acts as deterrence for criminals who may be attracted to such places.
- Emergency medical care should be available as well as a proper firefighting system as fire out breaks are common in such tents
- Proper camp management should be announced and notified and there should be a complaint cell as well
- A proper distribution mechanism should be in place to ensure that the needy get what they deserve.
- Scattered camps should be catered for and encouraged to join the main camp.
- At times shallow hand pumps are not safe for drinking as the water underground has been affected. In such cases clean medicated water should be provided through water bowsers.
- Vector control is an essential part of the camp management and steps should be taken to remove rats, snakes and mosquitoes etc.
- Un-accompanied and missing children shall be placed separately with proper care and fulfilment of their physical and psycho-social needs.
- Needs of women as per local and cultural environment shall be considered for establishing separate relief camps for ladies with provision of proper security and light arrangements.

Land	3.0-4.5 square meter per person
Shelter	3.5 square meter per person
Water	15-20 liters per person per day
Food	2100 kcal per person per day
Toilet	One per family of 6-10 persons
Health Centre	One per 20,000 persons
Child Friendly Spaces	2-4 year olds- 15 children:2 facilitators
	5-9 year olds-20 children : 2 facilitators
	10-18 year olds- 30 children :2 facilitators
Hospital	One for as many as 200,000 persons

ANNEX XIII: FLOOD BUNDS

INFORMATION REGARDING FLOOD BUND CATEGORY A

ANNEX XV: LIST OF BASIC TERMS

Acceptable risk

The level of loss a society or community considers it can live with and for which it does not need to invest in mitigation

Biological hazard

Biological vectors, micro-organisms, toxins and bioactive substances, which may cause the loss of life or injury, property damage, social and economic disruption or environmental degradation.

Capacity

A combination of all the strengths and resources available within a community, society or organization that can reduce the level of risk, or the effects of a disaster.

Capacity may include physical, institutional, social or economic means as well as skilled personnel or collective attributes such as leadership and management. Capacity may also be described as capability.

Capacity building

Efforts aimed to develop human skills or societal infrastructure within a community or organization needed to reduce the level of risk. In extended understanding, capacity building also includes development of institutional, financial, political and other resources, at different levels of the society.

Climate change

The climate of a place or region is changed if over an extended period (typically decades or longer) there is a statistically significant change in measurements of either the mean temperature or variability of the climate for that region.

Coping capacity

The means by which people or organizations use available resources and abilities to face a disaster. In general, this involves managing resources, both in normal times as well as during crises or adverse conditions.

Disaster

A serious disruption of the functioning of a community or society causing widespread human, material, economic or environmental losses which exceed the ability of the affected community or society to cope using its own resources. It results from the combination of hazards, conditions of vulnerability and insufficient capacity to reduce the potential negative consequences of risk.

Disaster risk management (DRM)

The comprehensive approach to reduce the adverse impacts of a disaster. DRM encompasses all actions taken before, during, and after the disasters. It includes activities on mitigation, preparedness, emergency response, recovery, rehabilitation, and reconstruction.

Disaster risk reduction/disaster reduction

The measures aimed to minimize vulnerabilities and disaster risks throughout a society, to avoid (prevention) or to limit (mitigation and preparedness) the adverse impacts of hazards, within the broad context of sustainable development.

Early warning

The provision of timely and effective information, through identified institutions, to communities and individuals so that they could take action to reduce their risks and prepare for effective response.

Emergency management

The management and deployment of resources for dealing with all aspects of emergencies, in particularly preparedness, response and rehabilitation

Forecast

Estimate of the occurrence of a future event (UNESCO, WMO). This term is used with different meanings in different disciplines.

Geological hazard

Natural earth processes that may cause the loss of life or injury, property damage, social and economic disruption or environmental degradation. For example, earthquakes, tsunamis, volcanic activity and emissions, landslides, rockslides, rock falls or avalanches, surface collapses, expansive soils and debris or mud flows.
