WARNING

1. As the harvesting season of Wheat has begun. Therefore, all DDMA's and concerned departments are advised to take necessary against stubble burning to reduce air pollution in your district as it can have severe environmental and health consequences.
2. As depicted through the temperature forecast map (map enclosed), all DDMA's and concerned departments are advised to take necessary actions regarding **HEAT WAVE**, such as issuing public alerts, providing guidelines for the public to avoid outdoor activities during peak heat hours, and deploying medical and emergency teams as necessary.
3. Due to the significant impact of forest fires on local temperatures, it is imperative that the relevant authorities maintain vigilance and swiftly mobilize the Rescue 1122 firefighting teams along with the forest department's fire combating squad. Prompt action is crucial to extinguish these fires promptly and mitigate their contribution to escalating temperatures.
