1. Introduction

District Sargodha, located in the Punjab province of Pakistan, is prone to seasonal flooding due to its proximity to rivers, canals, and monsoon rainfall patterns. To mitigate the risks associated with floods and ensure the safety of lives, property, and infrastructure, this Flood Contingency Plan (FCP) outlines preparedness, response, and recovery measures for 2025.

2. Objectives

- To minimize loss of life and property during flood events.
- To ensure timely and effective response to flood emergencies.
- To enhance community preparedness and resilience.
- To coordinate efforts among government departments, NGOs, and local communities.
- To facilitate post-flood recovery and rehabilitation.

METHODS (PRE FLOOD ARRANGEMENTS).

ROLE OF OTHER DEPARTMENTS.

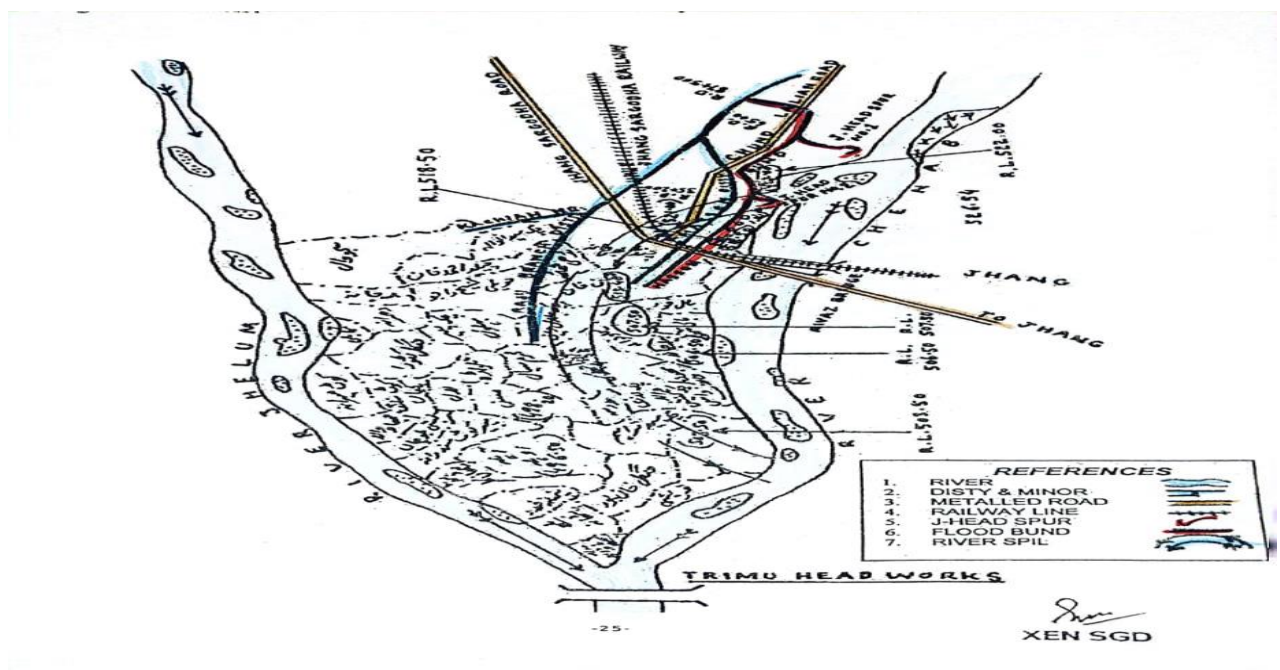

The officers of other departments will extend all possible help to meet the challenge of flood and to mitigate the sufferings of the flood effectees. A guideline regarding functions to be performed by the concerned departments is as follows:-

IRRIGATION DEPARTMENT.

Plan showing route of Flood Water coming out of the breach supported with levels.

Plan for site No. 01 (Between RD 31-35 Masson Flood Bund)

A plan showing the route of expected flood water coming out of mishap site between RD 31-35 Masson Flood Bund near Shahjewana Town in Tehsil & District Jhang is given as under:-

Detail of villages abadies likely to be affected and this should also be shown on the plan.

The detail of 41 No. villages of Tehsil & District Jhang which are likely to be inundated has given as under;-

1)Kot Khan 2)Havali Dewan, 3)Chak Balo 4)Chan wala 5)Zinda Shah 6)Rajana 7)Chak Sayyadan wala 8)Jangle Katora 9)Sajhowal 10)Chund 11) Dharama 12)Hassn Khan 13)Budhi Thatti 14)Hawd 15)Sheikh Raju 16)Kabli 17)Kot Bura 18)Chela Ahmad Khan 19)Dheraha 20)Sohra 21)Chak Pir Bahlol 22)Chak Jalal Din 23)Chak Sialanwali 24)Bali Nathu 25)Bal Kura 26)Bhela Chand 27)Bhon Wala 28)Chak Ganesh Das 29)Chak Darzi Wala 30)Medarisa 31)Masson 32)Mahram Sial 33)Sajjar Kelason 34)Kot Cang Khichian 35)Joho Wala 36)Lal 37)Kot Sirana 38)Basti Blochian 39)Pir Kot Sidraha 40)Bela Butta Wala 41)Madarisa

Strategy and action taken be explained in detail. This may include.

Arrangements

The spilled out water will inundate the area on right side of Masson Flood Bund. The flood water will spread up in the adjoining area in a height of 3 ft to 4 ft range only. The RLs of the area are ranging from 518 to 503. This spilled out water however may cause damage to the Railway line, Sargodha-Jhang Pacca Road near Chund Railway Station, Government Schools, standing crops, private property like Kacha Houses / Deras and canal i.e. tail portion of Raju Branch Disty.

The spilled out water from breach site after crossing Railway Line and pacca road leading from Sargodha to Jhang will fall in the River Chenab again much D/S of Masson Flood Bund / Masson Disty near villages Bhonwala, Chak Darziwala, Chak Ghanish and Dheer Mona where RL are ranging from RL 506 to RL 503 and fall in the River Chenab.

The Incharge **Sub Sector Sub Divisional Officer, Shahjewana Canal Sub Division** and **Deputy Collector Sargodha Canal Division Sargodha** taking the cognizance of situation will make liaison with the civil administration and Police Department and also arrange the following;-

Proclamation on loudspeakers etc for evacuation of abadies inside the route of flood water

Prepare maps for the area inundated and carry out immediate survey for damages to crops and other properties.

Flood Camps have been proposed to be established between RD 53-54 Masson Flood

Bund at a high level near Jhang-Sargodha Pacca Road crossing to monitor the emergent flood situation. If any obstruction found coming in the way of flood water, it would be removed by deploying establishment and machines such like Tractors, Excavator Machines and Bulldozers as per situation prevailing at site. Efforts would be made that flood water may not stand in crops as well as abadies and to minimize the losses / damages and ultimately this flood water will fall again in the River Chenab in the shortest possible time.

1. Keep a close liaison with Civil Administration, Public Representatives, Army authorities and the Executive Engineer Sargodha Canal Division Sargodha. List of Phone numbers of above authorities have been mentioned in this flood fighting plan.

DRAINAGE DEPARTMENT.

SE Drainage, Sargodha will ensure that constant watch is being kept on all seem drains falling in Sargodha District. Breaches of all seem drains should immediately be closed. Executive Engineer Drainage Sargodha should ensure that all seem drains are safe, particularly in the light of previous experience, the weak points and breaches of FS drain and Mona drains should be identified in co-ordination with respective Assistant Commissioners. The same should be repaired/strengthened and excavated before 30.06.2024. The completion report should be furnished by 30.6.2024

HEALTH DEPARTMENT.

- (i) The District Health Officer, Sargodha will ensure that people of areas likely to be affected by the flood are vaccinated for epidemic diseases much before the start of flood season.
- (ii) He will ensure that adequate numbers of doctors along with Para Medical staff are posted at each flood relief camp. The medical relief camps will be established inside the flood affected area/villages.
- (iii) He will also ensure the availability of adequate medicines of all types including anti-snake serum at the flood relief camps.
- (iv) He will constitute mobile clinic/teams to visit flood affected areas for inoculation and treatment of flood effectives on emergent basis. The duty of each staff will be assigned by name with area of responsibility. The exercise is to be completed by 18.5.2024. in co-ordination with concerned Assistant Commissioner. The completion report should be

submitted to Deputy Commissioner, Sargodha by 31.5.2024.

(iv) The Medical Superintendents of DHQ and THQs will ensure availability of duty Medical Officers at all times in their respective hospitals, Basic Health Units and Rural Health Centres. All types of medicines have to be arranged to provide relief in case of emergency. Proper record of inoculation /vaccination should be maintained.

FLOOD RELIEF PLAN RESCUE 1122 DISTRICT SARGODHA

In order to effectively handle any flood related situation, the flood fighting activities have been divided into three operational domains i.e. Rescue, Relief and Rehabilitation activities. During the emergency, each Sector team shall remain present in its respective flood sector and coordinate Rescue (precautionary measures, dissemination of flood alerts, evacuation call and forcible evacuation if required), Relief (provision of essential articles such as food, medicine, shelter to the displaced) and Rehabilitation (appraisal of damages, restoration of services like electricity, telephone, communication infrastructure etc., resettlement of displaced in temporary/permanent dwellings). Likewise, each team at Flood Relief Camp shall be responsible for arrangements of food, bedding, other basic amenities required at the Relief Camp.

For operational effectiveness, District Sargodha has been divided into 04 sectors and necessary staff has been detailed at disposal of the Incharge of the Sector (Sector Officer), who shall arrange for the requisite manpower and other resources from concerned departments, as per detail given below:

A high flood warning may also vary in its intensity. A dangerously high flood will be communicated as “Red High Flood” and the entire administrative machinery shall go into full action on such a signal.

On receipt of flood warning, it will be the responsibility of all the revenue and police officials, the Sector/Sub-sector Officers and other officers and staff of other departments to disseminate information about flood in all villages in their jurisdiction by the quickest possible means of communication. Horse and motorcycle riders and special messengers should be used wherever the means of communication permit. To sum up, the officer in-charge of flood operations within the area of his jurisdiction shall be responsible to carry out the following duties:

- a: to give wide publicity of the impending flood to every village in his area and to satisfy himself that the inhabitants of every village are warned by beat of

drum against the imminent danger. Every officer should acquaint himself about the various problems and means of communication in his sector beforehand so that he is well informed at the time of emergency;

- b: to evacuate the inhabitants from the dangerous zones by boats, rafts or any other available source;
- c: to afford relief and alleviate distress of the people of flooded villages by providing food, clothing, temporary shelter and fodder for animals;
- d: to keep the Deputy Commissioner informed by telegram, telephone, wireless or any other quickest possible means of any important change in the flood situation;
- e: to watch the progress of the flood, the damages it has caused and to keep a daily diary.
- f. An initial assessment should be made to identify the number and demographics of the affected population in order to estimate the quantity and type of food required. Initially the victims cannot cook food for themselves therefore the normal routine is that cooked food is provided for the first few days. This cooked food normally includes rice with other additions from time to time, But generally rice being easy to cook and distribute is the first choice of cooked food. The management of Relief Camp will set up distribution points within the relief camps and then ensuring that all affected people get proper food.
- g. Camp managements should register the number of affected people in each camp. Secondly they should set up food distributions points and also ensure provision of clean drinking water as per some time period. Local diets may vary from place to place and that should always be kept in mind. Wastage, pilferage, should be avoided through effective camp management.

Every officer will receive a copy of the flood scheme and will move immediately to the place of his duty as soon as he receives the high flood telegrams as mentioned above.

E: District Emergency Operation Center (DEOC) as a Flood Control Room DC Office Sargodha.

The District Emergency Operation Center (DEOC) will work as a flood control room under the Additional Deputy Commissioner (Revenue), Sargodha with the telephone number **048-9230043** which will function round-the-clock during emergency. The Additional Deputy Commissioner (Revenue) will work as Emergency Officer. A roster for 24 hours duty will be maintained in the said office under the supervision of the Emergency Officer who will be responsible for its efficient working. The Emergency Office will work in 2 or 3 shifts and will consist of a staff to handle all possible office and field duties. At least five bicycles will be made available for the use of Naib Qasids at the Flood Control Office with at least two motor-cycles. The District Nazir and Flood Relief Clerk (FRC) shall also be put on duty and will be responsible for the proper maintenance of all accounts/expenditure in respect of the flood.

At the Tehsil level, Tehsil Control Room shall be set up which will work round the clock during emergency under the control of respective Assistant Commissioners. The telephone numbers of the Tehsil Control Rooms at Sargodha, Sillanwali, Bhalwal, Bhera, Shahpur, Sahiwal and Kot Momin will be **048-9230261, 0486-532017, 048-9233024, 0486-690806 (ARC) 0486-310410, 0486-786578 and 0486-682510** respectively.

F: FLOOD RELIEF SECTORS.

The District has been divided into various sectors for the purpose of dissemination of flood warnings and relief operations (Appendix II).

Necessary changes will be made in the list of sectors according to the requirements of flood and the Sector Officers will be immediately alerted. They will be assisted by the S.H.O. concerned and all officers of various government departments posted in the sector concerned. Assistant Commissioners will ensure that there is complete co-operation and co-ordination among various departments with a view to ensure effective results.

The Sector Officers would be given a list of all the villages and abadies in their concerned sector with approximate population thereof. A list of vulnerable villages should also be maintained by them so that evacuation may be arranged, if necessary. For this purpose, suitable safe places of evacuation should be selected beforehand and the villagers should also be informed accordingly.

The Sector Officer will be in-charge of all activities and relief work in his sector. Some of his duties have already been mentioned in the preceding paragraphs and the rest can be summarized as under:

1. Dissemination of information about flood.
2. Evacuation and setting up relief camps.
3. Establishment of complaint cell.
4. Scattered camps should be catered for and encouraged to join the main camp.
5. Sector control is an essential part of the camp management and steps should be taken to remove rats, snakes and mosquitoes etc.
6. Un-accompanied and missing children shall be placed separately with proper care and fulfillment of their physical and psycho-social needs. Needs of women as per local and cultural environment shall be considered for establishing separate relief camps for ladies with provision of proper security and light arrangements.
7. As soon as the flood water starts receding, the Sector Officer will be responsible to collect information regarding loss of life, area affected in each village, cropped area affected in each village, houses damaged or destroyed and livestock killed or missing. The decision of extending gratuitous relief will be determined by the severity and the extent of the calamity and the funds available;
8. He will be responsible for other relief measures in his sector and will also supervise the repair of damaged distributaries and channels on voluntary basis in consultation with the representatives of the canal authorities;
9. He will supervise the work of his associates of other departments and will ensure supply of medical aid to flood effectives and also ensured that veterinarian assistance is readily available. He would particularly ensured that sufficient amount of quinine is distributed to prevent an outbreak of malaria;
10. He will draw out a list of effectives who stand in need of taccavi loans or other loans during the course of the survey of damage caused to the crops, houses, livestock and tube wells/wells in the flood affected areas immediately after flood water recedes. Such list should be sent to the Tehsildar concerned for further action;
11. He will prepare a list of people rendered destitute by the flood for distribution of any free aid required in the form of blankets, free fodder or assistance for reconstruction or repair of houses. These lists should be prepared within a week after the flood

water recedes and sent to the Emergency Office. A copy should also be sent to Tehsil Office;

12. He will maintain a daily diary indicating the work done and villages visited by him on each day. The tour program should be arranged by him keeping in view the possibility of visit of all the affected villages of his sector as frequently as possible. A copy of the diary will be sent to the Saddar Office weekly;
13. Each Sector Office shall maintain a register in which all orders and instructions from the District Headquarter will be pasted as and when received and all reports, messages will be copied.

Visiting Officers shall record their inspection notes in this register which will be placed before them on their visits.

NOTE: The direction for the maintenance of a daily diary will equally apply to the officials of other departments working in each sector. They are also required to send a copy of such diary weekly to their District Headquarter and a copy thereof to the Emergency Officer.

H: REQUISITION OF BOATS.

An order will be served upon on all ferry contractors on the 1st June to the effect that boats will be required for evacuation purpose, if and when necessary. The Superintendent/Head Clerk shall have the form of requisition order approved and placed on file. This will be issued at once on receipt of a high flood warning from A.I.G. Telecommunications, Lahore. The experience of 1992 & 1997 has shown that such boats were not be readily available or may had either been removed by the public for their own use or had been washed away. Therefore, the only source of supply of boats in a flood situation might only be the government or the military authorities.

I: PROVISION OF BOATS AND VOLUNTEER ROWERS.

The boats allocated by the government will be distributed at strategic points throughout the worst flood affected areas like **Miani, Bhera, Chak Mubarik, Aqil Shah, Kandan, Wajidi, Sahiwal etc.** The Assistant Commissioners will issue necessary instructions to the Tehsildars and other officers concerned for the maintenance of boats and their use at the time of flood emergencies.

The officers concerned will ensure that boats are used for relief work in flood emergencies. It should be ensured by the Additional Deputy Commissioner (Revenue) and Assistant Commissioners that boats are in good condition and carry all necessary equipment. They should be carefully checked well in advance of the flood season by the Assistant Commissioners/Tehsildars so that necessary repair work can be done beforehand.

A list of trained boatmen to row the boats will be maintained by the respective Tehsildars. Boatmen engaged for the rowing of boats at the time of flood will be paid their wages out of the Flood Relief Fund.

J: REQUISITION OF VEHICLES FOR TRANSPORTATION.

The number of trucks/pick-ups/jeeps required shall be requisitioned through the Secretary, DRTA/DPO for flood duty as and when high flood warning is received from the A.I.G. Telecommunication, Lahore. These vehicles shall be placed under the charge of Additional Deputy Commissioner (Revenue) or any other officer nominated by the Deputy Commissioner. Jeeps will also be requisitioned from all government departments except those which are required by government agencies for flood relief or infrastructure restoration duties.

K: MEDICAL AID AND PREVENTIVE MEASURES AGAINST CATTLE DISEASES.

The Chief Executive Officer (Health) will arrange to send medical aid at the appropriate Relief Centers. Temporary hospitals if necessary will be established at suitable places. It is necessary that all the dispensaries in flood affected areas should have adequate stocks of anti-malaria drugs and antibiotics. The Additional Director Livestock should ensure that adequate stocks are available well before the flood emergency, if stocks are not available at these dispensaries.

The Additional Director Livestock should inform the Deputy Commissioner about the quantity required well in time so that the Deputy Director (Agricultural) can be approached for the purpose.

The Deputy Director (Agriculture) and Additional Director Livestock and Dairy Development should ensure that adequate stocks of vaccine and serum for cattle diseases in the wake of flood are available in hospitals situated in the areas likely to be affected by floods. A report should be sent to the Deputy Commissioner that adequate stocks are available. If stocks are not available, he should intimate the requirements to the Deputy Commissioner so that matter may be pursued at personal level with the Deputy Director (Agricultural)

L: STOCKS OF WHEAT FOR FLOOD EMERGENCY.

The District Food Controller Sargodha should ensure that stocks of wheat are available in all the P.R. Centers. He may, if necessary, send proposal to the Deputy Commissioner for opening new P.R. Centers in close vicinity of flood affected areas. The proposed places must be high and immune from flood. In the event of flood, the District Food Controller will ensure that there is no scarcity of food-grains in the affected areas. If there is shortage, he

will made immediate arrangements. He will also ensure that adequate wheat is supplied to the flour mills for production of atta for distribution amongst the flood effectives.

M: STOCK OF WHEAT SEED.

The Deputy Director (Agri) Sargodha will ensure that sufficient stock of pure wheat seed is available so that there may be no difficulty for the transportation of stocks if roads are damaged and rails are cut off due to heavy floods.

After the flood water recedes it will be necessary to make immediate arrangements for the provision of seed. Tehsildars concerned will give approximate figures of the seed required in their respective tehsil. The Agriculture Department and Pakistan Agriculture Storage and Supply Corporation will make arrangements to open special depots for providing wheat seed at suitable places so that the sowing of rabbi crop may not be delayed.

The Agriculture Development Bank of Pakistan will arrange extensive credit facilities for flood effected persons in consultation with the Assistant Commissioners /Tehsildars.

N: FODDER FOR CATTLE.

The Additional Director Livestock & Dairy Development Department Sargodha and District Director (Agriculture), Sargodha shall ensure stocks of husk available through normal channels at normal rates in the event of acute scarcity of fodder. However, immediate arrangements should be made for the import of husk from other places for flood-stricken areas.

O: CENTRAL STORE FOR DIETS.

In the event of flood calamity, concerned organizations and individuals should send articles and clothes for distribution among flood-stricken people. A central store will be opened in the office of Additional Deputy Commissioner (Revenue) under the charge of Assistant Commissioner, Sargodha. Furthermore distribution of relief articles will be made according to orders of the Deputy Commissioner. Relief articles will be sent to the deserving flood effectives.

P: DISTRIBUTION OF TACCAVI LOANS.

As soon as the flood water recedes, relief work in the form of distribution of amenities, taccavi loans and gratuitous relief etc. will be started. The distribution will be arranged by the Sector Officer. Each Sector Officer will prepare a detailed account of the work done by him and make suggestions regarding the arrangements which should be made to fight the floods next time.

The distribution of flood relief amenities will be supervised by gazette officers who will be appointed by the Deputy Commissioner. In consultation with the Tehsildar concerned. The Assistant Commissioner will immediately prepare the approximate requirements of taccavi for seed, construction and repair of houses, purchase of fodder. A case for the grant of taccavi loans should promptly be prepared for submission to the Deputy Commissioner so that there may not be any delay in providing relief to flood victims.

Q: REMISSION OF LAND REVENUE.

The matter of remission of land revenue will be taken up after the survey of the flood affected areas by the revenue and irrigation authorities. The officers concerned should, therefore, be very quick in action with regard to assessment of kharaba and remission of land revenue.

R: REPAIRS OF BREACHES IN CHANNELS.

Immediately after the flood water recedes, the Deputy Commissioner will hold a joint meeting of the revenue, police and irrigation officers in order to chalk out a program for repairing the breaches which could not be got repaired on the spot, through voluntary labor which should be procured by the local police and the revenue staff. Deputy Commissioner should make frequent tours of the areas where repair work may be in progress with a view to satisfy themselves that every possible effort is being made to get the breaches filled to avoid any delay in the sowing of rabi crops

REHEARSAL PLAN FOR FLOOD FIGHTING ARRANGEMENTS
