PREFACE

The District Flood Fighting/ Relief Plan has been prepared on the basis of past experiences and keeping in view the discharge of water from the rivers in the District. As the flow of water in rivers keep on changing in terms of their course and ferocity, therefore, this flood plan has been revised accordingly. The relief measures in this plan have been prepared keeping in view the latest instructions and guidelines received from the Relief & Crisis Management Department, Board of Revenue Punjab.

It is anticipated that this plan would prove to be a useful document for the District Government functionaries especially those deployed for flood emergency duties as it covers almost each and every aspect of rescue / relief operation and pre & post flood arrangements. It is expected that with these detailed instructions emergency of any magnitude can be tackled effectively and efficiently.

May Allah give us the courage to combat the situation arising out of the flood emergency with perseverance and also enable us to put in sincere and strenuous efforts to mitigate the sufferings of the affected people during flood.

(Mehtab Waseem Azhar)
DEPUTY COMMISSIONER
MANDI BAHAUDDIN

DISTRICT ADMINISTRATION,
MANDI BAHAUDDIN

INTRODUCTION

District Mandi Bahauddin is spread over an area of 2673 Square KMs. It comprises of three Tehsils i.e. Mandi Bahauddin, Phalia & Malakwal. The city itself is 204 meters above sea level and is situated in upper Punjab. The climate of this district is very hot in summer and cold in winters. During peak summer the day temperature goes up to 45 degrees, but the winter months are fairly pleasant and the minimum temperature may fall below 2 degrees. Occasionally, the District Mandi Bahauddin has to face the onslaught of flood causing devastation and disturbance of normal activities of life. The flood control measures in the scheme have been drawn up on the basis of floods of 1973, 1988, 1992 & 2014. Besides the rivers' flood, heavy monsoon rains (the average rain fall in the district is 50 mm) also cause local flooding and damage. During the peak flood season, usual pattern of life is abruptly changed / disrupted and a large number of people plunge into helplessness and sufferings.

OBJECTIVES

The objectives of this plan are:-

1. To evacuate the flood affected people from the flood affected areas and their transportation to the safe places / relief camps.
2. To protect installations, infrastructure, machinery and stocks e.g. roads, railway tracks, bridges, power installations, gas pipelines, irrigation works, tube wells, etc.
3. To pre-empt danger and threat to life and property of the marooned people
4. To provide guidance to the Government functionaries engaged in relief and operational activities.
5. To streamline the role of District Government Agencies and private organizations to ensure prompt and timely action.
6. To devise strategy and mechanism to counter any eventuality in the future.

CHAPTER I

BRIEF HISTORY OF PAST FLOODS

RIVER JHELUM.

Since the construction of Mangla Dam, flood discharges in river Jhelum D/S Mangla have been very low, however, in 1992 an exceptionally high flood of 10,50,000 CS was experienced in river Jhelum. The abadies along the River Jhelum on both banks were affected badly. Jhelum City was also inundated with a heavy loss to lives and properties. Vast lands of villages U/S Jhelum city on right bank were eroded. Consequently, 17 studs in the river were constructed in 1994-95 by the Govt. for protection of these villages against land erosion. In 2014 River Jhelum witnessed medium range flood with 516000 cusecs. 34 Villages of tehsils Malakwal & Mandi Bahauddin were affected partially.

Besides, with the passage of time, the river shifted its course and considerably eroded the lands on its left bank D/S Jhelum City, forming bela in its center. Due to this shifting of river course the abadies of village Chak Sikandar, Kharka, Gurha Jattan, Bhalwal Gharbi, Baharwal, etc. have been constantly under threat of damage by flood water. During super flood of September 1992, a vast valuable agricultural land of these villages were eroded and the flow of the river considerably shifted towards left bank threatening thereby the safety of the village abadies. In order to safeguard these villages in future from erosive action of river Jhelum, protective measures are needed to be adopted.

RIVER CHENAB.

During floods of 1973, 1976, 1988 and 1996 the flood water entered into R.Q.link Canal through its Tail Regulator by over topping the gates while Budhi Nullah carrying a discharge of 16000 Cs also discharged into R.Q Link at RD 99000, through intake structure. The synchronization of flood in Budhi Nullah and River Chenab during flood 1973 created havoc in reach RD 99000 to 142000 and R.Q Link was breached at RD 110000/R inundating vast agricultural land of Tehsil Phalia. The village abadies of left side of R.Q link Canal in the reach RD 128000 to 145000 were also endangered due to high flood level in R.Q Link Canal.

A precarious situation was arisen during September 1992 when Super flood in River Jhelum caused unpleasant situation at Rasul Headworks and flood water entered into R.Q Link in reach RD 0.-25000 after over topping and breaching R.Q Link against design capacity of 19000 Cs flood water to the scale of 26000 Cs passed into R.Q Link causing heavy damages to R.Q Link. Again throughout its length, high flood in River Chenab at Qadirabad Barrage also shared negatively due to its back water effect at tail reach of R.Q Link in RD 130000 to 145000 although received serious blow but with efforts on war-footings it was saved. Similar situation arose during exceptionally high flood in River Chenab in 1996 & 1997. In 1997 the Zamindars of village Aado, Sukhali, Chak Jano Khurd, Chak Jano Kalan, Agroia, Arzani and Basi made a deliberate cut at RD 104-105 for drain out their fields. The cut was repaired after flood. Similarly tail reach RD 142-145 came under serious erosion sloughing. The channel was saved by tree launching and flood fighting. In view of the past experience tail reach of R.Q Link (RD 130000-145256) needs special attention to avoid unpleasant situation during flood season. In 2014 river Chenab was flooded heavily with 921000 cusecs. 69 villages were inundated.

In 2014 river Chenab witnessed unprecedented flood causing heavy lose to fertile land, livestock & crops. 69 villages were inundated in flood water.

CHAPTER II

GEOGRAPHICAL FEATURES, AREA & POPULATION

1. GEOGRAPHICAL FEATURES:

District Mandi Bahauddin is located between two rivers, i.e., River Jhelum and River Chenab. It is bounded on the South by the river Chenab, separating it from the districts of Gujranwala and Hafizabad, bounded on the north by the river Jhelum separating it from district Jhelum, on the east district Gujrat and on the south west district Sargodha, having distance as follows:-

(a) North	District Jhelum	(48 KMs)
(b) South	District Hafizabad and Gujranwala	(90 KMs)
(c) East	District Gujrat	(72 KMs)
(d) West	District Sargodha	(120 KMs)

2. DEMOGRAPHY

The total area of the District is 6, 60,513 acres and total population of this District according to the Census Report 2017 is 1,593,292. Its tehsil-wise breakup is as under:-

S.NO.	TEHSIL	POPULATION	VILLAGES
1	Mandi Bahauddin	668,007	116
2	Phalia	553,416	233
3	Malakwal	371,869	84
Total		1,593,292	433

CHAPTER III

DISTRICT FLOOD RELIEF COMMITTEE

1. There shall be a District Flood Relief Committee headed by the District Coordination Officer, Mandi Bahauddin. The main function of the Flood Relief Committee will be to arrange and supervise the relief activities for flood affected people.

2. The formation of the Committee is as under:-

1.	The DC / District Collector, Mandi Bahauddin.	Chairman
2.	The Addl. Deputy Commissioner (R) Mandi Bahauddin	DFRO
3.	District Police Officer, Mandi Bahauddin.	Member
4.	All the Assistant Commissioners in the District	Member
5.	C.E.O D.E.A M.B.Din	Member
6.	The C.E.O D.H.A, M.B.Din	Member
7.	The Medical Superintendent, DHQ Hospital, Mandi Bahauddin	Member
8.	The District Food Controller, Mandi Bahauddin	Member
9.	The Executive Engineer, Irrigation, UJC Gujrat/Jhelum & LJC, Rasul	Member
10.	The Executive Engineer, (GEPCO), Mandi Bahauddin	Member
11.	The Executive Engineer, Qadirabad Barrage Qadirabad.	Member
12.	C.O Municipal Committee	Member
13.	The District Officer (Civil Defence), Mandi Bahauddin.	Member
14.	The Incharge Emergency Officer (Rescue-1122), Mandi Bahauddin	Member
15.	The Business Manager, PTCL, Mandi Bahauddin.	Member
16.	The District Information Officer, Mandi Bahauddin.	Member
17.	The Circle Incharge, Edhi Welfare Centre, Mandi Bahauddin.	Member

DISTRICT DISASTER MANAGEMENT AUTHORITY

(DDMA)

Subject to the provisions of NDMA Act 2010, the District Authority shall be as the district planning, coordinating and implementing body for disaster management and take all measures for the purposes of disaster management in the districts in accordance with the guidelines laid down by the National Authority and the Provincial Authority. Without prejudice to the generality of foregoing provisions, the District Disaster Management Authority will manage the following tasks

- Prepare a disaster management plan including district response plan for the province.
- Co-ordinate and monitor the implementation of the National Policy, Provincial Policy, National Plan, Provincial Plan and District Plan.
- Ensure that areas in the district vulnerable to disasters are identified and measures for the prevention of disasters and mitigation of its effects are undertaken by the departments of the Government at the district level as well as by the Local Authorities.
- Ensure that the guidelines for prevention, mitigation, preparedness and response measures as laid down by the National Authority and Provincial Authority are followed by all departments of the government at the district level and local authorities in the District.
- Give directions to different authorities at the district level and local authorities to take such other measures for the prevention and mitigation of disasters as may be necessary.
- Lay down guidelines for preparation of disaster management plans by the departments of the Government at the districts level and local authorities in the district.
- Monitor the implementation of disaster management plans prepared by the departments of the Government at the district level.
- Lay down guidelines to be followed by the departments of the Government at the district level.
- Organize and coordinate specialized training programmers for different levels of officers, employees and voluntary rescue workers in the district.
- Facilitate community training and awareness programmers for the prevention of disasters or mitigation with the support of local authorities, governmental and non-governmental organizations.
- Set up, maintain, review and upgrade the mechanism for early warnings and dissemination of proper information to public.
- Prepare, review and update district level response plans and guidelines.

- Co-ordinate with, and give guidelines to local authorities in the district to ensure that pre-disaster and post-disaster management activities in the district are carried out promptly and effectively.
- Review development plans prepared by the departments of the Government at the district level, statutory, authorities or local authorities with a view to make necessary provisions therein for prevention of disaster or mitigation.
- Identify places and buildings which could in the event of a disaster situation, be used as relief centers or camps and make arrangements for water supply and sanitations in such buildings or places.
- Establish stockpiles of rescue and relief materials or ensure preparedness to make such materials available at a short notice.
- Provide information to the Provincial Authority relating to different aspects of disaster management.
- Encourage the involvement of non-governmental organizations and voluntary social-welfare institutions working at the grass root level in the district for disaster management.
- Ensure communication systems are in order and disaster management drills are carried out periodically.
- Perform such other functions as the Provincial Government or Provincial Authority may assign to it or as it deems necessary for disaster management in the district.

Composition of DDMA Mandi Bahauddin

1	The Deputy Commissioner, Mandi Bahauddin.	Chairman
2	District Emergency Officer (Rescue-1122), Mandi Bahauddin	Secretary
3	District Disaster Management Coordinator (DDMC), Mandi Bahauddin.	Member
4	The Addl. Deputy Commissioner (R) Mandi Bahauddin	Member
5	District Police Officer, Mandi Bahauddin.	Member
6	All the Assistant Commissioners in the District	Member
7	C.E.O D.E.A M.B Din	Member
8	The C.E.O D.H.A, M.B Din	Member
9	The District Food Controller, Mandi Bahauddin	Member
10	The Executive Engineer, Irrigation, UJC Gujrat/Jhelum & LJC, Rasul	Member

11	All Chief Officers, ZC & MCs in Mandi Bahauddin District.	Member
12	The Deputy Director /Local Government, Mandi Bahauddin.	Member
13	The Deputy Manager (Operation), GEPCO, Mandi Bahauddin & Phalia.	Member
14	The Executive Engineer, Qadirabad Barrage Qadirabad.	Member
15	The Executive Engineer, Drainage Division, Mandi Bahauddin.	Member
16	The Executive Engineer, Highways Division, Mandi Bahauddin.	Member
17	The Executive Engineer, PHED Mandi Bahauddin.	Member
18	The Additional Director, Livestock, Mandi Bahauddin.	Member
19	The District Officer (Civil Defence), Mandi Bahauddin.	Member

CHAPTER IV

FLOOD CODES

The following codes shall be communicated to the District Flood Control Centre by the Irrigation Department according to the discharge of water in the rivers:-

1. RIVER JHELUM

<u>CODE</u>	<u>DISCHARGE OF WATER</u>
(a). "Low Flood"	75,000 to 110,000 Cusecs.
(b). "Medium Flood"	110,000 to 150,000 Cusecs.
(c). "High Flood"	150,000 to 225,000 Cusecs.
(d). "Very High Flood"	225,000 to 300,000 Cusecs.
(e). "Exceptionally high flood"	Above 300,000 Cusecs.

2. RIVER CHENAB

<u>CODE</u>	<u>DISCHARGE OF WATER</u>
(a). "Low Flood"	100,000 to 150,000 Cusecs.
(b). "Medium Flood"	150,000 to 200,000 Cusecs.
(c). "High Flood / danger"	200,000 to 400,000 Cusecs
(d). "Very High Flood"	400,000 to 600,000 Cusecs
(e). "Exceptionally high flood"	Above 600,000 Cusecs.

CHAPTER V

DISTRICT FLOOD CONTROL CENTRE

1. District Flood Control Centre has been established on the phone No. 0546-650288 w.e.f. 15th June, 2019 under the supervision of Additional Deputy Commissioner (G), Mandi Bahauddin. It will be managed round the clock.

2. The District Flood Control Centre on receipt of "*FLOOD WARNING*" shall immediately convey the same to the Tehsil Flood Control Centers for onward information of the Sector and Sub Sector In charge for taking appropriate action and for the information of the residents of the likely flood affected areas through the quickest possible means. The District Flood Control Centre shall also pass on such information in writing to the following officers:-

- (a) The Deputy Commissioner, Mandi Bahauddin
- (b) The District Police Officer, Mandi Bahauddin.
- (c) The XEN Irrigation UJC, Gujrat & Jhelum Division.
- (d) The XEN LJC, Rasul Division.
- (e) The XEN Qadirabad Barrage.

3. PLAN IN CASE OF HIGH FLOOD

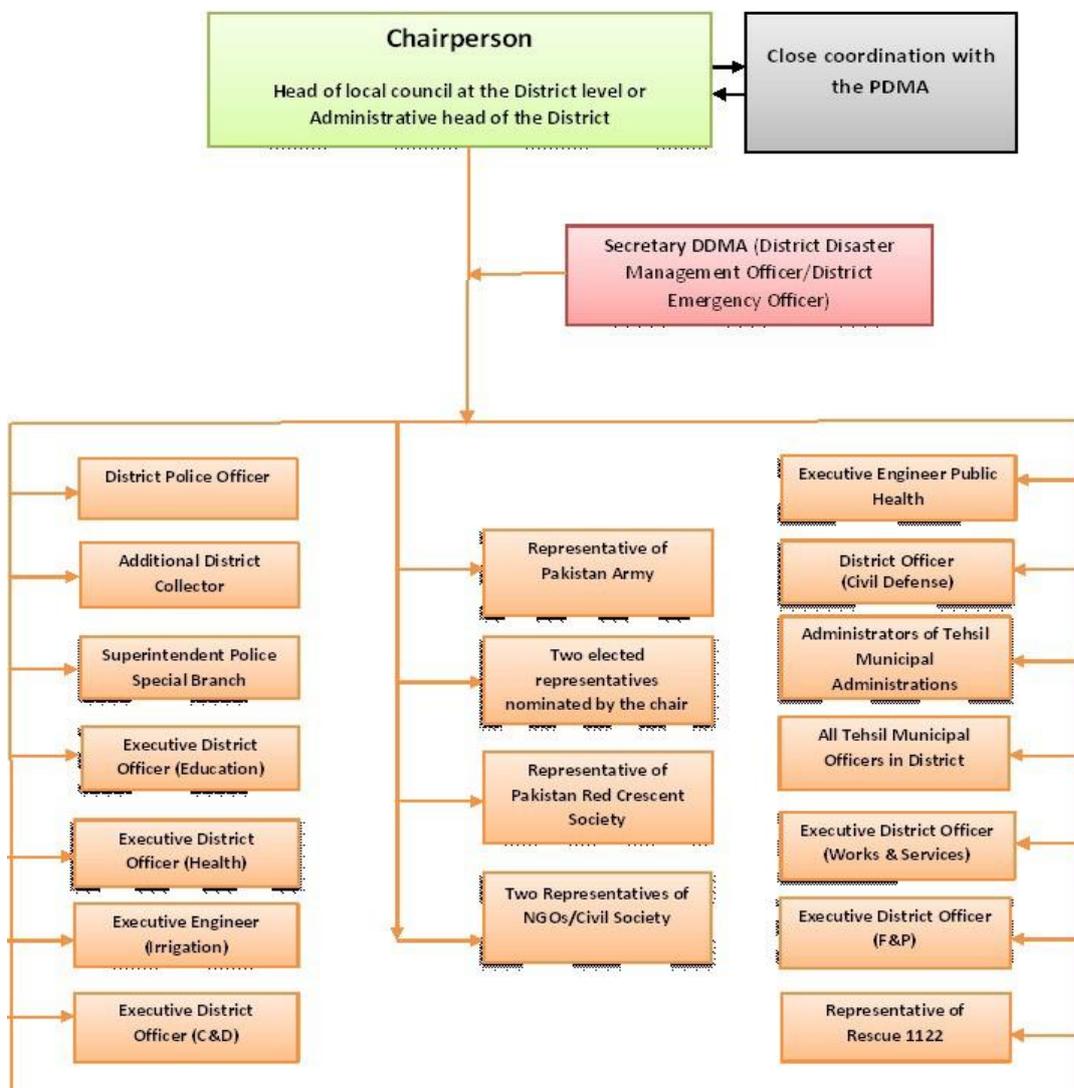

Upon receipt of high flood / danger warning the District Control Centre shall be responsible:-

- (a) To inform the concerned Tehsil Flood Control Centre and all implementing agencies concerned requesting them to take appropriate actions and execute their emergency plan.
- (b) To dispatch Rescue and Evacuation teams to the affected areas for rescue operations and for verification of disaster's intensity, preliminary assessment of losses and damages etc.
- (c) To contact the Tehsil Flood Supervisory Staff and responsible Sector Officers in the affected areas by telephone or by other

sources of communication to obtain information/ clarification of situation and assistance required.

- (d) To determine appropriate actions on the basis of available information.
- (e) To execute the determined actions.
- (f) The implementing agencies shall, upon receipt of information of disaster/ occurrence requiring immediate assistance, execute the respective plans without delay.

Coordination Mechanisms

Early Warning System Protocols

<u>Protocols</u>	<u>Details</u>
<u>Receipt Of Warning</u>	The early warning is received from resources like PDMA, Pakistan metrological department (heavy rains / wind or storms), Hydrological department WAPDA Mangla dam,(flood / dam out flow), Rescue 1122 (Road accidents, Fires, Building Collapse, Drowning), Civil Defence & police (riots, violence, terrorist activities), Health (epidemics) through emails, phone calls & SMS depending upon the nature & gravity of the warning.
<u>Functions Of Control Room</u>	<ul style="list-style-type: none"> • Information collection & dissemination • To establish Coordination among departments. • Communicate with concerned department (depending upon the nature & gravity of the warning) • Resource dispatching and tracking. • Warning distribution among government department, public & media. <p>The information received at district control room is dispatched to the concerned department (focal person / district head) through email, SMS or phone call depending upon the severity of the warning after getting clearance from chairman DDMA.</p>
<u>Mode Of Communication Of Early Warning To Relevant Population</u>	<p>The relevant warnings to concerned population is passed in three phases</p> <p><u>PHASE 1</u></p> <p>Notices are served through Patwari and Gardawar to the concerned residents of vulnerable area regarding alternate arrangements for expensive items/goods in case of emergency evacuation.</p> <p><u>PHASE 2</u></p> <p>Mock exercises and drills are conducted through relevant departments regarding evacuation.</p> <p><u>PHASE 3</u></p> <p>In this phase the warnings are issued through sirens, announcements through loud speaker/mega phone and electronic media when DDMA issues high alert of level B.</p>

CHAPTER VI

TEHSIL FLOOD CONTROL CENTRES

1. There are three Tehsils of District Mandi Bahauddin i.e. Mandi Bahauddin, Phalia and Malakwal. Flood Control Centres at Tehsil headquarters have also been established under the supervision of the respective Assistant Commissioners as detailed below:-

TEHSIL	LOCATION	INCHARGE	PHONE NO.
M.B.DIN	Office of A.C M.B Din	A.C M.B Din	0546-650224
Phalia	Office of A.C Phalia	A.C Phalia	0546-596460
Malikwal	Office of A.C Malikwal	A.C Malikwal	0546-591276

District Flood Control Rooms of Urban Flooding

Sr. No	Flood Control Room	Telephone	Officer Incharge	Focal Person
1	District Flood Control Room	0546-650288	ADC(R) MBD 0546-506488	Rana M. Arshad, Office Superintendent 0340-1123626
2	District Council Flood Control Room	0546-650185	Muhammad Iqbal Khawar, District Officer (I&S), ZC, M.B Din 0336-3222366	Rizwan Bashir Agha, District Officer (Regulation) 0300-6238806
3	MC Mandi Bahauddin Flood Control Room	0546-509500 0546-500116	M. Fayyaz, Municipal Officer (Services) 0300-6203473	M. Fayyaz, Municipal Officer (Services) 0300-6203473

4	MC Phalia Flood Control Room	0546-587039	M. Bashir Ahmed CO, MC Phalia 0300-7754580	M. Bashir Ahmed CO, MC Phalia 0300-7754580
5	MC Malikwal Flood Control Room	0546-591631	M. Irfan Gondal, Chief Officer Malikwal 0343-7987022	M. Arshad, JC 0302-7747920

2. DUTIES & FUNCTIONS

The Assistant Commissioners will be responsible for the flood relief measures in their respective Tehsils, as follows:-

- (a) To ensure that the flood warning received from the District Flood Control Centre is passed on to Sector and Sub Sector Incharge.
- (b) To ensure that the flood warnings and messages are quickly passed on to the villages likely to be affected.
- (c) On receipt of information regarding **extra ordinary high flood/danger** will move their headquarters to the dangerous point and remain there till the flood subsides.
- (d) To issue necessary instructions to the staff to effectively mitigate the sufferings of marooned people.
- (e) To communicate the flood situation and the relief measures taken by him to the District Flood Control Centre for the information of the administration through the quickest possible means.
- (f) To keep himself in touch with the headquarters by wireless, telephone or any other means available at the spot.
- (g) To ensure submission of daily situation report to the District Headquarters.

CHAPTER VII

DETAIL OF FLOOD SECTORS & SUB SECTORS

1. The District Mandi Bahauddin has been divided into 09 Sectors & 18 Sub Sectors for flood warning and relief activities and 10 Relief Camps have been established where the SHO concerned, Veterinary Officer, Medical Officer, representatives of Irrigation, Tehsil Municipal Administration and Education Departments will be present round the clock to assist the Sector Officer in performance of flood emergency duties.

2. The Tehsil-wise detail of Sectors and Relief Camps, is as under:-

Sr. No	Tehsil	Location		Capacity	After 15 th August (Opening schools)	Capacity
1	Mandi Bahauddin	Rasul	Govt. Boys High School, Rasul	500-600	BHU, Rasul	100
		Mong	Govt. Boys High School, Mong	500-600	RHC, Mong	60
		Ahla	Union Council, Ahla	35-50	BHU, Ditto Chor	100
2	Phalia	Chak Shahbaz	Govt. Boys Middle School, Chak Shahbaz	200-300	BHU, Chak Shahbaz	300 - 400
		Kala Shadian	Govt. Elementary School, Kala Shadian	150-200	BHU, Kala Shadian	300 - 400
		Jokalian	Govt. Boys High School, Jokalian	800 - 900	RHC, Jokalian	700 - 800
		Bharowal	Govt. Boys High School, Bharowal	900 - 1000	BHU, Bharowal	500 - 600
3	Malakwal	Malakwal	Rafi-ul-Islam Boys School, Malakwal	400-500	THQ, Malakwal	1000
		Haria	Govt. Boys High School, Haria	900-1000	BHU, Haria	600
		Bhagowal	Girls Elementary School, Bhagowal	900-1000	BHU, Bhagowal	800

3. UNACCOMPANIED CHILDREN CENTER

S#	Name of School	Name of Responsible Officer & Cell No.	Name of Class IV alongwith Cell No.
1	GHSS Sohawa Bolani	Huma Imtiaz, Education Officer 0332-4656645	Shahid Imran - 0347-7499241 Riaz Gull Khan - 0344-6030520

4. DUTIES OF SECTOR INCHARGES

The Sector Incharges shall be responsible for carrying out the following duties:-

- (a) To carry out the survey of the area of their respective jurisdiction for flood relief and point out problems likely to be faced by the people of the area, so that these should be resolved well before the rainy season starts.
- (b) To inspect the buildings, earmarked for establishment of relief camps by 15th of June and submit their report to the respective Deputy Commissioner that buildings are fit for human dwelling and basic necessities i.e. electricity, water supply, toilets etc. are available on the spot.
- (c) To carry out the survey of spurs and bunds falling within their area of responsibility along-with the representatives of Irrigation Department, that all the spurs and bunds are intact and necessary repairs have been carried out well before the flood season starts.
- (d) Every Sector Officer should fully acquaint himself with the problems of the area, means of communication in his sector before-hand so that he is well informed of his area of jurisdiction to meet any emergency effectively.
- (e) To inform the residents of the villages that their villages are attached with their sectors and where the relief camps are situated. In case of emergency they may contact the sector Incharge.

- (f) To give wide publicity to the flood warning situation in every village in his circle and to ensure that the inhabitants of every village get correct information about the floods, in case the circumstances require so.
- (g) To make necessary arrangements for evacuation of the population residing in the dangerous zones.
- (h) To provide food to the flood victims and also fodder (dry or green) to their cattle heads.
- (i) To keep informed of the situation to the District/ Tehsil Flood Control Centres through the quickest possible means for the information of the District Government.
- (j) To Keep constant watch over flood situation and carry out survey of the area of his responsibility to assess the damages caused due to flood to human beings/ their cattle heads, property and the standing crops etc. and also maintain daily diary.
- (k) To ensure vaccination/ inoculation of the flood stricken people and their cattle heads against epidemics.

Flood Relief Centers in Tehsil Phalia

Sr. No	Name of Center	Center Location	Name of Officer

CHAPTER VIII

ASSISTANCE OF PAKISTAN ARMY & RANGERS

Search & Rescue

Rangers Headquarters, Mandi Bahauddin is responsible for flood operations all over the District. The District Coordination Officer on behalf of the District Government Mandi Bahauddin may seek the assistance of Rangers Troops in case of flood emergency. The Rangers force shall be requisitioned in rescue and evacuation operations for the flood affectees and they will assist the Irrigation Department in the protection of embankments. In addition, the rangers shall assist the civil administration in relief, rescue and evacuation process.

Inspection of Bunds

A thorough survey of flood protection bunds and canal banks including explosive liner shall be carried out with the coordination of army authorities and irrigation authorities. The Assistant Commissioners will keep close liaison with the Army Authorities responsible for flood rescue operation for District Mandi Bahauddin. The Army Authorities are being requested to keep at least one unit of Army Jawans in the district, ready to meet any eventuality, in case of flood emergency.

Sr. No	Department	Contact Number
1	Rangers Pakistan, Mandi Bahauddin	0546-502272

CHAPTER IX

CONTROL OF LAW AND ORDER SITUATION

1 Experience shows that whenever any flood emergency arises, inhabitants of the area try to cut the protection bund at upstream to divert the flood threat from their locality in such a situation it would be necessary for District Administration to provide.

- (a) Adequate day and night patrolling to guard against any attempt to stealthily cutting a bund or structure.
- (b) Adequate provision of Police Force for any open and defiant attempt of breaching the bund at any place.

2 In such situations, the District Police Officer, Mandi Bahauddin would be responsible to promptly provide adequate police force on being apprised of the situation by the Executive Engineer concerned, through District Coordination Officer, Mandi Bahauddin.

3 Moreover, all the SHOs of the Police Stations in the district would be responsible for deputing sufficient police force on sensitive points, in this regard, suo moto, or on the requisition of Assistant Commissioners and Sector Incharge of the concerned areas.

4 The District Police Officer, Mandi Bahauddin is requested to chalk out a Flood Fighting Plan, in line with this plan and provide a copy thereof, to the District Coordination Officer, Additional District Collector and all the Assistant Commissioners in the district.

5 He is also requested to pass on necessary directions to all the SHOs of Police Stations in the district to depute police force, without any delay, on the requisition of the Additional Deputy Commissioner, Assistant Commissioners and Sector Incharges as and when required.

CHAPTER X

LOCATION OF WIRELESS SETS

1. The wireless sets will be available on the following points for communication of flood messages:-

- (a) Office of the Additional Deputy Commissioner / District Flood Control Centre
- (b) Office of the Assistant Commissioner / Tehsil Flood Control Centres.
- (c) Police Lines Mandi Bahauddin.
- (d) With all the Sector Incharges
- (e) The wireless sets are also available at the following Police Posts/Cells:

Sr. No	Location
1	Police station Phalia
2	Police station Malikwal
3	Police station Pahrianwali
4	Police station Qadirabad
5	Police Check post Ransike
6	Police station Kuthiala Sheikhan
7	Police station Miana Gondal
8	Police station Gojra
9.	Police Station City Mandi Bahauddin
10	Police Station Bhagat
11.	Police Station Sadar M.B.Din
12	Police Post Rasul
13	Check post Rasul Barrage
14	Police post Busal
15	Police Check post Talhi Adda
16	Police station Civil line
17	Police Check post Baho Manga
18	Police Check post Sugar Mill
19	Police check post Charanwala
20	Police Rescue 15

2. These sets will be connected with Head-Murla, Rasul, Khanki, Qadirabad and AIG Telecommunication Lahore. All messages will be received and disseminated to the quarters concerned.

3. The District Police Officer, Mandi Bahauddin is requested to install wireless sets in the vehicles of District Coordination Officer, Additional District Collector and all ACs. in the district along with providing Walki Talkis to all the officers mentioned above in addition to all the Sector Incharges.

CHAPTER XI

LOCATION OF FLOOD PROTECTION BUNDS

The following Flood Protection Bunds does exist in this district:-

1. CHUKNANWALI FLOOD BUND

This bund is situated at downstream of Qadirabad barrage for protection of 15-RD and village abadies of Tehsil Phalia, district Mandi Bahauddin. Its total length is 12.39 miles and is quite safe to combat high floods in river Chenab.

2. HUMBER FLOOD BUND

This bund has been constructed to protect Phalia disty system & agriculture land of villages Thakar Kalan, Miana Thakar, Waryam, Bherowal, Humber, Basti Makhdoom & Dhunni Kalan etc. from flood water of river Chenab. Its total length is about 16.00 miles and is able to face high floods in the river Chenab.

3. FARRUKHPUR FLOOD BUND

This bund is situated at Right Bank of river Chenab to protect Qadirabad City. Its total length is 6.80 miles.

4. LEFT MARGINAL BUND

This bund is to be protected at all cost. If it breaches, the uncontrolled flood water will damage left side of Rasul Qadirabad link, LJC feeder and Rasul Power Channel and will shatter the irrigation network which irrigates major portion of districts Mandi Bahauddin, Sargodha and Jhang. All precautionary measures, therefore, have to be taken to protect this bund.

5. RIGHT CLOSURE BUND

The road connecting Mandi Bahauddin, Pind Dadan Khan passes over the closure bund. If this bund is damaged by floods, all traffic between these two cities will be suspended. Protection of this bund is thus very essential. A breaching site for relief purpose has been proposed between RD 2500-3000. Military Authorities are requested for restoring explosive material to activate breaching section as required.

CHAPTER XII

FLOOD MONITORING CENTER

1. To monitor the flood situation in the district and to coordinate with all the agencies involved in flood emergency / relief operations, a **flood monitoring center** has been established in this district under the supervision of the Additional Deputy Commissioner, Mandi Bahauddin who has been designated as Liaison Officer / Focal Person on behalf of the District Government, Mandi Bahauddin. Here the moment to moment change in the situation will be recorded and close watch on the discharge of rivers and streams will be kept. Information regarding discharge position of Rivers will be received from the following:-

(a) RIVER CHENAB

1. XEN IRRIGATION, HEAD MURALA
2. XEN IRRIGATION, KHANKI HEAD WORKS
3. XEN IRRIGATION, QADIRABAD HEAD WORKS

(b) RIVER JHELUM

- i. XEN LJC, RASUL, MANGLA AND KOHALA
- ii. XEN, UJC, JEHLUL/GUJRAT.

2. All type of information in this behalf shall be passed on to the Liaison Officer and all sort of information relating to flood emergency can be obtained from him regarding District Mandi Bahauddin.

3. The Liaison Officer will implement all the decisions taken by the Coordinating Section and also determine the employment of the disaster services at the District and Tehsil levels. He shall also ensure the implementation of the operational plan and monitor and control the progress or actions along with procurement of additional resources, if necessary. He shall prepare situation reports and final reports after termination of operation. He will also maintain the record of losses and damages of lives and properties during disaster through Assistant Commissioners. The Liaison Officer will be assisted by the Assistant Commissioner, Mandi Bahauddin.

VULNERABLE VILLAGES OF RIVER CHENAB

Low Flood (100,000 to 150,000 Cs.)

Estimated Population & Houses to be affected: None

No. of Villages / Mauza Jaat to be affected: None only Non Resident Dera Jaat located within the River belt

Danger Level & Action Plan/Operational Strategy: No Danger

Nearest Relief Center: None

Nearest Health Facility: BHU Kala Shadian & Qadirabad

Medium Flood: (150,000 to 200,000 Cs.)

Estimated Population & Houses to be affected: None

No. of Villages / Mauza Jaat to be affected: None only Non Resident Dera Jaat located within the River belt

Danger Level & Action Plan/Operational Strategy: No Danger

Nearest Relief Center: None

Nearest Health Facility: BHU Kala Shadian & Qadirabad

High Flood (200,000 to 400,000 C)

Estimated Population & Houses to be affected:

Approx. Population: 9666 & Approx. Houses: 1611

No. of Villages / Mauza Jaat to be affected: 5 villages: Kala Shadian, Bahri, Randiali, Rato and Jago kalan

Danger Level & Action Plan/Operational Strategy:

No danger to life, seasonal crops may affect.

Establishment of Boating Point & relief centers.

Evacuation may require.

Nearest Relief Center: BHS, Qadirabad

Nearest Health Facility: BHU Qadirabad, RHC Bhekho Mor

Very High Flood (400,000 to 600,000 Cs.)

Estimated Population & Houses to be affected:

Approx. Population: 12328

Approx. Houses : 2055

(Ref, PDMA Survey)

No. of Villages / Mauza Jaat to be affected:

24 villages: Murid, Baho, Manga, Farrkhpur Nao, Farrukhpur Kohna, Buraj Marran, Bhutta Kohna, Kokara, Buraj Rathorain, Buraj Ghaniyan, Akkan Garh, Channi Marrain, Buraj Hassan, Qila Jowahir Sing, Kaniyan Wala, Chack Chout, Buraj Umar, Ghar Lakkan, Thakker Kalan, Thakker Miana, Talo wala, Chajjan wala

Danger Level & Action Plan/Operational Strategy:

Danger to life & property

Start search and rescue operation (24/7)

Forcible evacuation

Nearest Relief Center:

BHS Qadirabad, BHS Jokalian, BHS Randiali

Nearest Health Facility:

RHC Bhekho Mor, RHC Jokalian, RHC Pahrianwali, THQ Phalia

Super Flood: Above 600,000 Cusecs (In 2014 above 900,000 Cs.)

Estimated Population & Houses to be affected:

Approx. Population. 102,656

Approx. Houses. 17,109

Note: In 2014 103,812 population was affected

No. of Villages / Mauza Jaat to be affected:

72 villages: Chani Syedan, Loha Tibba, Kotli Khurd, Rakh Kotli Kazi, Helan, Chak Lakhia, Thatha Hast, Thatha Ameer, Bhekho, Saida, Dandka, Thatha Hakam wala, Jago Khurd, Chook Kalan, Chak Abdullah, , Rakh Channi Mughlan, Qadirabad, Channi Mughlan, Baho, Manga, Kotha Bola, Chak Shehbaz, Cheto, Kory Karam Shah, Ahlan, Gadgor, Thathi Shah Muhammad, Dhuni Kalan, Dhunni Khurd, Bheekhwai, Ghughanwali, Sadeeqabad, Kokary, Chakori, Buraj Hassan, Kanianwala, Bhoa Hassan, Noshera, Bhutta Nao, Bherowal, Chak Choot, Basti Makhdoom, Telianwala, Thakar Miana, Warryam, Fatuwala, Khumb Kalan, Khumb Alam, Noorpur Katwi, Channi Marran, Akal Ghar, Bhutta Kona, Buraj Bakht, Thathi Mararan, Noorpur.

Danger Level & Action Plan/Operational Strategy:

Danger to life & property and infrastructure

Start S&R Operation (24/7)

Forcible evacuation

Nearest Relief Center:

BHS Qadirabad, BHS Jokalian, BHS Randiali, BHS Bherowal

Nearest Health Facility:

RHC Bhekho Mor, RHC Jokalian, RHC Pahrianwali, THQ Phalia

VULNERABLE VILLAGES OF RIVER JHELUM

Low Flood (75,000 to 110,000 Cs.)

Estimated Population & Houses to be affected: None

No. of Villages / Mauza Jaat to be affected: None

Danger Level & Action Plan/Operational Strategy: No Danger

Nearest Relief Center: None

Nearest Health Facility: None

Medium Flood: (110,000 to 150,000 Cs.)

Estimated Population & Houses to be affected: None

No. of Villages / Mauza Jaat to be affected: None

Danger Level & Action Plan/Operational Strategy: No Danger

Nearest Relief Center: None

Nearest Health Facility: None

High Flood (150,000 to 225,000 Cs.)

Estimated Population & Houses to be affected:

Approx. Population: 1500

Approx. Houses: 250

(Ref, PDMA Survey)

No. of Villages / Mauza Jaat to be affected:

2 villages of Tehsil Malikwal: Naseerpur and Chak Dadan & Non-resident Dera Jaat of Mong

Danger Level & Action Plan/Operational Strategy:

No danger to life, seasonal crops may affect.
Establishment of Boating Point & relief centers.
Evacuation may require.

Nearest Relief Center:

BHS Malakwal

Nearest Health Facility:

THQ Malakwal

Very High Flood (225,000 to 300,000 Cs.)

Estimated Population & Houses to be affected:

Approx. Population : 2000

Approx. Houses: 334

(Ref, PDMA Survey)

No. of Villages / Mauza Jaat to be affected:

03 Villages of Tehsil Mandi Baha-Ud-Din: Dato Chohr, Mohabat Pur, Kot Admana

03 Villages Tehsil Malakwal: Chak Dadan, Naseer Pur, Malakwal (Mohalla Kotli)

Danger Level & Action Plan/Operational Strategy:

Danger to life & property

Start S&R Operation (24/7)

Forcible evacuation

Nearest Relief Center:

BHS Malakwal, VTI Mong

Nearest Health Facility:

RHC, Mong

Super Flood: Above 300,000 Cusecs

Estimated Population & Houses to be affected:

Approx. Population M.B Din: 51082

Approx. Houses M.B Din: 8514

Approx. Population Malakwal : 25848

Approx. Houses Malakwal : 4308

(Ref, PDMA Survey)

No. of Villages / Mauza Jaat to be affected:

19 Villages of Tehsil M.B Din: Chak Fateh Shah, Ahla, Kotera, Kotli Afghanan, Arazi Bi Ludon, Mir Khawni, Kot Jolian, Mohabat Pur, Khewa, Kharal Mohabat Pur, Dato Chohr, Chak Dawaar Ka, Pindi Ahlani, Kot Admana, Mong, Nawan Lok, Kotli Khurd, Dhapai, Rasul.

11 Villages of Tehsil Malakwal: Badshahpur, Katowal, Muradwal, Noor Pur Piran, Bhagowal, Phapra, Kirtowal, Wara Chamian, Kalowal/Kothera, Hariah, Majhi (In 2014 14 villages)

Danger Level & Action Plan/Operational Strategy:

Danger to life & property and infrastructure

Start S&R Operation (24/7)

Forcible evacuation

Nearest Relief Center:

BHS Malakwal, BES Rasul, UC Ahla, BHS Haria

Nearest Health Facility: RHC Mong, THQ Hospital Malakwal, DHQ Hospital M.B Din

CHAPTER XIII

PRIMARY RESPONSIBILITIES & SUPPORT FUNCTIONS OF DEPARTMENTS

1. AGRICULTURE DEPARTMENT

- a. The District Officer (Agriculture), Mandi Bahauddin will be Incharge of this department with the assignments to help the Irrigation Department in the supply of earthmoving machinery for protection of embankment. He will ensure the availability of seeds, fertilizers, agriculture implements on credit basis to the farmers for sowing of crops. He will further ensure that the Live Stock & Dairy Development Wing provides veterinary care, take preventive steps against cattle diseases, supervise purchase of fodder and ensure grazing for evacuated cattle heads.

- b. After the flood water recedes, it will be necessary to make immediate arrangement for the provision of seed. The Assistant Commissioner of the concerned Tehsil will give necessary details regarding approximate quantity of seed required in their respective Tehsils. The District Officer (Agriculture) will make necessary arrangements to open special depots for provision of these seeds at suitable places in the District for sowing of ensuing wheat crop with the help of Food Department.

2. FOOD DEPARTMENT

STOCKS OF WHEAT FOR FOOD EMERGENCY

The District Food Controller will ensure that the stocks of wheat are available in the PR Centres and that no stock is dispatched out of the District. He will send proposals to the Deputy Commissioner for opening of new PR Centres in close vicinity of flood affected areas. In case of flood emergency the District Food Controller

will ensure that there is no scarcity of food grains. If there is any shortage of food he will make immediate arrangements for supply of the same. He will also arrange the seeds for sowing of wheat crop and will open depot for supply to the flood affectees with the assistance of District Officer (Agriculture).

3. **CIVIL DEFENCE:**

a. **EVACUATION**

The Civil Defence Officer will assist the Additional Deputy Commissioner (Rev), Mandi Bahauddin for the evacuation of flood affectees. He will arrange Qaumi Razakars and place their services at the disposal of Additional. Deputy Commissioner (Rev), Mandi Bahauddin the Deputy Commissioner, Mandi Bahauddin will depute these persons with the Assistant Commissioner concerned who will depute them with Sector Incharges, appointed for this purpose.

b. **PROVISION OF BOATS**

The Relief Commissioner, Government of the Punjab, Relief & Crisis Management, Lahore was approached for provision of country boats for this District. However, the same could not be made available by the Relief Wing, Relief & Crisis Management Department Lahore. In some villages situated along the bank of river Chenab and Jhelum "MALHAS" have their own boats. The same would be utilized for relief operations during flood emergency. Besides, reportedly in some villages situated along the banks of river Chenab private people also run their own boats which can be utilized during flood season to rescue the people. The Civil Defence Officer will prepare the list of such boat owners and provide the same to the Assistant Commissioner, and Sector Incharges concerned. Private boatmen engaged for duty during flood emergency will be paid out of flood relief funds. The Civil Defence Officer and SHO concerned would ensure deployment of

private boats at the places to be intimated to him by the Sector Incharges at the time of flood emergency.

d. **RESCUE- 1122**

The rescue service 1122 has been introduced in this district, having 135 well trained rescuers and 17 fully equipped Ambulances. This service will also be utilized as and when required. The ambulances and staff of 1122 will station at Mandi Bahauddin office-1122. One Rescue Vehicle and One General Duty Van also available with this service.

4 **ENGINEERING DEPARTMENT (MECHANICAL)**

The Assistant Agricultural Engineer will control this agency and provide machines and material for repair of bulldozers and tractors working for the repair or protection of embankment and also open workshops near the vulnerable points. At present five bulldozers are available with this department.

5. **INFORMATION DEPARTMENT:**

Under the District Information Officer the department shall ensure that Print and Electronic Media and the public receive correct information about "*flood situation*" messages. Alert messages will also be disseminated to public through FM Radio. He shall also plan and arrange the visits of the person from Print & Electronic Media to the flood effected area.

6. **FM RADIO 98 (MANDI BAHAUDDIN)**

Sr. No	Name of Focal Person	Contact Number
1	Maj. Muhammad Nasir Javed	0321-7759898 0546-509898 5046-509897

7. **IRRIGATION DEPARTMENT:**

This department shall supervise, direct and control embankments protection activities and shall also control various canals in the District. It will also be responsible for ensuring that correct flood situation is conveyed to the District Flood Control Centre in time so that timely action can be initiated as warranted by the situation.

8. **C.O MUNICIPAL COMMITTEES:**

All the C.O C will be responsible for:-

(a). **PROVISION OF CLEAN DRINKING WATER:**

Respective C.O Municipal Committee shall be responsible for providing clean drinking water in affected areas and at relief centers. They shall also keep adequate supply of spare parts for repair of wells and tube wells.

(b). **SANITATION:**

All the C.O Municipal Committee will also be responsible for maintenance of satisfactory sanitary condition in the relief camps.

(c). **AVAILABILITY OF DEWATERING SETS:**

C.O Municipal Committee are already having dewatering sets to pump out the rain / flood water, accumulated in low lying areas/ depressions. They have been directed to get them repaired before **the start of rainy / flood season i.e. before 15th June.**

9. **WAPDA (GEPCO):**

The Superintending Engineer, WAPDA (GEPCO), Gujrat shall make necessary light arrangements on the embankments for night patrolling and protection activities. He shall also ensure orderly and regular supply of power throughout the District during emergency. In case of power failure he will arrange electric generator sets as per requirement of the District Government.

10. VOLUNTARY AGENCIES

HILAL-E-AHMAR & INTERNATIONAL AID GIVING AGENCIES

In addition to the agencies mentioned above there are quite a few voluntary social welfare agencies A list of such agencies will be prepared by the District Officer (Social Welfare) and furnished to the District Flood Relief Officer, Mandi Bahauddin. Such agencies will provide equipment and supply relief material, assist in food distribution and collection of funds and articles for relief purpose and also assist in training of personnel for relief activities first aid and in running relief centers.

CHAPTER XIV

GENERAL ACTIVITIES

1. **RELIEF ARTICLES / STORES**

During flood emergency various organizations / individuals come forward with various items of relief for flood victims. For storage of such articles, a Depot will be set up at District level in the premises of District Complex, Mandi Bahauddin. The Assistant Commissioner, Mandi Bahauddin will be nominated as the Incharge of such Depot / stores. At Tehsil level, such stores will also be set up by the Assistant Commissioners concerned. On receipt of requirements from the Sector Incharges, the Assistant Commissioners / Incharge of the stores will arrange the dispatch of relief goods to the relief camps. Cooperation and assistance from various social organizations like SHATAQ, Anjuman Falah-e-Mareezan, and Hilal-e-Ahmer etc. will be welcomed.

2. **RELIEF**

- (a) The Additional Deputy Commissioner (Rev) will immediately report the amount of relief to be given for:-
 - Loss of life, Loss of cattle, Loss of property.
- (b) The following categories of flood affected persons will be entitled to receive the grant of subject relief to the limit as fixed by the Government:-
 - Widows & Orphans.
 - Dependents of those who lost their lives.
 - Landless tenants & Unskilled labour
 - Persons paying less than Rs.5/- as Land Revenue.
- (c) Proper account on the subject will be kept by the Tehsildar concerned.

3. **RELIEF GOODS**

Arrangements will be made for the distribution of relief articles among windows, orphans, landless tenant and unskilled labour.

4. REMISSION OF LAND REVENUE

The question of remission of land revenue will be taken up after the joint Girdawari of flood affected areas by the Revenue and Irrigation authorities. The Additional Deputy Commissioner will be responsible for this job.
